Ephrata Community Hospital is an acute care hospital providing care for residents of northern Lancaster County and surrounding communities. For the fiscal year that ended June 30, 2009, program services included 8,850 inpatient acute, sub-acute, behavioral health, acute rehab and newborn admissions, for a total of 33,523 patient bed days. Additionally, outpatient services included 440,107 patient visits. These services included imaging studies (x-ray, ultrasound, MRI, CT, Mammography), lab testing, physical, occupational and speech therapy, non-invasive cardiology procedures including echocardiograms and EKG's, behavioral health counseling, radiation and medical oncology, emergency department visits, prenatal care through our Healthy Beginnings Plus program, sleep testing, home care and additional therapeutic and diagnostic services. Beyond these services, the hospital provides a range of community wellness and health education programs. In the fiscal year that ended June 30, 2009, there were 1,638 programs offered, with 17,353 participants. These programs include health screenings, diabetes education, weight management, smoking cessation, instruction in CPR and first aid, support groups, immunizations, and community health fairs. Many of these programs are offered for free or at a minimum cost to participants. Because the Hospital's mission is to provide care to all, regardless of ability to pay, we work with patients who have difficulty paying their bills. During the fiscal year ending June 30, 2009, the Patient Financial Services took an active role in promoting the ECH Cares program that assists needy patients, with Ephrata providing charity care to those individuals.
