- l. Strategic or long-range plan for the organization

PNC Foundation Matching Gift Program Guidelines

All current, full-time, active-status employees of The PNC Financial Services Group or its subsidiaries are eligible to participate in the matching gift program. Please note that you must have this status at the time you make your contribution and when we make the match. Employees of BlackRock and Hilliard Lyons do not participate in the matching gift program.

The Trustees of the PNC Foundation may determine at any time that an organization is not eligible for matching. To qualify for a matching gift, a recipient institution must be recognized by the Internal Revenue Service as eligible to receive charitable contributions. The recipient organization must be a tax-exempt 501(c)(3) nonprofit organization that meets public charity status requirements and serves individuals in the United States only.

Types of Contributions that We Match

Contributions must be made in cash or marketable securities that are publicly traded on an organized exchange. If the gift is in the form of securities, the last sale or bid price on the date of the gift will be used for purposes of determining the matching amount.

Each gift must be a minimum of \$50. The PNC Foundation will match eligible aggregated gifts up to a maximum of \$2,500 per year per participating donor. The contribution must be a personal, tax-deductible gift, made by the PNC employee directly to the recipient institution or its qualified receiving organization during the calendar year for which the match is requested.

The PNC Foundation will match eligible contributions to the following organizations:

Educational Institutions—participation is open to all accredited educational institutions located in the United States or one of its possessions, as specified.

- colleges and universities
- graduate schools
- junior colleges
- technical schools
- professional schools
- secondary schools approved by the state to award a high school diploma
- elementary schools

To be eligible for a match, employee contributions must be made directly to a specified educational institution. Matches will not be made to consortiums such as the Endowment for Excellence.

Human Services Organizations—participation is open to nonprofit organizations that provide essential human services or that promote the well-being of children and youth in the United States.

Federated campaigns such as the United Way and United Jewish Appeal are NOT eligible for matching gifts. Contributions must be made directly to a nonprofit provider of human services.

Examples of Eligible Matching Donations:

- Only the tax-deductible amount of your gift will be matched. For example, if you receive a dinner or tickets, or pay for alumni dues or a membership as part of your donation, that portion of your gift will not be matched.
- Contributions that you have personally made will be matched. Documentation that clearly lists your name on the acknowledgement is required
- Contributions must be made directly to an organization that performs the charitable services

Examples of Ineligible Matching Donations:

- Donations made to federated campaigns such as United Way will not be matched
- Contributions that you collect from other individuals for a benefit walk, or donations that your children have made cannot be matched
- Our matching gift cannot be used to fulfill your personal pledge
- Donations to libraries, fire departments, rescue squads, ambulance squads or animal shelters will not be matched
- Gifts of artwork, real estate, insurance policies or other property generally referred to as "gifts-in-kind" will not be matched.

PNC Foundation Funding

Organizations applying for support from the PNC Foundation must have a current Internal Revenue Service tax-exempt designation and be eligible to receive charitable contributions. In addition, the proposed activity must occur in a community where PNC has a meaningful presence.

Funding Priorities

As a corporate foundation, we are dedicated to forming meaningful partnerships with nonprofit organizations within the markets that PNC serves. The PNC Foundation supports a variety of nonprofit organizations with a special emphasis on those that work collaboratively to leverage additional funding to achieve sustainability

The PNC Foundation supports many nonprofit organizations with a special emphasis on those that support early childhood education and/or community development.

- **Education**

The PNC Foundation strives to enhance educational and developmental opportunities for children and youth, particularly those that help to prepare underserved Pre-K children for school and life. As part of this commitment, PNC favors providing programmatic support for nonprofit organizations that address children's school readiness through one or more of the following critical areas:

- **Social and Emotional Development**

Experts agree that children who do not begin kindergarten socially and emotionally ready are often unsuccessful in their early years of school and can be plagued by later behavioral and academic difficulties that may follow them into adulthood. To address this challenge, PNC favors providing resources for programmatic support, parenting tools and development resources that effectively promote confidence, relationship building and other social and emotional learning for children.

- **Teacher Training**

Research has shown that educated teachers heavily contribute to providing high quality learning experiences for young students through appropriate approaches to instruction. Knowing this, PNC is dedicated to providing educational and professional development opportunities for Pre-K teachers, technical assistance, training and consultation, as well as curriculum and tools to enhance Pre-K classrooms and center directors.

- **Arts and Culture**

Top doctors have told us that all of the experiences a child has – observing, listening, body movement – create connections in the brain and support the child's cognitive development. Understanding this, PNC is committed to providing cultural enrichment programs for underserved children so that they may have experiential opportunities which promote tolerance and cultural diversity and stimulate the child's brain to actively engage in learning.

- **Economic Development**

The PNC Foundation focuses on providing grants to organizations that are dedicated to economic development, including those which enhance the quality of life for the region through community revitalization, cultural enrichment and broad-based human services.

#21-10-001-0295807

Particular emphasis is given to supporting community development initiatives that strategically promote the growth of targeted low or moderate income communities and/or provide services to the residents of these communities.

- **Affordable Housing**

PNC understands the critical need for affordable housing for low- or moderate-income individuals. Knowing this, PNC is committed to providing support to nonprofit organizations that give counseling and services to help these individuals maintain their housing stock, offer transitional housing units and programs; and/or offer credit counseling assistance to individuals, helping them to prepare for homeownership.

- **Economic Development**

Small businesses are often critical components of community growth. To help foster business development, the PNC Foundation provides support to nonprofit organizations that offer technical assistance to, or loan programs for, small businesses located in low- or moderate-income areas.

- **Community Services**

Organizations that offer programs and social services that benefit the health, education and quality of life for low- or moderate-income individuals and families are vital to society. PNC is dedicated to providing support for job training programs for these individuals as well as to nonprofit organizations that provide essential services for their families. In addition, PNC provides support for early learning and educational enrichment programs for children in low- or moderate-income families as well as for the construction of community facilities that benefit low- or moderate-income communities.

- **Revitalization and Stabilization of Low- or Moderate-Income Areas**

PNC recognizes the need to support activities, not elsewhere classified, that work to revitalize or stabilize low- or moderate-income geographies. Therefore, PNC offers assistance to nonprofit organizations that add to the quality of life in low- or moderate-income neighborhoods by serving to improve living and working conditions for the area, such as eliminating blight. In addition, PNC will support nonprofit organizations that help stabilize communities by creating or retaining jobs for low- or moderate-income individuals, provide commercial space for small businesses and/or provide needed services (such as grocery stores) in low- or moderate-income communities

Funding Restrictions

The PNC Foundation will generally not provide support for:

- organizations that discriminate by race, color, creed, gender or national origin
- religious organizations, except for non-sectarian activities
- advocacy groups
- operating funding for agencies that receive funds through PNC United Way allocation
- individuals or private foundations
- annual funds of hospitals or colleges and universities
- conferences and seminars
- tickets and goodwill ads
