PNC Foundation

PNC and the PNC Foundation have long histories of strengthening and enriching the lives of our neighbors in communities in which we live and work. For decades, we have provided resources to seed ideas, foster development initiatives and encourage leadership in nonprofit organizations where imagination and determination are at work enhancing people's lives everyday

To build on this commitment, PNC developed PNC Grow Up Great, a 10-year, \$100 million investment to help improve the school readiness of millions of children from birth to age five. As part of this initiative, the PNC Foundation has earmarked funds for grants to nonprofit organizations which work to directly improve children's school readiness by providing support in one of the following key areas: social and emotional development, teacher training and arts and culture. By focusing our support in these critical areas, we hope to achieve greater results in school readiness, which will yield stronger, smarter and healthier children, families and communities

Our Mission

The PNC Foundation's priority is to form partnerships with community-based nonprofit organizations within the markets PNC serves in order to enhance educational opportunities for children, particularly underserved pre-K children through our signature, PNC Grow Up Great program, and to promote the growth of targeted communities through economic development initiatives
