Direct Charitable Activities

From inception, the Summerlee Foundation has convened the leading authorities within its program spheres to assist in strategic planning for both the Foundation and the profession. The Foundation has relied on the direct charitable activity ("DCA") as a requisite element in its charitable endeavors. Among the generally accepted DCA categories, the Foundation has convened educational conferences not limited to its own board and staff, has provided technical assistance/training to grantees and other charitable organizations, has supported the service of Foundation staff on advisory boards and public commissions, and has published and disseminated reports on research findings and held conferences of general interest to the public.

Animal Program

The Summerlee Foundation Program Director for Animal Protection participates in Direct Charitable Activities through a process of collaborating, convening, connecting, and counseling. These activities serve to foster and advance animal welfare and animal philanthropy.

The Program Director for the Animal Protection Program served on the Animal Grantmakers Board/Coordinating Committee as President, set program for annual conferences, provided speakers and facilitated sessions, participated in monthly planning meetings, and created collaborative opportunities for AG members with similar interests and missions. The Program Director also assists the AG with its state non-profit status, filings, books and record keeping and directs the coordination of the Animal Grantmaking database.

The Program Director assisted The Global Federation of Animal Sanctuaries in its vision and implementation of accreditation for animal sanctuaries through an historic perspective, experiences, site visits and collaborative sessions.

The Program Director helped to improve non-profits' understanding of philanthropy and the grant process and improve the non-profits' ability to serve animals and acquire funding by presenting a round-table discussion at Rural Philanthropy Days, Colorado.

The Program Director has implemented the Foundation's three-year strategy for its initiative in Mexico and has provided hours of assistance to the Asociacion Internacional para la Proteccion de los Animales in its endeavors towards primary self-sufficiency.

The Program Director is writing case studies related to the Mexico Initiative in order to assist other funders/donors hoping to launch initiatives and programs to aid animals in Mexico.

Texas History Program

The Texas History program of the Summerlee Foundation offers outreach support to Texas history organizations by providing educational workshops and seminars, training, information, and resources to their boards and staffs, by serving as a commissioner of the Texas Historical Commission—a state agency, by serving as an advisory director of several Texas historical organizations, by maintaining an extensive research library, and providing technical assistance to those aspiring to research, document, disseminate, and promote Texas History.

Schedule 3 Part XV, Line 2d

Award Restrictions and Limitations

The Foundation makes grants for two specific purposes: (1) to alleviate fear, pain and suffering of animals and to promote animal protection and the prevention of cruelty to animals, and (2) to research, promote and document all facets of Texas History.

The Animal Protection program currently has funding priorities which will take precedence over any proposals not within these priority issues. In our companion animal program, the Foundation funds only spay and neuter initiatives and the protection of feral cats (TNR under colony management). Special emphasis is given to those communities with the least resources and the greatest challenges of culture, education, economy, and geography.

Our marine program is focusing on the suffering of captive marine mammals and the cruel and devastating impacts of the captive trade industry on dolphins and orcas. Our terrestrial wildlife program prioritizes the protection of mountain lions, coyotes, and bobcats by funding research, education, and advocacy.

The Texas History division of the Foundation funds historical programs in public and private schools, colleges and universities, museums, libraries, archives, public television, and historical, preservation, and archaeological organizations. To be eligible for grant support, Texas history must be the primary focus of the grant proposal. Proposals focusing upon primary research will be given priority over other applications.

In the preservation arena, grant support is restricted to historic structures listed on the National Register of Historic Places – the official list of cultural resources worthy of preservation. The list includes districts, sites, buildings, structures, and objects that are significant in American history, architecture, engineering, and culture.

The program does not generally support the restoration of County Courthouses.

The Texas History division does not fund monuments and memorials. The program does fund Texas history programs outside Texas.

- If you are filing for an **Additional (Not Automatic) 3-Month Extension**, complete only **Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

A corporation required to file Form 990-T and requesting an automatic 6-month extension - check this box and complete Part I only ☐

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.

Electronic Filing (e-file). Generally, you can electronically file Form 8868 if you want a 3-month automatic extension of time to file one of the returns noted below (6 months for a corporation required to file Form 990-T).
