## Schedule of Realized Gains and Losses

This section includes a summary of the short- or long-term gain or loss from the sale of selected securities in non-retirement accounts. "Short-term" refers to securities held for one year or less; "long-term" refers to securities held more than one year. RBC provides cost basis information as a service to its clients; the information may not be accurate for tax reporting or other purposes and may rely on information, such as the original cost basis for a security, that you or another source at your direction provided to RBC. Cost basis information may reflect a change in the value of certain fixed income and other securities that return or amortize principal over time. In the case of bonds purchased at a premium, cost basis information may be amortized. In addition, cost basis information may reflect accretion for zero coupon and OID bonds. Please refer to IRS Publications 1212 and 550 or contact your Tax Advisor for additional information.
