INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Kiwanis International Foundation:

We have audited the accompanying statement of financial position of Kiwanis International Foundation (the Foundation) as of September 30, 2009 and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statements are those of Kiwanis International Foundation only and are not those of the primary reporting entity. In compliance with the consolidation for not-for-profit entities topic of the Financial Accounting Standards Board Codification, the consolidated financial statements of Kiwanis International and Kiwanis Foundation have been issued to the Kiwanis International Board of Trustees as the financial statements of the primary reporting entity.

In our opinion, except for the effects of not consolidating all organizations under common control as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of September 30, 2009, and the changes in net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Information for the year ended September 30, 2008 is presented for comparative purposes only and was extracted from the financial statements for that year, on which an unqualified opinion, dated February 2, 2009 was expressed.

Notes to Financial Statements September 30, 2009 and 2008

1. NATURE OF OPERATIONS

Kiwanis International Foundation (the Foundation) was incorporated as a not-for-profit Foundation under the laws if the State of Illinois and commenced operations in 1939. The Foundation was subsequently incorporated under the laws of the State of Indiana in December 1997.

The Foundation was created to form, promote, sponsor or assist related and qualified charitable, benevolent, eleemosynary, educational, religious, or scientific enterprises. The Foundation provides funding for grants, scholarships, merit awards, disaster relief, and other various needs for supporting young children

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates

Financial Statement Presentation

In accordance with the Not-for-Profit Entities Revenue Recognition Topic of the FASB Accounting Standards Codification, donations and grants received are recorded as unrestricted, temporarily restricted, or permanently restricted, depending on the existence or nature of any donor restrictions

As required by the Not-for-Profit Entities Presentation of Financial Statements Topic of the FASB Accounting Standards Codification, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Foundation is required to present a statement of cash flows. The Foundation has unrestricted, temporarily restricted, and permanently restricted net assets as of September 30, 2009 and 2008.

Cash and Cash Equivalents

The Foundation maintains cash and cash equivalents balances at commercial banks. The accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Foundation maintained cash in excess of the FDIC coverage limits at September 30, 2009 and 2008 and from time to time during the years.

For purposes of reporting cash flows, the Foundation considers all liquid investments with original maturities of three months or less (excluding cash equivalents managed by outside investment firms) to be cash equivalents. There were no cash equivalents at September 30, 2009 and 2008. In addition, funds held outside the United States were \$161,888 and \$150,311 at September 30, 2009 and 2008, respectively.

Investments

In accordance with the Not-for-Profit Entities Investments – Debt and Equity Securities Topic of the FASB Accounting Standards Codification, the Foundation investments in equity securities have a readily determinable fair value and all bond investments are carried at fair value. Investment returns include dividends, interest, and realized and unrealized gains and losses on investment securities.

Notes to Financial Statements September 30, 2009 and 2008

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Contributions and Pledges

Gifts of cash and other assets received without donor stipulations are reported as unrestricted revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as temporarily restricted revenue and net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are reported at the present value of estimated future cash flows. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

Conditional gifts depend on the occurrence of a specified future and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met and the gift becomes unconditional.

Cash Surrender Life Insurance

The Foundation is the owner and beneficiary of six life insurance policies that were gifted to the Foundation and that have a cash surrender value of \$168,673 and \$157,262, respectively, as of September 30, 2009 and 2008

Office Equipment

Expenditures for office equipment and items which substantially increase the useful lives of existing assets are capitalized at cost. The Foundation provides for depreciation on the straight-line method at rates designed to depreciate the costs of assets over estimated useful lives of 5 to 12 years.

Net Assets

The Foundation maintains the following classifications of net assets:

Unrestricted

These include general assets and liabilities of the Foundation The unrestricted net assets of the Foundation may be used at the discretion of management to support the Foundation's purposes and operations

Temporarily Restricted

These include contributions and grant revenues used to meet expenses in accordance with restrictions specified by the donors or grantors. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction.

Notes to Financial Statements September 30, 2009 and 2008

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Permanently Restricted

The permanently restricted net assets include assets of the Foundation in the form of an endowment for which the donor has stipulated that the contribution be maintained in perpetuity. Donor imposed restrictions limiting the use of the assets or its economic benefit neither expire with the passage of time nor can be removed by satisfying a specific purpose. Investment income from the endowment will be used for each fund's specified purpose.

Fair Value Measurements

The Fair Value Topic of the FASB Accounting Standards Codification, effective October 1, 2008, defines fair value as the price that would be received for an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. The Fair Value Topic of the FASB Accounting Standards Codification also establishes a three-level fair value hierarchy for disclosure that prioritizes valuations based on whether the significant inputs used to estimate fair value are observable, giving highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to valuations primarily based on unobservable inputs (level 3 measurements).

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability.

Fair values measured on a recurring basis at September 30, 2009 are as follows:

•	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments Contributions Total Assets	\$ 7,718,128 933,800 \$ 8,651,928	\$ 6,968,042	\$ - - \$ -	\$ 750,086 933,800 \$ 1,683,886

Fair value for the pledges receivable is determined by calculating the present value of future cash inflows due beyond one year from the balance sheet date using an estimated rate of return from the year the pledges are received. See Note 4

Annuties payable are calculated based on the life expectancy of the donors and the frequency of payments to be made to the donors. See Note 7.

Notes to Financial Statements September 30, 2009 and 2008

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income Tax Status

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the US Internal Revenue Code and, accordingly, is not subject to income taxes except on unrelated business income, if applicable. The Foundation is not considered to be a private foundation.

The Income Taxes Topic of the FASB Accounting Standards Codification provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements and allows deferral of these disclosures for nonpublic enterprises to the annual financial statements for fiscal years beginning after December 15, 2008. The Foundation has elected to defer implementation to its year ending September 30, 2010. The Foundation does not expect that the adoption will have a material effect on its financial position, results of operations or cash flows.

The Foundation individually evaluates its activities to determine that they are in compliance with its exempt purpose For those activities that the Foundation determines to be unrelated business income, the Foundation records the resulting unrelated business income tax liability, if any

Functional Allocation of Expenses

The costs of supporting the various programs and other activities have been summarized on a functional basis in the statement of activities. Certain costs have been allocated among the program services, general and administrative, and fundraising categories based on estimates of time spent by Foundation personnel

Advertising Expense

Total advertising expense for the year ended September 30, 2009 and 2008 was \$304,465 and \$375,892, respectively These costs were expensed as incurred

Subsequent Events

Subsequent events have been evaluated by management through January 11, 2010, which is the date the financial statements were available to be issued

3. ENDOWMENT FUNDS

The Foundation's Endowment consists of approximately 20 individual funds established for a variety of purposes. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the historic dollar value of the original gift as of the gift date of the donor-restricted Endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent Endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted Endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted funds may fall below the level that the donor or SPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with Generally Accepted Accounting Principles (GAAP), deficiencies of this nature that are reported in unrestricted net assets were \$2,262,954 as of September 30, 2009. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for Endowment assets that attempt to provide a predictable stream of funding to programs supported by its Endowment while seeking to maintain the purchasing power of the Endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity. Under this policy, as approved by the Board of Directors, the Endowment assets are invested in a manner that is intended to produce results that are equal to or exceed the price and yield results of the Standard & Poors 500 index while assuming the lowest possible risk. The Foundation expects its Endowment assets, over time, to provide an average rate of return of approximately 10 percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a policy of appropriating for distribution 4 percent of its Endowment fund's average fair value over the prior 12 quarters. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the Endowment assets held in perpetuity as well as to provide additional growth through new gifts and investment return.
