not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (Code) and are exempt from federal income taxes pursuant to Section 501(a) of the Code. The System also has certain subsidiaries that are taxable for federal income tax purposes (see note 19).

Effective January 1, 2007 the System adopted FASB Financial Interpretation No. 48 (FIN 48), Accounting for Uncertainty of Income Taxes, which clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements. FIN 48 prescribes a more-likely-than-not recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken. Under FIN 48, tax positions will be evaluated for recognition, derecognition, and measurement using consistent criteria and will provide more information about the uncertainty in income tax assets and liabilities. Based on an analysis prepared by the System, it was determined that the application of FIN 48 had no material effect on the recorded tax assets and liabilities of the System.

Form 990, Part I, Line 1, Description of Organization Mission:

The System serves a unique role in its community by providing diverse populations throughout the Northeast Ohio region with comprehensive health care - from primary care to highly specialized medical care for the most serious of health problems. University Hospitals is known for providing superior, leading-edge health care across the full range of medical and surgical specialties for both adults and children. In addition to delivering quality patient care, the System serves as a key teaching facility for physicians, nurses and ancillary medical personnel. The System's extensive laboratory and clinical research programs are producing significant advances in the understanding of disease and improvement of care.

Form 990, Part III, Line 1, Description of Organization Mission:

unique is its ability to bring expertise and resources together and respond to the individual needs of every patient, regardless of their ability to pay. That focus on the patient, combined with a remarkable level of achievement in the laboratory and medical education continues to propel University Hospitals to even greater successes.

examined information from other state, county and city resources.

In 2008, University Hospitals dedicated \$210 million to community benefit programs in Northeast Ohio consisting of:

-Education and training = \$44 million

-Research = \$58 million

-Charity care = \$39 million

-Medicaid shortfall = \$62 million

-Community health improvement services = \$8 million

-Other community programs and support = \$9 million

-Hospital Care Assurance Program (HCAP) receipts = (\$10 million)

To measure and report community benefit, the System has followed the Catholic Health Association (CHA) guidelines. Community benefit for 2008 totaled \$210 million up from \$168 million in 2007.

It is important to note that in addition to charity care and insufficient funding from the Medicaid program, the System incurs significant losses related to self-pay patients who fail to make payment for services rendered or insured patients who fail to remit co-payments and deductibles as required under applicable health insurance arrangements. The 2008 provision for bad debt of \$33 million represents revenues for services provided that are deemed uncollectible.
