Prior to its being filed, the Form 990 was also made available to the entire governing body through an accessible shared computer network drive maintained by the Children's Hospital of Philadelphia FORM 990, PART VI, LINE 12c The organization has adopted the conflicts of interest policy of the Children's Hospital of Philadelphia. The Children's Hospital of Philadelphia maintains a written Conflicts of Interest Policy that applies to, inter alia, all of its Trustees, officers, employees, members of the Medical Staff and researchers of The Children's Hospital of Philadelphia and its affiliates. The Policy requires annual conflicts of interest statements from Trustees and officers of the Hospital and its affiliates, the President and others in Senior Management, administrative personnel serving at the level of manager and above and certain other categories of employees defined in the conflicts of interest policy (such as persons known to place orders with vendors), Department Chairs, division chiefs and other members of the Medical Staff (except that members of the Medical Staff who are not based at the Hospital are only required to submit statements bi-annually), members of the Hospital Research Staff, designated employees of practice plans affiliated with the Hospital, and other persons designated by management. The statement tracks the conflicts of interest policy, requiring each person to disclose information for the reporting period regarding the existence and nature of gifts, outside interests, outside activities and other matters constituting a potential, perceived or actual conflict of interest, and to certify that they have read the policy and answered fully, accurately and to the best of their knowledge. After confirmation that all questions have been answered, the statements are reviewed by the relevant Vice President, Department Chair or other executive (or their designee), tracked by the Office of Compliance and Privacy, and all statements disclosing potential, perceived or actual conflicts are forwarded to the Office of General Counsel for further review and follow-up as needed. The conflicts statements submitted by Trustees of the Hospital and Foundation, and members of Senior Management, are reviewed by the General Counsel and the disclosures are summarized in memoranda distributed to and reviewed by the members of the Audit and Compliance Committee of the Hospital and Foundation Boards. The remaining conflicts statements containing affirmative disclosures are reviewed by staff in the Office of General Counsel. In reviewing annual statements where an actual, perceived or potential conflict is disclosed, where problems are identified that need to be addressed, the goal is to eliminate or manage the conflict going forward and ensure that, as to employees or others on the Medical or Research Staff, the relevant supervisor is aware of the issue. Summary information about compliance with the policy's requirement to submit annual statements and disclosures contained therein is provided in memoranda to the Audit and Compliance Committee of the Boards. In addition, if any matter involving a potential violation of the conflict of interest policy is brought to the attention of management during the course of the year, an investigation is conducted by either the relevant department's management, Office of General Counsel or Office of Compliance and Privacy, as appropriate. FORM 990, PART VI, SECTION B, LINE 15 The compensation of executives and physicians/scientists is reviewed and approved by an independent Compensation Committee of the Boards of Trustees. The Committee reviews and approves in advance the compensation to be provided to the CEO, all Vice Presidents (including Executive and Senior VP levels), Clinical Department Chairs, and all faculty physicians and scientists. For each such person, this process was last performed in 2009. In making its determinations, the Committee considers the performance of the organization and that of the covered individuals as well as related business judgment factors. It also considers market comparison reports prepared by an external independent compensation consultant with significant experience in performing executive and physician compensation assessments for not-for-profit healthcare organizations. The Committee's process is designed to qualify for the rebuttable presumption of reasonableness for those individuals who are disqualified persons. The peer group for executives generally includes large and complex academic medical centers and health systems. For physicians and scientists, the peer group generally includes academic medical centers. Information from other organizations may also be considered where appropriate for the position. For those individuals listed in Part VII that are paid by Children's Surgical Associates, Ltd, administrative compensation plan sets the median rate at or about the seventy-fifth percentile of the market for like positions. The annual evaluation component for management and senior leadership is a bonus of up to twenty percent of base. Additional bonuses may be provided based on productivity/performance.
