Part X	Description of Uncertain Tax Positions Under FIN 48	Management has elected to defer application of FIN 48 as permitted until July 31, 2010. The Organization's accounting policy for evaluating uncertain tax positions will be based on when it is more-likely-than-not that a tax position will be sustained upon examination by a taxing authority, including the resolution of related appeals or litigation. A likelihood of more than 50 percent will be applied to the meaning of more-likely-than-not. The determination will be based on the technical merits of the tax position and the facts, circumstances, and information available as of the reporting date. Tax positions that meet the more-likely-than-not recognition threshold will be initially measured at the largest amount of the tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with the taxing authority. Tax positions that do not meet the more-likely-than-not recognition threshold will not be recognized.
