On a separate sheet, state the accounting method used when preparing the balance sheet. If books of account are not kept, attach a copy of the business schedules submitted with the Federal income tax return or other return (e.g., tax-exempt organization returns) for that period. If the amounts in Part I, lines 1a through 1g, do not agree with those shown on both the profit and loss statement and the balance sheet, explain the differences on a separate sheet.

Change to the Cash Method For Advance Consent Request (see instructions) Part II

Applicants requesting a change to the cash method must attach the following information:

- A description of inventory items (items whose production, purchase, or sale is an income-producing factor) and materials and supplies used in carrying out the business.
- An explanation as to whether the applicant is required to use the accrual method under any section of the Code or regulations.

Schedule B — Change in Reporting Advance Payments (see instructions)

- If the applicant is requesting to defer advance payment for services under Rev. Proc. 71-21, 1971-2 C.B. 549, attach the following information:
- a Sample copies of all service agreements used by the applicant that are subject to the requested change in accounting method. Indicate the particular parts of the service agreement that require the taxpayer to perform services.
- If any parts or materials are provided, explain whether the obligation to provide parts or materials is incidental (of minor or secondary importance) to an agreement providing for the performance of personal services.
- c If the change relates to contingent service contracts, explain how the contracts relate to merchandise that is sold, leased, installed, or constructed by the applicant and whether the applicant offers to sell, lease, install, or construct without the service agreement.
- d A description of the method the applicant will use to determine the amount of income earned each year on service contracts and why that method clearly reflects income earned and related expenses in each year.
- e An explanation of how the method the applicant will use to determine the amount of gross receipts each year will be no less than the amount included in gross receipts for purposes of its books and records. See section 3.11 of Rev. Proc. 71-21.
- If the applicant is requesting a deferral of advance payments for goods under Regulations section 1.451-5, attach the following information:
 - Sample copies of all agreements for goods or items requiring advance payments used by the applicant that are subject to the requested change in accounting method. Indicate the particular parts of the agreement that require the applicant to provide goods or items.
 - b A statement providing that the entire advance payment is for goods or items. If not entirely for goods or items, a statement that an amount equal to 95% of the total contract price is properly allocable to the obligation to provide activities described in Regulations section 1.451-5(a)(1)(i)or (ii) (including services as an integral part of those activities).
- c An explanation of how the method the applicant will use to determine the amount of gross receipts each year will be no less than the amount included in gross receipts for purposes of its books and records. See Regulations section 1 451-5(b)(1).

Schedule C — Changes Within the LIFO Inventory Method (see instructions)

Part I General LIFO Information

Complete this section if the requested change involves changes within the LIFO inventory method. Also, attach a copy of all Forms 970, Application To Use LIFO Inventory Method, filed to adopt or expand the use of the LIFO method.

- 1 Attach a description of the applicant's present and proposed LIFO methods and submethods for each of the following items:
- a Valuing inventory (e.g., unit method or dollar-value method).
- b Pooling (e.g., by line or type or class of goods, natural business unit, multiple pools, raw material content, simplified dollar-value method, inventory price index computation (IPIC) pools, etc.).
- c Pricing dollar-value pools (e.g., double-extension, index, link-chain, link-chain index, IPIC method, etc.).
- d Determining the current year cost of goods in the ending inventory (e.g., most recent purchases, earliest acquisitions during the year, average cost of purchases during the year, etc.).
- 2 If any present method or submethod used by the applicant is not the same as indicated on Form(s) 970 filed to adopt or expand the use of the method, attach an explanation.
- 3 If the proposed change is not requested for all the LIFO inventory, specify the inventory to which the change is and is not applicable.
- 4 If the proposed change is not requested for all of the LIFO pools, specify the LIFO pool(s) to which the change is applicable.
- 5 Attach a statement addressing whether the applicant values any of its LIFO inventory on a method other than cost. For example, if the applicant values some of its LIFO inventory at retail and the remainder at cost, the applicant should identify which inventory items are valued under each method.
- 6 If changing to the IPIC method, attach a completed Form 970 and a statement indicating the indexes, tables, and categories the applicant proposes to use.

Part II Change in Pooling Inventories

- 1 If the applicant is proposing to change its pooling method or the number of pools, attach a description of the contents of, and state the base year for, each dollar-value pool the applicant presently uses and proposes to use.
- If the applicant is proposing to use natural business unit (NBU) pools or requesting to change the number of NBU pools, attach the following information (to the extent not already provided) in sufficient detail to show that each proposed NBU was determined under Regulations section 1.472-8(b)(1)and (2):
- a A description of the types of products produced by the applicant. If possible, attach a brochure.
- b A description of the types of processes and raw materials used to produce the products in each proposed pool.
- c If all of the products to be included in the proposed NBU pool(s) are not produced at one facility, the applicant should explain the reasons for the separate facilities, indicate the location of each facility, and provide a description of the products each facility produces.
- d A description of the natural business divisions adopted by the taxpayer. State whether separate cost centers are maintained and if separate profit and loss statements are prepared.
- e A statement addressing whether the applicant has inventories of items purchased and held for resale that are not further processed by the applicant, including whether such items, if any, will be included in any proposed NBU pool
- f A statement addressing whether all items including raw materials, goods-in-process, and finished goods entering into the entire inventory investment for each proposed NBU pool are presently valued under the LIFO method. Describe any items that are not presently valued under the LIFO method that are to be included in each proposed pool.
- g A statement addressing whether, within the proposed NBU pool(s), there are items both sold to unrelated parties and transferred to a different unit of the applicant to be used as a component part of another product prior to final processing.
- If the applicant is engaged in manufacturing and is proposing to use the multiple pooling method or raw material content pools, attach information to show that each proposed pool will consist of a group of items that are substantially similar. See Regulations section 1.472-8(b)(3).
- If the applicant is engaged in the wholesaling or retailing of goods and is requesting to change the number of pools used, attach information to show that each of the proposed pools is based on customary business classifications of the applicant's trade or business. See Regulations section 1.472-8(c)

Section A — Allocation and Capitalization Methods

Attach a description (including sample computations) of the present and proposed method(s) the applicant uses to capitalize direct and indirect costs properly allocable to real or tangible personal property produced and property acquired for resale, or to allocate and, where appropriate, capitalize direct and indirect costs properly allocable to long-term contracts. Include a description of the method(s) used for allocating indirect costs to intermediate cost objectives such as departments or activities prior to the allocation of such costs to long-term contracts, real or tangible personal property produced, and property acquired for resale. The description must include the following:

- 1 The method of allocating direct and indirect costs (i.e., specific identification, burden rate, standard cost, or other reasonable allocation method).
- The method of allocating mixed service costs (i.e., direct reallocation, step-allocation, simplified service cost using the labor-based allocation ratio, simplified service cost using the production cost allocation ratio, or other reasonable allocation method).
- The method of capitalizing additional section 263A costs (i.e., simplified production with or without the historic absorption ratio election, simplified resale with or without the historic absorption ratio election including permissible variations, the U.S. ratio, or other reasonable allocation method).

Section B — Direct and Indirect Costs Required To Be Allocated (Check the appropriate boxes in Section B showing the costs that are or will be fully included, to the extent required, in the cost of real or tangible personal property produced or property acquired for resale under section 263A or allocated to long-term contracts under section 460. Mark "N/A" in a box if those costs are not incurred by the applicant. If a box is not checked, it is assumed that those costs are not fully included to the extent required. Attach an explanation for boxes that are not checked.)

DAVIDSON INSTITUTE YOUNG SCHOLARS PROGRAM

Direct Charitable Activities

Expenses

The Davidson Institute Young Scholars Program is an individualized, intensive program for profoundly intelligent children. Each month during the year, all qualified applicants (between the ages of 5 and 16) are admitted into the Davidson Young Scholars Program. There is currently no limit on the number of Young Scholars selected each year.

To be eligible for the Davidson Young Scholars Program, applicants must demonstrate extreme intellectual precocity by one or more of the following measures:

A score in the top .001% of their age-peers in a particular domain, as measured by an intelligence or achievement test specified by the Institute (e.g., the Stanford-Binet Intelligence Scale).

Evidence of precocity as illustrated by demonstrating mastery of a significant amount of content in a particular domain, far beyond the norm for the child's age group.

Other demonstration of the ability to function at the level of a talented adult in a specific academic domain.

The Davidson Institute, the Young Scholar, and his/her parents work as partners to develop and implement an individualized plan for the Young Scholar. Young Scholars and their parents may also get together yearly at one of the Davidson Institute sponsored gatherings to connect with peers, share experiences, and learn from each other. Throughout the year, Young Scholar families stay connected with online seminars, private websites, chatrooms and listserves.

As of June 30, 2009, 1,492 Young Scholars and their parents were assisted through the Young Scholars Program.

Young Scholar Program expenses as of June 30, 2009 were:

\$983,329

THE DAVIDSON INSTITUTE YOUNG SCHOLARS GRANTS

Expenses

Through the Institute, Young Scholars and their parents partner with a variety of professionals to locate appropriate educational settings and materials, advocates, counselors, and mentors for the child. Parents work collaboratively with the Institute's team of family consultants to develop an individualized plan for their Young Scholar.

The individualized plan typically includes an assessment of the Young Scholar's educational, emotional, and social needs, as well as goals designed to nurture the whole child.

The Davidson Young Scholars Program provides financial assistance, in the form of grants, to help families defray some of the costs of implementing the individualized educational and talent development plan. Assistance is awarded based on financial need. Families requesting financial assistance must complete a financial assistance application and provide supporting documents such as tax returns.

During the twelve months ended June 30, 2009, the Institute awarded Grants to 217 Young Scholars.

Total Grant expenses were:

\$572,121

DAVIDSON INSTITUTE FELLOWS AWARD SELECTION and AWARD CEREMONY

Direct Charitable Activities

Expenses

The Davidson Institute Fellows Award Ceremony is a one-day event held in Washington, DC to recognize and honor young people selected as Davidson Fellows who will receive either a \$10,000, \$25,000 or \$50,000 scholarship commitment to further the development of their talent through attendance at an accredited academic institution of learning.

The purpose of this event is to recognize the outstanding achievements of highly intelligent young people who have demonstrated the development of their talents with a significant piece of work. This award program seeks to recognize and award the truly extraordinary in recognized areas of science, technology, mathematics, literature, philosophy, and music as well as "outside the box" ideas. Each submission must be a piece of original work recognized by experts in the field as "significant" and it must have the potential to make a positive contribution to society. Each submission is evaluated on its scope and quality, level of significance and the applicant's depth of knowledge and understanding of the work and the related domain area.

Once the independent team of judges, who are professionals with expertise in the domain areas submitted, have identified a small group of finalists, each finalist is named as a Davidson Fellow and receives either a \$10,000, \$25,000 or \$50,000 scholarship, as determined by the judges using the selection criteria. Individuals named as Davidson Fellows are then honored at an awards reception in Washington, DC. Travel and other hotel costs are paid by the Davidson Institute for Talent Development. Typically, fifteen to seventeen Davidson Fellows are selected each year. The Davidson Fellows Award is not a competition, but rather a recognition of extraordinary achievement.

Davidson Fellows Award program expenses as of June 30, 2009 were:

\$354,390

In September 2008, six \$10,000 scholarships, eight \$25,000 scholarships and five \$50,000 scholarships were awarded at the ceremony in Washington, DC. These scholarships may be used over a course of 10 years.

Davidson Institute Fellows Award Scholarship expenses were:

\$525,750

DAVIDSON ACADEMY

Direct Charitable Activities

Expenses

In furtherance of its objective to serve gifted youth, the Davidson Institute for Talent Development operates a tuition-free, public school for profoundly gifted middle and high school students. Davidson Academy is a "university school for profoundly pupils" that was established pursuant to legislation enacted by the Nevada Legislature in 2005 (NRS chapter 392A). Davidson Academy is located on the campus of the University of Nevada, Reno and has an enrollment (as of Spring 2009) of 70 students. Students are admitted solely on the basis of meeting certain minimum criteria set forth in the Nevada statute. The majority of the students also participate in other programs of the Institute such as the Young Scholars program. Although designated as a public school, Davidson Academy will only receive less than one third of its operating budget from public sources (the state of Nevada).

Davidson Academy program expenses as of June 30, 2009 were:

DAVIDSON INSTITUTE THINK SUMMER INSTITUTE

Direct Charitable Activities

Expenses

The Davidson Institute THINK Summer Institute is a three-week residential summer program on the campus of the University of Nevada, Reno for 13- to 16-year-old profoundly gifted students, offering them the opportunity to access an extremely rigorous educational experience. THINK students are enrolled in university-level courses taught by University of Nevada professors and earn six transferable college credits. Participants stay in the university's newest residence hall, which is staffed by THINK program staff members 24 hours a day. Students share a room with other program participants.

The courses for the THINK Summer Institute are different every summer. Courses for 2008 included Biology, Computer Science, Statistics, Philosophy, and Geology. All participants select two courses.

This program runs for three-weeks each July.

To be eligible for the THINK Summer Institute, applicants must be 13 to 16 years old during the program and a United States citizen or permanent U.S. resident living in the United States. Applicants must submit a qualifying score (see eligibility criteria at www.bavidsonGifted.org/THINK) on the ACT or SAT. Visit the SAT (www.collegeboard.com) or ACT (www.actstudent.org) testing websites to register. There is a \$50 non-refundable application fee.

The goal is to keep tuition affordable and it is usually below the cost of comparable camps. The tuition of \$2,700 covers course credits, room and board and the cost of the planned program activities. Additionally, participants are responsible for textbooks, transportation to and from the program, and pocket money. Scholarships based on financial need are available.

Think Summer Institute expenses as of June 30, 2009 were:

\$270,275

Total Grant Expenses were:

Portfolio

At least three of the five scores listed, including the composite score

Three onginal pieces of the applicant's work that demonstrate his/her advanced academic precocity. The most informative samples showcase your child's abilities and set them apart from age or class peers. In order for the Applications Review Committee to assess the child's natural abilities, samples of unassisted work are ideal. Bloom's taxonomy may provide helpful guidelines for selecting sample items requiring analysis, synthesis and evaluation, as these components tend to generate more compelling portfolio samples than those which match up with the lower levels of the taxonomy. For a description of Bloom's taxonomy, visit www.GT-CyberSource.org/BloomsTaxonomy. Examples may include autonomous projects, expository or creative writing, independent work that is 2 to 3 grade levels above age peers, or DVD/videotape recordings. Please date all samples with the child's age and grade level and briefly describe all items submitted so we are able to view the items in the context of the applicant's age and circumstances of the work.

Subject: DITD Return

Hi Karin:

I'm hoping to get Robin a draft of DITD's 6/30/09 return by the end of the week, below is a list of the items I need from you:

- Full name and address of donor McGowan who donated \$52,000 to the Academy
- Statement discussing the Think Institute and disclosing the expenses and grants from this program (similar to the statements for YS, the Academy and Fellows)
- The 2008 Program Application for Young Scholars and the 2008 Application Booklet for Davidson Fellows.

Thanks!

2008 Davidson Fellows Application for Science

Prodigious Work Required Elements

The applicant must submit a prodigious work in a specific domain area of science. Please select one of the following domain areas:

	Domain	Specific Field
۵	Biology	
	Chemistry	
0	Earth Science	
0	Engineering	
	Environmental Science	
D	Geology	
0	Medicine	
0	Physics	
	Space Science	
	Other	

<u>Please Note</u>. Applications involving human subjects, live vertebrates or live invertebrates are not eligible. The Davidson Fellows Program will consider certain tissue-related projects, if and only if the applicant can demonstrate.

- 1 the materials were collected for other purposes; AND
- 2 the student is collaborating with a qualified lead scientist; AND
- the lead scientist provides to the Institute documented approval from a recognized Institutional Review Board (IRB) or Scientific Review Committee (SRC).

Documentation must be submitted with the Preliminary Submission Overview Form by March 14, 2008, and will be carefully reviewed by the Davidson Institute for Talent Development, who, at its sole discretion, will subsequently determine eligibility. The Davidson Institute of Talent Development may, in its sole discretion, also require that other conditions be met before tissue related projects will be further considered.

Component One:

Three copies of a Formal Research Report with a works cited page and an annotated bibliography formatted according to the American Psychological Association's Publication Manual or any other widely recognized style guide. Each page should be labeled in the upper right hand corner with the applicant's last name and first initial, category, title of prodigious work, and page number in the form of page x of y.

Component Two:

Three copies of a computer model or physical model

If the submission is a **computer model**, three copies of a CD-ROM with specific viewing instructions and/or instructions for viewing it via the web must be submitted. Please label all CDs with your first and last name and the title of your work. If you are uncertain about the definition of a computer model, please refer to the Frequently Asked Questions (FAQ) at www.davidsonFellows.org.

OR, if the submission is a physical model, photographs and/or three copies of a descriptive video (VHS or DVD), must be submitted. Please do not submit the actual physical model. Please label all materials with your first and last name and the title of your work. If you choose to submit a video of your physical model, you may record this on the same videotape/DVD as the Attachment 4 video as long as the tape/DVD is properly labeled with all of its contents.

All application materials must be sent in ONE package, including the completed application, and all components and attachments. Do not send any of these items separately.

Attachments to the Application

Please include the following attachments when submitting your application.

Attachments One, Two and Three should be typed, in English, on 8 ½ x 11 white paper in an 11 or 12 point, standard font and three copies should be submitted *Do not staple, bind or fold any portion* Each page should be labeled in the upper right hand corner with the applicant's last name and first initial, category, title of submission and the words Attachment One Significance Essay, Attachment Two Benefit to Society Essay, Attachment Three Process Essay - Part One and Part Two, respectively Page numbers in the form of page x of y should also be placed in the upper right corner Please page number each Attachment separately. All attachments are to be completed by the applicant. The word count or length of the Attachments is up to the applicant. Failure to follow these guidelines may result in disqualification.

ATTACHMENT ONE: Significance Essay

Please submit a detailed description of your work and explain why your submission qualifies as a significant piece of work, as defined by at least one of the following criteria

- exceptional creativity
- · a new idea with high impact and/or broad implications
- an innovative solution with regional, state and/or national implications
- an important advancement that can be replicated and built upon
- an interdisciplinary discovery with the potential to effect positive change
- · a prodigious performance

ATTACHMENT TWO: Benefit to Society Essay

Please explain how your work may make a positive contribution to society or has social relevance.

ATTACHMENT THREE: Process Essay

Part One Please answer the following questions

- · What inspired you to pursue this work?
- How much time (hours/days/months) did it take you to complete this work?
- How did you organize the work that went into doing it?
- What difficulties did you encounter and how did you handle them?

Part Two Please answer the following questions

- Where was the work completed?
- · Who supervised your work? (Give names, titles, addresses, e-mail, and phone numbers)
- What help have you received in doing this work?
 List who helped you and what assistance he/she provided
 (Please include individuals who offered equipment, ideas, critiques, materials, methodology, etc.)

ATTACHMENT FOUR: Video Describing Prodigious Work

Submit three copies of a <u>maximum</u> 15-minute, home-production quality video recording, on either full-size, VHS videotapes, or on a DVD that will play on any standard DVD player Please test all DVDs/Videos before submitting DVDs must be labeled with permanent marker only, do not affix adhesive labels to disk itself

You are encouraged to speak "from the heart" in your video, rather than reading directly from a script. The videotape is a chance to talk about a topic not addressed in the essays or to expand upon a point the essays touched on only briefly. Suggestions for the structure of the video.

- In the first few minutes of the video, you should briefly describe your submission summarizing why it was
 done, its significance, its benefit to society/social relevance and other details of your prodigious
 accomplishment
- Continue by describing how you became interested in this project, how it evolved and how working on it has helped you develop your talents
- Next, describe how your submission fits into the larger context of the field of study and be sure to describe the specific ideas/people/theories that influenced your work
- Conclude your video with a brief description on how you think your work/talent should be applied/highlighted

Please label all three DVDs/videotapes with your last name and first initial, category and title of prodigious work, and "2008 Davidson Fellows Application, Attachment Four."

Note: Applicants in ALL categories must submit: Attachments 1 through 4 IN ADDITION to all elements described in the Prodigious Work Required Elements portion of this application.

Termination and Amendment of Program The Davidson Institute reserves the right in its sole discretion to terminate this Fellows Award program at any time and for any reason and to change any or all of the rules regarding the grant or use of any scholarships. No such termination of the Award program shall apply so as to terminate a scholarship recipient's right to an Award previously granted unless such termination is required in the reasonable opinion of the Davidson Institute to comply with applicable laws or to assure the Davidson Institute that its tax exempt status will not be negatively affected or unless the continued payment of such scholarship will result in any form of tax being imposed upon the Davidson Institute or any of its affiliates, officers, directors, employees or representatives. In addition, amendments to the program may affect the terms and conditions of use of awards previously granted.

Discretion of Institute, Binding Nature of Decisions
By submitting this application, we acknowledge and agree that all decisions of the Davidson Institute regarding the Award program and the grant and use of scholarships and other awards may be made by it in its sole and absolute discretion, subject only to compliance with applicable laws, rules and regulations
As such, all decisions of the Davidson Institute and its committees and judges shall be final and binding and are not subject to challenge by us in any manner
The number of scholarships to be awarded shall be determined by the Davidson Institute in its sole discretion

Name and Likeness We understand that the selection and review process will be conducted on a basis that reveals information about the undersigned and our background and family. We also understand that the Davidson Institute may, without compensation to us or anyone else, publicize the Award program, our participation in the Program, information about us and our background and the results of the applicant's work and the Awards process. In that regard, we grant the Davidson Institute the right to use, for any lawful purpose related to the Davidson Institute or the Award program, in any legal form or manner, in whole or in part, in perpetuity, our names, biographical information and likenesses, the work and any information relating to it, as well as any statements made by us to the Davidson Institute. Such uses may be made in the Davidson Institute's discretion in any media or form. The Davidson Institute may take pictures, videos and audio recordings and may use any other form of media with respect to us and the matters described above.

Attestation The undersigned each attest that all of the information submitted or to be submitted to the Davidson Institute, including the information in this application, is true and accurate and does not omit any information necessary to make the information provided misleading. We hereby further certify that the work submitted here is the applicant's own and that it does not infringe upon or violate any rights of any nature of any third person.

Attendance The applicant understands that if I am named as a Davidson Fellow, I, along with at least one parent or guardian, must attend the Davidson Fellows event to be held in Washington, D C on September 23, 24 and 25, 2008. Attendance is a condition precedent to receipt of a scholarship or any other award or benefits
