Response to Part VI question 10: The President of the governing board was empowered to have the form 990 prepared and filed. The governing board approved this process. Returns for years 2007 through 2009 were recently filed.

Returns for years 2010 and 2011 are in the process of being prepared. Once those returns are filed the governing board will review the returns prior to their filing at their regularly scheduled meeting.

Response to Part VI question 19: The governing documents and financial statements are available upon request to members of the public. The organization does not have a written conflicts of interest policy but will develop one.

Now that returns are on file, anything to which the public is entitled would be provided upon request.

In the future, the organization will keep copies of all publically-accessable documents on file at the public library which the organization supports and staff will be instructed to make the documents available to any member of the public who wishes to see them.
