**Schedule C, Part II-B, Line 1 - We published a media analysis about nursing residencies. One small part of this analysis was that nursing residencies receive only \$1 for every \$300 that physician residencies receive. So at the bottom of our analysis, we encouraged our readers to contact their representatives to increase funding for nursing residencies. Here is the relevant web page [http://www.truthaboutnursing.org/news/2009/feb/15\\_ap.html](http://www.truthaboutnursing.org/news/2009/feb/15_ap.html). This analysis was created by volunteers and there was no extra expense for our Internet services because of it. We are assigning it a value of \$50—a proportion of our Internet space—even though we spend no direct resources in preparing this analysis. We believe this value is larger than the actual resources spent preparing and hosting this analysis.**

**Description**

alerts to our supporters, in order to educate nurses, the media and the public about current media treatments, and ultimately to increase public understanding of nursing. We posted over dozens of new analyses of media, FAQs and other webpages this fiscal year. 2) Letter-Writing Campaigns: When we see media treatment that is especially good or bad for the nursing profession, we mobilize our members and the public to write letters to those responsible, in order to educate and encourage better media treatment and ultimately improve public health. We spearheaded many letter-writing campaigns this FY to convince those who create media to portray nursing more accurately. Hundreds of letters combined were sent in these campaigns. The effect of these letters on those who receive them is not negligible, regardless of the fact that we were not always able to see a positive visible effect in the short-term. 3) Outreach: Outreach to nurses and nursing students through email, telephone calls and speaking engagements, to educate them why it is important to promote a better public image of nursing, to encourage participation in letter-writing campaigns and to encourage them to educate others about our mission. Outreach to the media through letters, telephone calls and speaking engagements, to encourage the creation of media that depicts the nursing profession more fairly and accurately. Distributed our analyses and letters to the media makers of the news and media items that we critiqued on our web pages. Many telephone calls were made to various media creators expressing concern, or encouragement and thanks, depending on the type of depiction. 4) Building a database of nursing experts so as to facilitate connections between the media and the nursing community, thereby increasing visibility and establishing the expertise of the nursing profession. 5) The work of the Truth About Nursing is accomplished primarily with volunteer labor, specifically founder and executive director Sandy Summers donates full-time hours, roughly 2,000 per year, and this fiscal year, senior advisor Harry Jacobs Summers donated 382 hours. Office space and utilities are donated by the executive director and senior advisor.
