Activities & Governance	1	Briefly describe the organization’s mission or most significant activities ThedaCare Center for Healthcare Value is working to close the gap between value creation and marketplace reward. We hope to create a healthcare marketplace that rewards providers for delivering value measured in terms of highest quality at the lowest cost. We are targeting these issues by publishing the framework by which organizations transform themselves using healthcare LEAN. Our experience tells us that our goal needs to be to make every person in a health care organization a daily problem solver. The Center will teach transformation leadership using the lessons and firsthand experience gained from our and others quality journey. We will share our collective insight on the best ways to unite employers, providers and payers to develop new models of care and payment that result in greater efficiency and expertise for healthcare providers and greater value for purchasers and patients.
