Identifier	Return Reference	Explanation
	HISTORY OF TRAILBLAZER FOUNDATION	History Trailblazer Foundation, was incorporated as a 501(c)3 in 2004 Since then, the foundation has run highly successful programs in villages of rural Cambodia These programs are guided by the Trailblazer Foundation's Mission By providing training and appropriate technology, we empower rural villagers to create self sustaining programs Our focus includes water projects, school construction, and community based development in order to foster healthy families, sufficient food, and sustainable incomes We strive to preserve the cultural integrity of the villages we work in by using a participatory model of community based development This model allows the villagers to identify their needs and empowers them to work in partnership with us to find sustainable solutions to their most pressing needs Trailblazer Foundation first visited Sras Village in the province of Siem Reap Cambodia in 2004 At that time Sras Village was identified as one of the poorest villages in the district of Angkor Thom The people of Sras had no access to potable water, 79% of men and 92% of women were illiterate, only 15 children out of 600 had ever attended school, and diseases like malaria, dysentery, and dengue fever claimed the lives of 1 out of 7 children before the age of five years old Sras Village had received no international aid and the villagers had little hope for rising above the World Bank poverty definition of "the poorest of the poor " Using a model of participatory community based development, Chris and Scott Coats, the founders of Trailblazer Foundation, began working in partnership with the people of Sras and the surrounding region to improve their living conditions and achieve sustainable economic development In the last four years Trailblazers work in Cambodia has resulted in access to clean water through the installation of over 160 wells and over 1,700 bio-sand water filters, construction of three elementary schools, access to vocational training opportunities, numerous micro-businesses, and 7 village-run self-sustaining banks The village-run banks now consist of 46 micro-loans to 38 residents providing an opportunity for each villager to improve their livelihood and living conditions Three years after inception, the village bank funds have grown to the equivalent of more than \$1,800.00 US dollars, this is significant in a region where the average wage was less than 25 cents a day The village bank is truly their own as Trailblazer Foundation has not contributed any money to its funds Trailblazer Foundation fostered this sustainable economic independence among the people of Sras and as of today, many families have risen two full poverty levels Now, according to the World Bank's poverty indicators, they are "poor" but with their new skills and water resources they can continue to sustainably improve their lives These residents have been empowered to live sustainably without a continuing influx of international aid Organizational Overview Trailblazer Foundation is headquartered in Jackson, WY, USA During 2009, co-founders, Chris and Scott Coats, worked for the organization, receiving a small salary for their work which averaged 40 hours/week TF's home office was staffed by one part-time office manager To support and strengthen our work in Cambodia, TF established and registered Trailblazer Cambodia Organization (TCO) as an indigenous NGO in 2008 Local Cambodians fill management positions and serve as the main point of contact in Cambodia Professional development opportunities are provided for management staff who assumed full responsibility for the TCO office in 2009, and provide a long-term presence in the region Implementation Strategies Using the success of our work with our pilot model, Sras Village, Trailblazer Foundation is replicating this community-based sustainable development model in the surrounding region and currently is working in 60 rural and 14 peri-urban villages, touching the lives of over 10,000 residents Trailblazer Foundation accomplishes its mission in the following ways Projects/Fieldwork 1 We pursue sustainable community development projects with emphasis on basic needs, education, and vocational training 2 As basic needs are met, TF staff encourages and mentors villagers to develop their own village bank and begin a village-run microloan program to foster sustainable economic development Approach 1 We use a Community Participatory Empowerment approach, i.e. a bottom up sustainable implementation approach, involving village requested and backed community development 2 Empowerment and equitable participation of the villagers (beneficiaries) are key to the success of our sustainable outcomes Role 1 Our role is to implement sustainable community-based development projects and, as requested and appropriate, act as advisors to and conduits for other NGOs performing similar work Geography/Growth 1 We implement sustainable projects within Cambodia, and grow the organization in a manner that maintains the integrity of the Community Participatory Empowerment model 2 We share the TF model globally, and expand our geographic reach as appropriate Accomplishments In the past four years TF has specifically accomplished the following - I Used local labor, resources, and appropriate technology to provide access to potable water by A Locally manufacturing and installing approximately 1,700 bio-sand water filters 1 Over 32,000 Cambodian school children now have access to clean water through the installation of water filters in over 125 schools and public institutions 2 Installing over 160 wells in Siem Reap Province - these water access sites serve over 68,000 people B Contracting with a professional well drilling team to provide vocational training, TF provided start-up funds for these two local villagers to start their own well drilling company 1 This team is now autonomous and has installed more than 96 wells C Establishing a local bio-sand water filter construction site, which is supervised by and employs local residents D Providing training in the indigenous language to 911 recipients of the wells and water filters regarding cleaning, maintenance, and water testing to ensure continued access to potable water II Built two four room elementary schools (for approximately 600 children) using local labor, TF completed construction of a third (6 classroom) school in TaTrav Village in the spring of 2009 for approximately 480 students A TF established relationships with and received signed Memorandum of Understanding certificates with the Ministry of Education Youth and Sport and the Ministry of Rural Development, which ensures the sustainability of the school 1 The Cambodian government provides paid certified teachers, and a graduation certificate, ensuring that all graduates can continue on to secondary and higher education B All village adults have an equal opportunity to earn money and learn valuable vocational skills while helping to build the school III Networked with other governmental ministries and NGOs to provide access to water, food, medical, dental, schools, educational, and vocational training A World Food Program, Global Medic, Rotary International, Friends without Borders, Cambodian Landmine Museum Relief Fund, National Office of Social Welfare, International British School of Beijing, Rotary clubs in the United States, Canada, and Cambodia, Cambodian Ministry of Education Youth and Sport, and the Cambodian Ministry of Rural Development IV TF has provided seed money for numerous micro-business opportunities including such things as the purchase of livestock, seeds, fish, sewing machines, and cooking ware (TF seed money for micro-businesses is separate from the Village Fund microloans) V TF has worked with village leaders to strengthen their village council's committee structure and establish a Village Fund and village-run microloan program A In exchange for a well, water filter, vocational training scholarship, micro-business equipment, or TF grant of micro-business seed money the recipient contributes a nominal amount into the Village Fund B Village Fund Committee oversees the management and distribution of these funds through approved micro-loans C Trailblazer Cambodia Organization provides training and oversight to the village finance committee for the management of the Village Fund For further information please visit our website at www.trailblazerfoundation.org or contact us at
