About
Grant History
How to Apply

The Foundation supports programs and organizations that improve the quality of life for residents of the 64 towns we serve, with a special emphasis on the needs of children, youth and families. Our general program areas are education, human services and arts & culture, but many of our grants may fit into more than one of these categories. Our primary focus is in the city of New Britain, with a secondary focus on the city of Waterbury. We focus on funding programs that help those with highest need and/or at greatest risk, and where our funding can make a direct, measureable impact.

For more information about our priorities - visit **Frequently Asked Questions**. You should also review our **grant history**

Grant History
How to Apply

General Information

Program grant proposals may be submitted at any time during the year. Funding priorities are *Education, Human Services, and Arts & Culture*. Agencies do not need to apply under a specific funding priority. (For more information about our **funding priorities**)

We fund new programs, as well as existing programs where our support will enhance, strengthen, expand or improve services. We are interested in funding collaborative programs, and also in providing matching funds to leverage new dollars into the community. Grants are not made for **general operating support** to agencies.

We fund programs on a year-to-year basis, multi-year program grant commitments are not made. We make a grant to a specific program only once in a 12 month period, renewals are never automatic. By invitation only, an organization may apply for a grant for more than one program. These are rare exceptions.

Measurable Outcomes

Like many funders - private as well as public - the American Savings Foundation wants to invest its funds in programs that make a real, demonstrable change in the community and in the lives of the people served. While we understand that nonprofit program results can be difficult to measure, we expect grant seekers to focus on outcomes, not on process. Your proposal must define your outcomes, and what indicators you will use to measure whether you have been successful in achieving them. These outcomes should be realistic given your program implementation and action plans and the scope and timeframe of your proposal to us. If your proposal is funded, these outcomes will form the basis for written reports and site visits.

We do not dictate exactly what approach you must take, because we understand that it may be different for every agency. Some examples include logic models (see **W.K. Kellogg Foundation Logic Model Development Guide**), Results Based Accountability (see **Implementing Results-Based Accountability in the Connecticut General Assembly**). The Hartford Foundation For Public Giving's *Work Plan* is also an excellent resource.

Eligibility Requirements and Policies

- Programs must primarily serve residents in one or more of the **64-towns served by American Savings Foundation**
- Organizations must be tax exempt under IRS section 501(c)(3)
- Religious institutions are not eligible, except for non-sectarian activities that benefit the community at-large
- Endowment funds are not eligible.
- Individuals are not eligible

For more information about types of proposals **that do not fit our funding priorities**.

Please review our **Frequently Asked Questions** section. For more information, call the Foundation at (860) 827-2556 or email us at **grant@asfdn.org**.

About
Grant History
How to Apply

IMPORTANT

Proposals submitted that do not follow our format and guidelines, or lack required information, will not be reviewed by the Grants Committee. You will be contacted by staff when your proposal is ready for review, or if more information is required

Any outstanding reports due on existing grants must be submitted before a new proposal will be considered (use the **report format**)

We strongly recommend that proposals be no more than 10 pages, plus attachments. Do not send video tapes or DVDs. Use 12-point font with pages numbered. Send only one copy which must be unstapled and unbound. No email proposals will be accepted.

1) Cover page

- Name and address of applicant organization with phone and fax number
- Name and title of the organization's chief executive with email address
- Name and title of primary contact with email address
- Title of proposed program.
- Total program budget
- Amount requested.
- Fiscal year ending: month/year
- Beginning and end dates of the program covered by this grant request (month/day/year)
- Executive summary of program in about 40 words. This should describe your proposal succinctly in a useful "sound bite."
- Federal Tax ID number of the 501(c)(3) agency with fiduciary responsibility
- Signature of executive director, president, CEO, or board chair.

2) Background and past performance

- A brief description of your organization and its capacity to conduct this program. Indicate your experience providing programs to your target population and community.
- Past evaluations and outcomes for the program that are relevant to this proposal, if any.

3) Scope of services

- Explain the need for the program in the specific community where the program is to be delivered.
- Describe how the program or services will benefit the the community and the lives of the people served.
- Indicate **measurable outcomes**. Be specific.

4) Program implementation and action plans

- Describe how the program will work. Include program timetable
- Location(s) and facilities where services of the proposed program will be provided.
- List staff with brief descriptions of their roles in the program
- If the program depends on partner agencies, include letters of support that confirm specific commitments and the role that the partnering agency will play
- If you are an organization serving New Britain youth, describe your participation in the New Britain Youth Network and identify your agency's current network representative. How has participation in the network influenced your youth programs?

5) *Outcomes and reports*

- Show how you will report **measurable outcomes** to the Foundation
What metrics and methods will you use?
- For interim and final reports, use the **report format** .

6) *Budget* (See important information about **grant amounts**)

- Provide a line-item budget for both the program and the amount requested in this proposal. Use **budget format**. The line-items in your budget (staff, supplies, etc) must reflect what you described in the *Program implementation and action plans* - section 4 above.
- Provide notes to the budget, including an explanation of what is included in **administrative overhead** and any other items that require further clarification
- Future funding - address how the program will continue beyond the grant period.
- Describe the overall financial condition of your organization and explain any operating deficit or surplus that appears in your financials

7) *Required attachments*

- Your organization's operating budget for the fiscal year during which this program will operate
- *Audited financial statements for the most recent fiscal year. If unavailable explain why and provide a copy of your most recent unaudited financial statements*
- List of governing board members
- We will review your most recent IRS form 990 on Guidestar. If you are not required to file IRS form 990, explain why

About
Grant History
How to Apply

The American Savings Foundation considers select proposals for capital grants. Past grants have provided funding for one-time capital expenses as well as for large capital campaigns. The review process consists of two steps. First, organizations must submit a letter of intent to the Foundation. Secondly, select projects will then be invited to submit a full proposal. Organizations that are considering applying to the Foundation for a capital grant should contact Maria Sanchez, Senior Program Officer, at (860) 827-2556 or by email msanchez@asfdn.org, well in advance of their proposed project date.

American Savings Foundation Scholarship Procedures

The American Savings Foundation awards scholarships to students enrolled in or entering a two-year or four-year college or university or an accredited technical/vocational program. Applicants must be full-time residents of one of the 64 towns served by American Savings Bank prior to its acquisition by Banknorth CT (February 2003), which corresponds to the Bank's official CRA territory as of that date. The Foundation provides information concerning the scholarships to high school guidance counselors, public libraries, social service organizations, youth groups, and media outlets in the service area.

Scholarships are awarded primarily based on financial need, with consideration also given to academic potential, citizenship, and community involvement. Applicants should have a minimum 2.5 GPA. Applicants may reapply for up to a total of four academic years. The Foundation awards a small number of graduate school scholarships; only students who have received the American Savings Foundation scholarship as undergraduates are eligible to apply. Priority is given to students pursuing a master's degree in education or social service, and who are attending graduate school in the state of Connecticut. The Foundation also has a "special scholarships" program which accepts applications from students who did not meet the GPA requirement to apply for the general scholarship during the open application period. These applicants must have completed a high quality college preparation program (for example, ConnCAP at CCSU) to help prepare them to be successful in college.

The Board of Directors of the Foundation (the "Board") votes to approve a total budget for scholarships each year. The Board delegates the responsibility for managing the program to the Foundation's staff. The Board also delegates the responsibility for reviewing and evaluating scholarship applications and selecting recipients to the Scholarship Committee (the "Committee"). The Committee consists of no fewer than three persons who need not be members of the Board. The President shall serve as ex officio chairman of the Committee. The Committee is responsible for establishing rules and procedures for applicants; reviewing and analyzing scholarship applications; making scholarship awards within a budget approved by the Board; and reporting its actions and recommendations to the Board.

To ensure that an objective decision can be reached on each application, the Committee uses a blind review process. The Foundation's staff processes the applications and removes any identifying information prior to forwarding them to the Committee. Committee members are instructed to report any instance where they are able to identify the applicant based on the information provided. In such cases, that reviewer abstains from review, discussion, and voting on that applicant. Applications are reviewed primarily based on need. Applications that do not meet a needs test may not be forwarded to the committee.

The Board has allocated up to \$675,000 to be used for scholarships in 2008. A small portion of these funds may be distributed to qualified colleges or universities, to be awarded as financial support to students attending these institutions. Each institution is responsible for the management of the scholarship dollars and selects the recipients. However, certain criteria must be met by each recipient, including geographical location and financial need, following the overall American Savings Foundation scholarship program guidelines.

Most scholarship funds are distributed in two installments, one half at the beginning of the fall semester and the second half at the beginning of the spring semester. Scholarship recipients must submit information to the Foundation verifying the recipients continued enrollment at the college or university in order to receive each installment. A recipient's failure to provide this information will prompt an inquiry by the Foundation, and payment of the second installment will be held. In the event it is discovered that scholarship funds are not being used for their intended exempt purpose, the Foundation will take appropriate action to recover any diverted funds.

Scholarship recipients may reapply for up to a total of four years of undergraduate education. Renewal applications must be submitted between April 1 and June 31, are reviewed during the summer. Renewal applications are reviewed by the Committee following the same criteria and procedures outlined above.

First time recipients who apply as high school seniors will be awarded 2-year college scholarships. These awards will be paid in four installments contingent upon review of the scholar's enrollment status, academic achievement and continued financial need. After the initial two-year award is completed, students may apply for one-year renewals for their junior and senior years. Students must maintain a minimum 2.5 GPA to receive each installment. At the discretion of the foundation, a student who has failed to meet the GPA requirement or any other requirement of the scholarship may be placed on probation. When on probation, the student will be given clear academic goals to achieve in order to receive any remaining installments.

New and renewal applications may be submitted online. The online application requires the same information as the paper applications. All applicants must supply original documentation including a copy of the Student Aid Report and transcripts.

Beginning in 2008, the foundation will award approximately 10 scholarships to employees of member agencies of the New Britain Youth Network to help them pursue the Credential in After School Education at Charter Oak College. The network consists of 28 nonprofit agencies that provide services to youth in the city of New Britain. The network was formed as part of the Foundation's New Britain After School Initiative, which is designed to expand after-school programs in the city and to improve program quality. Any employee of a member agency may apply. Priority will be given to students who are currently working in after-school programs. Scholarship recipients will pursue the Credential in After School Education as a cohort. Scholarship awards will provide partial funding for the program costs, structured so that the student's portion of the cost will decrease as he or she successfully progresses through the credential program. Students will earn college-level credits which can be applied to a bachelor's degree. This will be a competitive application process. Applications will be reviewed by the ASF Scholarships Committee using a blinded application process.

The Foundation retains records submitted by the scholarship recipients and their educational institutions. In addition, the Foundation ensures that no recipient of a scholarship from the Foundation is a disqualified person with respect to the Foundation.

Summary of Direct Charitable Activities for 2009:

1) New Britain After School Initiative - \$88,453

As part of its commitment to improving outcomes for New Britain Youth, in 2005 the Foundation launched a strategic funding initiative to address the interconnected issues of academic achievement, the drop-out rate, and the teen pregnancy rate in New Britain by making a significant investment in improving the quality and availability of after-school programs for middle-school youth. In 2009, the Foundation funded a cluster of five New Britain after-school programs with initiative grants totaling \$514,802. In addition, the Foundation provided over \$270,000 in smaller grants to agencies that provide a variety of activities for New Britain youth, including sports, arts and culture, recreation and academic enrichment program beyond the school day. In addition to program grant funding, the Foundation has engaged consultants to work with the five cluster grantees on capacity building and program quality, and provided access to and training on a data collection system to improve program evaluation as well as monitor outcomes of participants over time.

2) New Britain Youth Network (NBYN) - \$8,921

As part of the New Britain After-School Initiative, the Foundation has committed to convene and support a network of youth-serving agencies and community leaders. The network meets bi-monthly to address common issues faced by youth service agencies and the entire New Britain community, including the drop out rate, teen pregnancy and academic achievement. Network members work together to ensure that every child in New Britain has access to high-quality youth development programs. Since it was established in 2005, network programs have dramatically increased the total number of youth participating in after-school programs and the availability of programs in underserved neighborhood. The NBYN has developed cross-training opportunities for staff from all member agencies; four task force teams to address issues including transportation, program quality, and parent engagement; and successfully developed collaborative proposals for funding to leverage additional dollars into the community.
