The Weller Foundation, Incorporated ♦ Barton L. Weller Scholarship

— RULES —

The Weller Foundation, Incorporated provides an annual scholarship in honor of Barton L. Weller who was the founder of Vitramon, Incorporated and whose generosity has made the award possible. Its purpose is to encourage academic excellence in a substantial independent project.

PROPOSALS

1 The Foundation will accept proposals from seniors who are full-time students at Joel Barlow, Masuk, Newtown, Shelton and Trumbull High Schools, each outlining a project to be developed during academic year 2008-2009. The student must remain a full-time student for the entire academic year.

2 Applicants must be U.S. citizens, nationals, or permanent residents. Winners must attend a four-year undergraduate degree program in the United States.

3 Topics for projects are not limited by content or scholastic field. For example:

- A study of economic or political forces influencing the immediate geographic area
- A science or engineering project
- A study of the effect of environmental factors on the immediate geographic area
- A project in the fine arts
- A computer system or software project
- A mathematics project

Any proposal for a project requiring basic study and originality will be considered. The student must furthermore clearly demonstrate in the proposal that the project is logistically and financially feasible to complete. Proposals requiring the use of non-student owned equipment or which necessitate classroom involvement of other students or school facilities must include written authorization for such use. A student may submit only one proposal. If more than one proposal is received from a student, all his/her proposals will be disqualified.

4 Proposals of no more than 2 pages (not including required attachments) must outline the student's project by including the following sections entitled: Title, Stated Objective, Project Content, and Summary. The proposal will be judged by a committee of the Foundation Trustees for:

- Format of the proposal
- Project potential
- Originality
- Care with which proposal and its planned implementation has been thought through

Up to five proposals will be accepted. Each of the finalists submitting an accepted proposal will be awarded \$200 at Vitramon, Incorporated on December 2, 2008.

No proposal may contain any identification of the student, town of residence or high school attended.

A separate covering letter provided by the Foundation must be completed and attached to the proposal. Proposals and covering letters are to be mailed to:

**Board of Trustees • The Weller Foundation, Incorporated
P.O. Box 1145 • Woodbury, CT 06798**

Proposals must be received by the Foundation by October 21, 2008. We recommend you allow for possible delays in delivery. Proposals which do not comply with these Rules will be rejected. Late arrivals will be returned unopened.

5 Questions with respect to these Rules may be directed to JoAnne Davies, Foundation Administrator at 203-263-0229.

6 The Scholarship Program will be announced simultaneously at the five area high schools on September 5, 2008 to provide an equal chance for all eligible students to participate in submitting proposals.

PROJECT

1 Up to five finalists become eligible to participate in the project phase, carrying out the proposal submitted.

2 The project period will run from November 7, 2008 to April 1, 2009 with submission and documentation of the project due to The Weller Foundation, Incorporated before 3:00 PM local time on or before April 1, 2009. The Foundation Administrator must be notified if the project cannot be readily mailed.

3 There is no restriction on use of project content for legitimate academic credit or other purposes. For example, a science project may also be entered in another science talent search or local science fair, a study on the area economy may be submitted by the student for credit in an economics course.

4 All aspects of the project must be performed during the current academic year (September 2008 through April 2009).

5 Each project is expected to be the student's own work without outside assistance in organizing and executing the project. Parents, faculty and other professionals may be consulted and must be acknowledged as resources for reference, but the student is entirely responsible for performing the work. The finalists will be asked to sign a statement to this effect.

A mid-project meeting will be held by the Trustees with the finalists on January 22, 2009 to review progress and answer any procedural question that might arise.

6 Final date for submission of the project will be April 1, 2009. Projects must be complete as submitted. A total of six completed photocopies (except as where deemed inappropriate by the Foundation) must be submitted for judging. (Copies will be distributed to the judges, one copy to be retained by the Foundation.) They will be judged by a committee, selected from outside the Foundation's Board of Trustees. Each judge is paid an honorarium for this service.

The primary standards for judgment will be the degree to which, and the skill and care with which, the original proposal is developed into the final project. Changes in content from the original proposal may result in disqualification.

On April 23, 2009 the judges will convene to interview the participants about their projects and select the \$12,000 scholarship recipient as well as runners-up scholarships. The judges' selection of the scholarship recipients shall be final.

These interviews are not intended to supplement the completed project material submitted on April 1, 2009. They will provide an opportunity for the judges to authenticate the student's knowledge of project content.

7 The scholarship recipients will be announced prior to the dinner of the Board of Trustees, judges, area high school representatives, parents and finalists to be held on May 4, 2009.

8 The student whose project is judged best will receive a \$12,000 scholarship, payable in increments of \$3,000 at the beginning of each of four academic years for which the student is accepted and attends a recognized college or university. Payments will be made directly to the college or university for deposit into the student's account. Subsequent payments will be made after receipt of an official transcript verifying satisfactory completion of studies for that year and that the student remains in "good standing". A maximum of one year out of college attendance will be allowed for substantial reasons such as health or family hardship. Beyond one year, the balance of the award will be forfeited. In addition to the \$200 previously received upon selection as a finalist, all runners-up will, at the discretion of the judges, be eligible to receive a one-time scholarship ranging from \$800 to \$1,600 for completion and timely submission of their projects. These scholarships will be paid directly to the college or university for deposit into the student's account.

9 Scholarships will be awarded without regard to the student's existing financial status.

10 It is the Foundation's intention to return all but one copy of the material submitted to the student, and will not accept responsibility for loss or damage.

11 To be eligible for the \$12,000 Scholarship or Runners-Up Scholarships, a finalist must attend the required meetings: the Mid-Project Review, the Interview Session, and the Award Dinner.

Note: Relatives of Trustees of The Weller Foundation, Incorporated are not eligible to compete for the Barton L. Weller Scholarship. The Trustees reserve the right to exercise their discretion on all matters.
