**Part VI Supplemental Information**

Complete this part to provide the following information

- 1** Provide the description required for Part I, line 3c, Part I, line 6a, Part I, line 7g, Part I, line 7, column (f), Part I, line 7, Part III, line 4, Part III, line 8, Part III, line 9b, and Part V See Instructions

Part I, Line 7 Ratio of Patient Care Cost to Charges worksheet (Worksheet 2 ) as prescribed by the IRS instructions to Schedule H Form 990 was the methodology used to calculate the amounts reported in Part 1, line 7 Charity Care and Certain Other Community Benefits at Cost lines 7a,7b and 7c and 7d All other lines include costs that were derived based on the RCC methodology or actual costs for the services as tracked by hospital personnel utilizing direct hourly labor costs, fringes and supply costs

Part III, Line 4 Patient Accounts Receivables (source Audited F/S)Patient accounts receivables are recorded at the contracted amount for amounts due from third-party and governmental payors and gross charges for amounts due from patients directly Such receivables do not bear interest The allowance for uncollectible accounts is the Hospital's best estimate of the amount of probable credit losses in the Hospital's existing patient accounts receivable The Hospital determines the allowance based upon historical collection experience and reviews its allowance for uncollectible accounts periodically Past-due balances are reviewed individually for collectability Account balances are charged off against allowances after all means of collection have been exhausted and the potential for recovery is considered remote The Hospital does not have any off-balance sheet credit exposure related to its patient accounts receivable

Part III, Line 8 Medicare costs and revenues were taken from the as filed 2009 CMS 2552 (Medicare Cost Report) Medicare revenues are based on the Medicare PS&R report and costs are developed utilizing Medicare prescribed cost finding methodologies that are required by regulation Medicare cost finding principles take total allowable cost and utilize the cost allocation stepdown method to apportion costs between services Medicare cost is then developed utilizing a ratio of allowable costs to charges methodology applied to Medicare charges for ancillary costs and average cost per diem for routine hospital costs multiplied by Medicare patient days Losses on treating Medicare beneficiaries should be included as a community benefit in their entirety Hospitals and health systems finance these benefits, thereby eliminating the need for a public tax increase The financing of this unpaid government obligation is a community benefit Hospitals cannot turn these patients away or negotiate higher rates with the government

Part III, Line 9b ACCORDING TO THE HOSPITAL'S SELF PAY COLLECTION POLICY, ELIGIBILITY FOR ASSISTANCE IS DETERMINED AS FOLLOWS SCREENING FOR MEDICAID ELIGIBILITY IS PERFORMED FOR ALL UNINSURED PATIENTS SELF PAY PATIENTS ARE MADE AWARE OF THE FACILITY'S CHARITY CARE PROGRAM AND APPLICATIONS ARE PROVIDED FOR THE INSURED AND UNINSURED UPON REQUEST ALL SELF PAY BALANCES ARE REFERRED TO A COLLECTION AGENCY AFTER THE INTERNAL PROCESSES HAVE BEEN EXHAUSTED A COPY OF THE NEW ISLAND HOSPITAL'S POLICY HAS BEEN SENT TO THE AGENCIES SHOULD AN AGENCY IDENTIFY AN ACCOUNT AS CHARITY, THE ACCOUNT IS RETURNED TO THE FACILITY, RESTATED IN ACCOUNTS RECEIVABLE AND CLOSED AS CHARITY POST-COLLECTION

FINANCIAL AID PROGRAM Successes and Challenges Since the inception of the financial aid policy, New Island Hospital has expanded the number of individuals who are provided aid, as well as the amount of aid rendered since 2004 The Hospital has included all of New York in our catchment area and excluded consideration of a patients assets in the decision-making process to determine qualification for financial aid We have hired a financial counselor to meet with all patients that may qualify for charity care and have instructed all billing and collection agencies to follow our policy Our overall plan has helped numerous patients obtain health coverage through a variety of products including traditional Medicaid, Medicaid Health Maintenance Organizations, HMOs through New York State products such as Family Health Plus and Child Health Plus In conjunction with the Nassau Suffolk Hospital Council, the Hospital has open enrollment meetings for Medicaid and Medicaid products on a weekly basis Every person that is treated at NIH who does not have health coverage (in whole or in part) receives correspondence and information pertaining to our charity care program We make every attempt to involve all parties in this process, who do not have insurance coverage or are underinsured The most challenging issue is with patient compliance to actually provide the necessary documentation to qualify and to do so in a timely manner In many cases patients have the ability to qualify for charity care but do not take the necessary steps explained to them to help themselves to secure such financial assistance This places patients and the Hospital in a very difficult position It is New Island Hospitals policy and strong belief that if a patient does not have the financial ability to pay for their emergent care needs that care will be provided, as necessary, and should be rendered on a charity basis Hence, financial ability to pay should never present a barrier for the community to receive the emergent care needed by community members We plan to further our efforts in raising patient/public awareness and hopefully cooperation in securing financial assistance from charity care programs available at New Island Hospital, as applicable and appropriate for those who qualify This will be accomplished through numerous marketing efforts including the Hospitals website, internal brochures and signage and coordination with local agencies/community groups and the Nassau Suffolk Hospital Council Dissemination of the Report to the Public A written summary of the Hospitals CSP, important information regarding the Hospitals public health programs, including Prevention Agenda priorities and non-Prevention Agenda programs, and the availability of financial assistance to the public will be posted on the Hospitals website This summary information will also be made available in brochure format for community members who may not have access to the Hospitals website Brochures will be distributed to local libraries, Chambers of Commerce, places of worship, civic associations in the Hospitals catchment area and in the Hospitals quarterly community newsletter, as well as to patients who receive care within our facility

- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves

Part VI, Line 2 The hospital worked with the Nassau County Department of Health, other hospital facilities and other healthcare partners in the Nassau County region on the Prevention Agenda priorities Participation of the community members in the Hospital's services area was solicited via multiple venues in an effort to engage community participation in the development of this community service plan The public input process was announced via the Hospital's website in June 2009 whereby we encouraged our community members to provide comments on their health care priorities and how New Island could best serve their needs We also dedicated a section of the Hospitals Community newsletter in July 2009, distributed to nearly 150,000 community residents to encourage community members to provide input on their health care priorities The hospital typically holds Community lectures on a monthly basis, on varying topics in healthcare, ranging from Stroke Prevention to Sleep Disorders as well as numerous other healthcare topics of interest to the community At each of these lectures, offered free of charge and normally well attended by community members, each individual attendee is requested to complete a questionnaire not only about how useful the lecture material was for their personal interest and use but also for our Hospital to learn of other healthcare topics which would be of interest to the participants for future lectures The Hospital also takes the opportunity to discuss with health lecture audiences any special needs they believe should be fulfilled by their local hospital and healthcare resource, not only on the specific lecture topic but also on any other subject matter regarding health and wellness

- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's charity care policy

Part VI, Line 3 All employees in the scheduling, patient access, patient financial services and emergency departments are fully versed in the Charity Care Policy, have access to the charity care application forms, and are able to direct questions to the appropriate Hospital representatives The Hospital posts multilingual notices as to any policies on charity care in several prominent locations within the Hospital including, but not limited to, the emergency department, billing office, waiting rooms for purposes of admissions, and the inpatient and outpatient registration area Said notices are published in at least the following languages English and Spanish, and are clearly visible to the public from the location at which they are posted The Hospital provides patients, in a timely manner, a summary of its Charity Care Policy upon request The summary, at a minimum provide specific information as to income levels used to determine eligibility and the means of applying for assistance This summary is written at or below a sixth grade reading level The Hospital posts its Charity Care Policy summary on their Internet website The Hospital provides all patients interpreters to assist them in understanding its Charity Care Program in the language spoken by the patient during any pre-admission, admission, and discharge process On all bills and statements sent to patients, a statement will be included regarding the availability of various financial assistance programs, including charity care, and a contact number to call to obtain further information This information will be available at or below a sixth grade reading level

- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves

Part VI, Line 4 The Hospital primarily serves patients from the following surrounding communities Massapequa, Farmingdale, Amityville, Levittown, Massapequa Park, Wantagh, Seaford, Bethpage, Bellmore, East Meadow, Lindenhurst, Copiague, Babylon, Hicksville, Plainview and Woodbury Approximately 90% of Hospital patients who are admitted and/or provided care in our Emergency Department reside in the aforementioned service areas This is based on annual 2008 data relative to inpatient admissions/emergency department visits to our Hospital

- 5 Community building activities.** Describe how the organization's community building activities, as reported in Part II, promote the health of the communities the organization serves

- 6** Provide any other information important to describing how the organization's hospitals or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.)

Part VI, Line 6 The Board of Directors is comprised of nine members, consisting of voluntary community members, the Medical Staff President, a physician representative and the President & Chief Executive Officer of the Hospital who is directly responsible to the Board of Directors The Board provides strategic, visionary guidance and direction for the Hospital's current programs, future programs, patient quality and safety, capital projects, special initiatives and for all governance responsibilities There are six Board committees Finance, Executive, PIPS (Performance Improvement Patient Satisfaction), Corporate Compliance, Audit and Fundraising One or more Board members chair, co-chair and/or attend each of these committees at their scheduled meetings The Board is very much engaged and committed in listening to and addressing community needs to further the Hospital's mission of providing high quality care to our patients and very supportive of Commissioner Richard Daines' "Prevention Agenda for the Healthiest State" initiative, aimed to improve the health of all New Yorkers New Island Hospital's Community Outreach Programs include Health Workshops, Support Groups, Community Health Education Lectures, "Meals on Wheels", Health Fairs and Screenings, Blood Drives and other Patient-Focused Initiatives The Hospital is supportive of educational institutions and their respective students to provide clinical experience and education in the Hospital environment The Hospital holds multiple affiliation agreements with educational facilities (e.g. Hofstra University, Long Island University, State University at Farmingdale, Western Suffolk BOCES) for onsite student training / mentoring in nursing, radiology technology, health administration and for other health care professions and is a designated site for training of Doctor of Pharmacy candidates through St John's University New Island Hospital is also an active member of Farmingdale, Bethpage, Massapequa and Amityville Chambers of Commerce and participates in many of the Chambers' activities, including health fairs, street fairs and community festival days At these festivals the Hospital provides free educational health care material and typically offers free blood pressure screenings to community residents The Hospital also holds health fairs on its premises, where it invites all its community members to learn about Hospital services and special programs The Hospital held a fair to provide carotid artery ultrasound, abdominal aortic screening, lipid profile and glucose screening tests, blood pressures, Dietitian consultations and Diabetes Educator consultations, among other free health services for community members in attendance Also, in collaboration with the Bethpage Library, New Island Hospital sponsored a seasonal flu vaccine clinic for seniors in 2009, offering 300 vaccines to seniors in the Nassau County area ASSESSMENT OF PUBLIC HEALTH PRIORITIES & STRATEGIES FOR SELECTED PRIORITIESCriteria for Public Health Priorities In line with NYSDOH Commissioner Richard Daines Prevention Agenda for the Healthiest State, priorities were chosen by taking into consideration the 2-3 priorities (of the published list of 10 priorities) that would provide the greatest health care benefit to the health of the largest number of New Yorkers in our State, directly or indirectly, and specifically in Nassau County through collaboration with our Local Health Department, other hospital providers in the County and, with other healthcare partners Collaboration, focus, attention and action by this group on the priorities selected should allow us to achieve the desired outcome, a healthier County which will contribute to the goal of a healthier New York State The criteria used included the benefits that the priority health focus would yield to better the quality of life for community residents, a reduced need for expensive healthcare resources for health conditions that might have otherwise been mitigated before their manifestation to a level requiring the use of extensive and expensive health resources and, ultimately priorities that would, over the course of time, free-up sufficient governmental and other health payer spending to help support the funding of health insurance for the uninsured / under-insured and to be able to reduce and eventually eliminate any barriers to high quality health care for everyone in our communities in need of care Data used to help select these priorities was derived from the New York State Department of Health Prevention Agenda website and associated links / data tools, the Nassau County Community Health Assessment and a comparison of actual most recent available prevention agenda indicator rates for Nassau County versus prevention agenda objectives for 2013 as targeted by the NYSDOH In summary, the group developed a priority-setting plan to help determine which of the ten Prevention Agenda priorities would be reasonably practical to address and best meet the needs of our catchment areas The group focused on consideration of the following criteria for selection of the Prevention Agenda priority choices County indicators offering the greatest opportunity for impact Community Need Alignment and synergy with existing hospital strategy and mission Availability of outcome measures Availability of benchmarks on Performance Quality Indicators Potential for Grant / funding Existing groups, programs and resources Selected Prevention Agenda Priorities Pursuant to a series of meetings held in collaboration with the Nassau County Department of Health (NCDOH), other hospital facilities in the County and other health care partners, it was decided by the group that the two Prevention Priorities for the County would be focused on the following two public health prevention agenda selections Tobacco Use Prevention and Cessation and Unintentional Injury Prevention of falls among those aged 65+ versus of age Two work groups, named the Thought Leaders, were established, one for each of these priorities The Thought Leaders workgroups were comprised of a representative from each hospital, including New Island Hospital, and the NCDOH to assess the current status, programming, resources and potential partners for each priority and to formulate a strategic plan to address each priority over the next three years Status of Priorities New Island Hospital has undertaken these initiatives from the standpoint of providing education for hospitalized patients during their stay and upon discharge, publicizing relevant information to the community at large and in physician and employee newsletters These initiatives would be classified as new from the standpoint that the State Health Department, Local Health Department, as well as hospital providers, including health practitioners and other community partners would all be working collaboratively toward common goals and objectives With this magnitude and broad scale level of support and channeled effort, it is more likely that we can realize greater and more significant impact and improvement in affecting positive change in preventive care We believe that the first step needs to be focused on raising level of awareness and working on developing new and strengthening existing relationships with our community partners Non-Prevention Priorities Considered in Assessment Process Among hospital public health programs not included in the Prevention Agenda, but still function to serve public health and wellness, are the stroke and diabetes programs OTHER IMPORTANT SERVICES PROVIDED BY NEW ISLAND HOSPITAL TO PROMOTE COMMUNITY HEALTH & WELLNESSOther important services provided by the hospital to promote community Health and wellness include -Hyperbaric and wound healing outpatient center-The center for sleep medicine-Outpatient balance/vestibular testing and physical therapy-MRI Service-Speech swallowing and voice disorders
