Identifier	Return Reference	Explanation
Form 990, Part VI, Section B, line 15		Northwest Healthcare has a consistent compensation philosophy for all its employees, including the senior executives. Salary and benefits for the President/Chief Executive Officer are determined by the Northwest Healthcare Board of Directors Executive Compensation Committee and reported to the Northwest Healthcare Board. The executive compensation committee of the board reviews the base and total compensation data from an array of compensation surveys of hospitals that are similar in size and complexity to Northwest Healthcare. These reports are considered by the Committee, and a determination is made as to the status of the base salary, benefits, and total compensation for the President/CEO. The Board and Executive Compensation Committee embrace the philosophy of maintaining a compensation level which will favor retention of key leadership in order to maintain stability in key initiatives. Additionally, the President/CEO utilizes market information provided to determine recommendations for other senior executives and engages in a rigorous analysis through use of independent survey results. The Board Committee also includes a review of performance targets which allow executives to earn additional compensation. These measures include organizational and individual goals, efforts to further the mission and vision of Northwest Healthcare, quality indicators, customer/patient satisfaction, and financial performance objectives. The Board Committee reviews benefit levels and total compensation to ensure appropriateness in the not-for-profit health care sector. The Board Executive Compensation Committee makes its report to the Northwest Healthcare Board of Directors.
