Part X	Description of Uncertain Tax Positions Under FIN 48	The Institute's income tax filings are subject to audit by various taxing authorities. The Institute's open audit periods are 2006 - 2009. Management believes its significant uncertain tax positions are 1) the treatment of the Institute as a tax-exempt entity, 2) the classification of income as tax-exempt, related or exempt function income and 3) the determination that there is no unrelated taxable business income. As of December 31, 2009, management has evaluated significant tax positions against the criteria established by professional standards and believes there are no material unrecognized tax benefits requiring accounting recognition in the financial statements. Management does not believe its evaluation of tax positions will significantly change within twelve months of December 31, 2009. Any changes in tax positions will be recorded when the ultimate outcome becomes known. The Institute believes their estimates are appropriate based on current facts and circumstances.
