basis and to disclose any such positions it believes would have a material
impact on the financial statements and related notes. Management also
believes that no such required disclosures currently exist.

Through the related organization that employs them, the individuals reported in Part VII of Form 990 and in Schedule J (Form 990) generally participate in the Florida Retirement System (FRS), a multi-employer retirement system created under Chapter 121 of the Florida Statutes and administered by the Florida Division of Retirement. As stated on the website of FRS, it is funded by contributions paid by employers, based on a percentage of the employees' salaries. The rate of contributions required is determined by an actuarial consulting firm to assure compliance with the requirements of the Constitution of the State of Florida.

The instructions for Form 990 indicate that Part VII and Schedule J should include a reasonable estimate of the increase in the actuarial value of any qualified or nonqualified retirement accruals under a defined benefit plan. FRS has stated that such information currently is not available for participants in its plan. Therefore, the amounts reported in Part VII and Schedule J, as appropriate, include the contribution paid by the related organization as its contribution on behalf of the named individual. This amount is considered the best reasonable estimate of information required in this Form 990 and related Schedules.

Form 990 Schedule J, Part II, Column (F):

The compensation figures reported in column (B) that have already been reported on the prior year Form 990 are approximately one half of the compensation figures reported in column (B).
