BANK OF AMERICA, PHILANTHROPIC MANAGEMENT

Grantmaking Procedures – Massachusetts

I. INTRODUCTION

Bank of America serves as trustee, co-trustee, or agent to numerous private foundations. Many of these foundations are managed by Philanthropic Management. In Massachusetts, the donors of approximately 25 of these foundations have granted fairly broad discretion to Bank of America to design and execute charitable grantmaking programs to support nonprofit organizations serving vital community needs.

Working with either an internal distribution committee or in conjunction with a co-trustee, family member, or external advisor, we carefully evaluate grant proposals to ensure that meaningful grants are awarded in accordance with the philanthropic mission of each foundation. We have prepared these grantmaking guidelines as a tool to help the nonprofit community better understand the grantmaking goals and grant application processes for these foundations.

There is a combined annual giving of almost \$11 million from these foundations. The majority of grants are awarded in Massachusetts. However, there are a few foundations with geographic focus areas outside the state. Please review Section IV of these guidelines to learn more about the various foundations and their geographic focus areas.

II. PHILANTHROPIC GOALS

Program Focus Areas

Through our support of charitable organizations, we seek to positively impact the lives of the traditionally underserved within our communities. Please refer to our website, www.bankofamerica.com/grantmaking, and the respective Foundation Overview pages for detailed information about these foundations. Eight of the foundations set forth specific charitable giving areas, such as health care research. The donors of the remaining foundations have granted broad program discretion to Bank of America, and we currently focus funding in 3 primary areas—education, health care, and human services.

Education. We fund educational programs for all ages. To that end, we fund academic access, enrichment, and remedial programming for children, youth, adults, and senior citizens that focuses on preparing individuals to achieve while in school and beyond.

Health Care. We fund programming that improves access to primary care for traditionally underserved individuals. We also fund health education initiatives and programs that impact at-risk populations. In addition, we manage several foundations engaged in medical research.

Human Services. We are committed to serving the community by supporting organizations meeting the basic needs of all individuals. Since the human service needs of communities are broad and evolving, we fund a wide array of programming. Our efforts are focused on—but not limited to—employment, youth development, violence prevention, life skills attainment, and food programs.

Type of Support

To build the capacity of the nonprofit community we serve and to respond to an expressed need by nonprofits to fund their operations, we remain strongly committed to making general operating grants, whenever possible. We also make grants for program support.

Although we make capital grants in a few of the foundations we manage, in general, capital requests are not advised. Additionally, we do not provide support for endowment campaigns.

Please visit www.bankofamerica.com/grantmaking to review the respective Foundation Overview pages for further details and giving preferences of the various foundations.

III. APPLICATION PROCEDURES

The Massachusetts office currently manages approximately 25 separate foundations, each with its own mission statement and funding parameters. However, we have streamlined the application process. The first step in the application process is to select a foundation toward which to apply. This requires that you determine if there is a match in your organization's work with the funding parameters of any of the foundations.

Before You Apply

Before you start the application process, we recommend that you thoroughly research the information provided at www.bankofamerica.com/grantmaking. The website provides detailed information about each foundation, and the Find a Foundation search feature may assist you further in selecting the various foundations. Specifically, we recommend that you thoroughly read the **Foundation Overview** pages, which are 1-page summaries on each foundation, and the **Frequently Asked Questions (FAQ)** tab which provides helpful overview information. After exploring our website, you should be able to determine:

1. An appropriate foundation by entering the *Geographic Area Served* and/or *Program Type* preference(s) in the search filter
2. Whether your organization in fact meets the geographic and/or programmatic parameters of the specific foundation
3. The proposal deadline of the specific foundation, ensuring that your proposal is submitted at the appropriate time of the year

Please refer to Section IV for brief details about the geographic focus area(s) and proposal due dates of each foundation.

Selecting a Foundation

While each of the foundations has its own mission statement and funding parameters, many of our foundations have overlapping interest areas—education, health care, and human services. When the foundation's interest areas are identical, there is no advantage (or disadvantage) to applying to one foundation over another. Please submit your proposal to the foundation that both matches your organization's focus area and has a deadline date that meets your funding needs.

There are approximately 5 major deadline dates for foundations managed by the Massachusetts office.

There is no advantage (or disadvantage) to applying to a foundation within one deadline group over another deadline group.

Only 1 application may be submitted per calendar year to Philanthropic Management for any of the discretionary foundations that the Massachusetts office manages For instance, if you submit a proposal to the Adams Memorial Fund for the February deadline and are declined, you are not eligible to submit another proposal to any of the other foundations managed by the Massachusetts office until the start of the following calendar year.

Similarly, if your organization receives a grant award from a foundation, you are ineligible to re-apply toward any of the remaining foundations again until the end of your grant period. Again, if you submit a proposal to the Adams Memorial Fund and are awarded a grant, you are not eligible to submit another proposal to any of the other foundations managed by the Massachusetts office until completion of your grant cycle.

Although each foundation is managed as a separate entity, we do try—whenever possible—to position your proposal within the foundation where it will be the most competitive. Please feel free to contact a team member if you have any questions about preparing an application. Our contact information is listed in Section V.

VI. FREQUENTLY ASKED QUESTIONS (FAQ)

The following FAQs provide Massachusetts-specific guidance, but we encourage you to also review the FAQ tab at www.bankofamerica.com/grantmaking for a complete understanding of the grantmaking process. On the FAQ tab, we provide more nationally oriented FAQs.

Grantmaking Process

1. Which foundation should we choose? Do I need to direct my proposal to a particular one?

You will need to select a particular foundation to direct your application. Each of the foundations that our group manages has its own mission statement and funding parameters. If you have already determined the appropriate fit with a foundation given a specific programmatic or geographic match, your foundation selection task is fairly straight-forward.

However, many of our foundations have overlapping interest areas—education, health care, and human services. The funding criteria for these foundations are the same. When the foundation's interest areas are identical, there is no advantage (or disadvantage) to applying to one foundation over another. Please submit your proposal to the foundation that both matches your organization's focus area and has a deadline date that meets your funding needs.

2. Who reviews my proposal and makes the final funding decision?

After the proposal is received, the Grants Manager will conduct a preliminary check to ensure it is complete and meets with the funding parameters for the foundation. If it is complete, a Program Officer will take the lead on reviewing the proposal, conducting site visits, and requesting any additional information if needed. We may also work with a co-trustee or Advisory Committee in conducting this review. Once the due diligence process is complete, the Program Officers and other staff meet to discuss the merits of all proposals and make preliminary staff recommendations in the context of all pending requests. These recommendations are then submitted to our Distribution Committee, which makes the final funding decisions.

Applying for a Grant

3. How do I identify an appropriate dollar request?

Foundations consider several factors when reviewing a request. These include: the significance of the social need being addressed by the organization/project; how effectively the organization is working toward meeting that need; and the organization and/or project budget size.

4. Should I apply for operating, program or capital support?

We place emphasis on the quality of the work being done and understand that organizations need various forms of support. Therefore, we will consider many types of requests. Yet, given limited dollars, we typically do not award many capital grants and prefer to provide operating and program support.

We encourage requests for operating support to help build the capacity and strengthen the nonprofit community, and we recognize the expressed need by the nonprofit community for more operating funding. Program requests can be stronger if a particular program fits within the foundation's mission, where the broader work of the organization does not.

Small, program-related capital expenses may be included in general operating or program requests. If you have any questions, please call our office to discuss the specifics of your situation.

5. Should I apply for single or multi-year support?

We provide single and multi-year support. Please review the individual Foundation Overview pages on the website for details about which foundations are poised for multi-year commitments.

6. Do you invest in start-up nonprofits or in programs that are not yet off the ground?

We typically do not provide support for start-ups. However, we are open to discussing the opportunities with you, so please call our office for further guidance.

7. I applied to a particular foundation, but funding came from a different foundation. Why did this happen?

We will act in your best interest and may redirect the proposal if we believe there is a stronger chance of receiving funding elsewhere. For instance, sometimes there may be a better match in funding interests with another foundation, or the competition for dollars for that particular foundation may be higher than normal, and we want to give a strong proposal a "second chance."
