Facts and Circumstances Test
The Brooke School Foundation (the Foundation) has failed the initial 33% public support test from Schedule A. However, the Foundation normally receives a substantial amount of its total support from the general public. This amount exceeds 10% of the Foundation's total support. The Foundation has been in existence since 2003. The Foundation supports the well-being of the Edward W. Brooke Charter School (the School) and maintains the building in which the School operates. The school is a public school operated under a charter granted by the Commonwealth of Massachusetts. The public support of the Foundation allows the School to provide an academically rigorous public education to students from the City of Boston that will ensure they are prepared to attend and succeed in college. The Foundation actively solicits funds from a large range of individuals and foundations. The governing board of the foundation is comprised of members of the academic community and are not representatives of the funders. Based on the above description of the Foundation and the School's programs, its funding, fundraising efforts and its board members, the Foundation is a publicly supported organization whose mission benefits the general public and is carried out through support from the general public.
