IES, the Institute for the International Education of Students, is a not for-profit educational institute dedicated to developing outstanding study abroad programs for college students. With programs in 16 countries, IES has educated nearly 50,000 students since its founding in 1950. At IES, we blend the best elements of foreign higher education with American university requirements, while encouraging students to explore the unique elements of each country's culture.

IES works with a consortium of more than 155 of the leading colleges and universities in the U.S.—most of our students attend one of these outstanding institutions. However, even if your college or university is not a member, you may still apply for an IES program and scholarships as long as you meet the appropriate criteria. To find out if your school is a Member or Associate Member of the IES Consortium, please see any IES country catalog for a list or visit www.IESabroad.org.
