Part II, Line 5	Explanation of Easements Enforcement Policies	the school meets annually with the trustees of reservations who administer the easements and tour the site
Part V, Line 4	Description of Intended Use of Endowment Funds	The School has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets endowment assets include those assets of donor-restricted funds that the school must hold in perpetuity or for donor-specified purposes as well as board designated funds the school expects its endowment funds, over time, to provide an average rate of return of approximately 8% annually Actual returns in any given year may vary from this amount To satisfy its long-term rate-of-return objectives, the School relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends) The school targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed a policy index

Other Information	Part IV	The School Scholarship Service, an independent organization, processes the applications for financial aid. Middlesex School distributes the funds to those candidates who display need based on these applications, supporting tax documents and available grant funds. Middlesex School's two mediums for the solicitation of applicants for enrollment to the school are its admissions brochures and its web site. The statement that financial aid is awarded to students on the basis of financial need, without regard to race, creed, sex or national origin is contained in all such literature. The school also gives tuition remission to faculty children who attend Middlesex School. The amount of any qualified tuition reduction for an employee of an educational institution is excludable from gross income under code section 117. In order to qualify for the exclusion, the tuition reduction must be provided to an employee of a qualified educational organization. Also, the tuition reduction must be for education at the elementary, secondary, or undergraduate levels, either at the employer educational institution or at another educational institution.
