Statement of Program Service Accomplishments - Community Benefits	Form 990, Part III	<p>Please see the full-text version of the 2009 report on community benefit activities as filed with the Office of the Attorney General of the Commonwealth of Massachusetts (<a href="http://www.ago.state.ma.us">www.ago.state.ma.us</a>). Below is a summary of community benefits activities carried on during the fiscal year. Community Benefits Mission Statement BWH is committed to serving the health care needs of persons from diverse communities and makes a unique commitment to the neighboring residents of Jamaica Plain and Mission Hill. The hospital also commits to meeting the needs of low-income pregnant women and their families from the communities of Roxbury and Dorchester. Program Organization and Management: The Center for Community Health and Health Equity (CCHHE) at Brigham and Women's Hospital serves as a coordinating department for community health programs and acts as a liaison between community-based organizations and the hospital. The CCHHE develops and supports initiatives to improve the health of racially and ethnically diverse and underserved populations. It collaborates with hospital departments, community residents, government agencies, and community-based groups to improve access to care and to advance systems of care and community health strategies to elevate the health status of communities served by BWH Community Health Needs Assessment. BWH and the CCHHE closely collaborate with community organizations and residents to identify and address barriers to access and mobilize community resources to help improve health status. BWH convenes a representative group from ten community health centers to identify unique low-income and minority reproductive-aged women's issues. BWH and the CCHHE participate in several coalitions where community women are actively engaged and instrumental to the process, including the REACH Boston 2010 Coalition to address breast and cervical cancer mortality among Black women. BWH and the CCHHE review public health and hospital data and solicit input from women and families who use hospital and health center services. The CCHHE is a member of the Operations Committee of the Boston Alliance for Community Health Community Benefits Plan. Through the above processes, BWH has worked with community partners to address several priorities related to women and their families from Boston's urban core. -Disparities in infant mortality -Youth development -Comprehensive primary care for women -Domestic and community violence -Workforce development. In response to these identified needs, BWH is implementing several community health initiatives to reach out to racially and ethnically diverse and underserved populations to address barriers to accessing quality, affordable health care and related services and to address racial and ethnic disparities in heart disease, cancer, and women's health. Key Accomplishments of Reporting Year -The Connecting Hope, Assistance and Treatment (CHAT) Program helped 99 women obtain items and services related to their breast cancer treatment. -The PACT Program cared for nearly 100 high-risk patients with HIV/AIDS with significant improvements in their management of HIV and a decrease in viral load and increase in CD4 counts. The Passageway Domestic Violence Program responded to a total of 992 individuals experiencing domestic violence. -The BWH summer youth program provided summer jobs for 117 Boston young people during the summer of 2009. -The Student Success Jobs Program received one of five national 2009 American Hospital Association NOVA awards that recognize hospitals and health systems that make a distinctive contribution to improving community health. The SSJP program was also honored in 2009 as a recipient of the MetLife Foundation's National Afterschool Innovator award, one of only six after school programs nationwide to be named an Afterschool Innovator. Plans for Next Reporting Year -Advance health equity through expanded efforts to address disparities in infant mortality, cancer, and cardiovascular disease. -Expand domestic violence efforts to promote prevention. -Expand our continuum of programs that introduce young people to the health and science field and foster their skills and interests in future health careers. Community Benefits Programs: Student Success Jobs Program (SSJP) A paid internship program for high students who are mentored and guided to pursue careers in health care. The Passageway Domestic Violence Program To improve and enhance the response to and coordination of services for those experiencing domestic violence. The Prevention and Access to Care and Treatment (PACT) Project To improve health outcomes for underserved individuals with HIV disease. Connecting Hope, Assistance, and Treatment Program (CHAT) To assist low-income women who have been diagnosed with breast cancer. Open Doors to Health Colorectal Cancer Screening Initiative To increase colonoscopy screening rates among patients receiving care at 2 BWH licensed community health centers.</p>
