Detail to Page 10, Part XV, Question 2, Supplementary Information

OVERVIEW OF GRANT PROGRAMS

The Woods Fund is particularly interested in supporting those organizations and initiatives that focus on enabling work and reducing poverty within Chicago's less-advantaged communities. Grants are given exclusively to organizations with agendas that benefit metropolitan Chicago and are concentrated in three program areas:

- Community Organizing
- Public Policy
- Intersection of Community Organizing and Public Policy

In addition, a limited number of grants are awarded in the Arts and Culture program area.

The successful grant seeker will assess its proposed needs in relation to the Woods Fund's mission and core principles. Specifically, an applicant organization should determine whether the organization, or its project, embraces any of the following objectives within its mission statement:

- Increasing opportunities for less-advantaged individuals and communities
- Enabling less-advantaged people and communities to shape decisions that affect them
- Helping to engage residents in civic life
- Addressing the root causes of poverty
- Promoting more effective public policies
- · Reducing racism and other barriers to equal opportunity
- Promoting employment opportunities
- Building a sense of community and common ground

PROGRAM AREA: COMMUNITY ORGANIZING

Community organizing enables democracy at the grassroots level and beyond. It is a process that brings together into an influential group people who, individually, may lack sufficient power to improve their opportunities and their communities. Once organized into an effective organization, individuals gain a vehicle for articulating their concerns and goals, proposing ideas and solutions, demanding accountability from influential forces, and shaping the relevant public policies. Successful organizing "builds power for effective action in the public arena". It also generates hope, fosters leadership as well as intentional communities of interest, and strengthens institutions in economically disadvantaged neighborhoods. As a structure, community organizing is largely comprised of dedicated volunteers, assisted by professional or volunteer leaders.

The Woods Fund aims to support community organizing that:

- Develops independent, community-controlled organizations that elect their own leaders and determine their own "grassroots" issues
- Demonstrates a willingness to develop, or already possesses experience in developing, relationships with similar organizations and broad-based coalitions to achieve greater impact both within and beyond the Chicago metropolitan area
- Seeks to shape public policies through strategies that provide participatory and leadership opportunities for the residents of economically disadvantaged communities
- Continually reflects on, improves and documents practices to increase effectiveness of both operations and outreach (particularly developing new leaders, members, and strategies to engage less-advantaged residents)
- Shares best practices and learning experiences with other grantees and stakeholders

Organizations wishing to apply for a Woods Fund Community Organizing Grant should follow the Inquiry Form and Application Instructions.

PROGRAM AREA: PUBLIC POLICY

The Public Policy program area primarily supports policy and constituency-building work that helps low-income individuals and families to attain higher standards of living. It encourages links between workforce development policies, income security, and supportive programs, which address issues of poverty among low-wage workers as well as unskilled potential workers. Although employment, workforce development, and income security issues are a principal interest, the Woods Fund also will consider proposals addressing affordable housing, public school reform, governmental accountability, and other issues deemed important by Chicago's less-advantaged people.

With respect to the emphasis on employment-related issues, the Woods Fund prefers to support policy efforts that are designed to: (1) reduce structural barriers to job opportunities, job retention, and job advancement; and (2) enable the working poor to meet their family's basic needs.

Of those who face significant barriers to employment, three particular groups are of special concern, those who:

- Encounter discrimination, exploitation, and other barriers to job opportunity, job retention, and job advancement based on race, immigration status, and gender.
- Have prison records or felony convictions that make it difficult for them to enter the workforce. "Get
 tough" policies for youth and adults and mandatory sentencing guidelines have produced significant
 numbers of formerly incarcerated individuals who return to their communities and find that their penal
 history is a serious barrier to securing gainful employment.
- Lack basic skills and job readiness training that would allow them to enter and advance in the labor market. While most job-ready people find employment, those left behind need "hard skills" to perform jobs and "soft skills" to get and retain jobs.

What Is a "Policy" Proposal?

Policy proposals seek to improve the effectiveness of public laws and regulations, inform the use of public funds, and address private sector employment practices that impact upon people's ability to work and live above the poverty line. Policy proposals may also seek to improve the *process* by which public policy is made, by making it more inclusive, more collaborative, and more responsive to ordinary citizens' interests.

Policy change activities may include:

- Constituency building to engage more people, particularly the less-advantaged people, in issue awareness and solutions-based participation
- Research and information gathering, including learning more about an issue and its effect upon people, evaluating programs or policies, and identifying best practices
- Networking and coalition building to bring groups together in a coordinated strategy to win effective solutions to policy barriers
- Providing technical information to public officials and administrators
- Media and communications strategies that raise awareness and educate the public and policy makers about low-wage workers' most common concerns, as well as viable policy solutions to those concerns
- Demonstration projects that inform policy where an experience or idea vacuum exists. Demonstration proposals must explain why a demonstration is needed to inform policy and provide specific plans for impacting policy based on the results of the demonstration.

Organizations wishing to apply for a Woods Fund Public Policy Grant should follow the Inquiry Form and Application Instructions.

PROGRAM AREA: INTERSECTION OF COMMUNITY ORGANIZING AND PUBLIC POLICY

The Woods Fund seeks to enable policy and social justice organizations to better understand that the political realities for system change are grounded in the context of the affected community, so that they might develop effective change strategies rooted in these understandings and increase their skills in translating local issues into systemic solutions. Further, believing that project outcomes for grantees in both Community Organizing and Public Policy program areas can be strengthened through an integrated approach, the Woods Fund particularly welcomes proposals that weave successfully the voices of less-advantaged individuals into the public policy arena and expands local organizing efforts to a broader geography.

More specifically, the Woods Fund looks for:

- Strategies that build the capacity of community organizers and community organizing efforts to move beyond local issues and more purposefully address system and policy change at the city, region and state level.
- Public policy organizations' intentional involvement of affected communities and individuals in the
 identification of pertinent issues, the formulation of policy campaigns, engagement of elected officials and
 education of the public about these issues and legislative or administrative wins resulting from these
 campaigns.

The Woods Fund recognizes that community organizations and coalitions are at various stages of development and may need to build their capacities to achieve these objectives. To this end, the Woods Fund welcomes proposals from new and emerging, as well as established, community-based organizations and from temporary or permanent coalitions.

Organizations wishing to apply for a Woods Fund Intersection of Community Organizing and Public Policy grant should follow the Inquiry Form and Application Instructions.

PROGRAM AREA: ARTS AND CULTURE

(NOTE: This program area will be temporarily suspended in 2010)

Chicago is a city rich in excellent arts and cultural organizations and programs. Woods Fund of Chicago recognizes the important role that a full, vibrant spectrum of the arts and culture plays in enhancing the quality of life. To that end, the Woods Fund is interested in supporting high-quality arts and cultural programming that naturally aligns with the Woods Fund's overall grantmaking mission.

Specifically, the Woods Fund is interested in arts and cultural organizations and initiatives that actively explore the role of the arts and culture in engaging people in civic life. A suitable project for consideration in this program area would ideally combine artistic pursuits with community building or organizing. An organization applying for a Woods Fund Arts and Culture grant will be asked to describe how its program goals align with the Woods Fund's goals. Possible examples include:

- Increasing opportunities for people and communities that have limited access to cultural resources
- Bridging cultural and racial divides
- Building common ground and developing a sense of community
- Developing employment and economic opportunities for lower-income people
- Exploring community issues

Special consideration will be given to organizations or projects that strive to:

- Build participation in civic affairs
- Develop community leadership
- Connect their project to facilitate and/or highlight community issue analysis or policy development

Two Types of Arts and Culture Grants

The Woods Fund awards two types of Arts and Culture grants:

• Multiyear General Operating Support for Mid-Sized Arts and Cultural Organizations

In these times of shrinking funding for arts and cultural organizations, paying staff and turning on the lights are major challenges. The Woods Fund seeks to support mid-sized arts and cultural organizations through multiyear general operating grants. Applying organizations must possess current 501(c)(3) nonprofit status, demonstrate a primarily cultural focus, and have an annual operating budget between \$200,000 and \$1 million as demonstrated by financial statements for the prior year, as well as budgets for the current fiscal year and year for which the grant is requested. Grants may be awarded for periods of up to three years, and are generally awarded in the \$10,000 to \$15,000 range per year.

• Community Building and/or Policy-Based Arts and Cultural Projects

The Woods Fund is also interested in community-building, community-based, or policy-based arts and cultural projects or initiatives. Grants will generally range from \$10,000 to \$25,000 per year, though in special instances, smaller grants will be considered for small organizations or projects. New or experimental initiatives, special one-time projects, and proposals for technical assistance are also welcome. This type of grant may also be provided for multiyear projects, but all projects must have demonstrated timelines with stated completion dates. Ongoing projects will not be considered for this grant.

Organizations receiving multiyear support for either type of Woods Fund Arts and Culture grants must submit annual update reports at the end of Year 1. The Woods Fund will continue funding for future years if the report receives a favorable review by staff.

The Woods Fund asks organizations that have received multiyear support for three consecutive years to wait <u>at least</u> one year after the completion of prior grants before reapplying for support.

Organizations wishing to apply for a Woods Fund Arts and Culture grant should follow the Inquiry Form and Application Instructions. Potential applicants should be aware that Woods Fund Arts and Culture grants are awarded annually in June, but that this program has been temporarily suspended for June 2010.

OTHER PROJECTS

Over the years, the Woods Fund has invested in a range of projects aimed at improving the quality of life of the area's less-advantaged residents. While the Woods Fund focuses primarily upon the Community Organizing and Public Policy program areas, it will continue to consider other innovative proposals that may benefit the Chicago area's less-advantaged residents and communities.

Grant seekers who believe they have such a project may submit the Inquiry Form, which may be found on the Woods Fund website.

FUNDING LIMITATIONS AND RESTRICTIONS

While the Woods Fund supports many types of organizations and activities, the following areas are <u>not</u> eligible for grant review:

- Business or economic development projects
- · Capital campaigns, capital projects, and capital acquisitions
- Endowments
- Fundraising benefits or program advertising

- Health care institutions
- Housing construction or rehabilitation
- Individual needs
- Medical and scientific research
- Programs in and for individual public and private schools
- Religious or ecumenical programs
- Residential care, rehabilitation, counseling, clinics, and recreation programs
- Scholarships and fellowships
- Social and welfare services, except special projects with a clear public policy strategy

Generally, applicants should be organizations as described in Section 501(c)(3) of the Internal Revenue Code. They should also have a written ruling from the IRS that they are an organization as described under Section 509(a)(1), (2), or (3) of the Code.

MULTIYEAR FUNDING

The Woods Fund is open to receiving requests for multiyear funding from organizations that have performed consistently and effectively in the past, and can communicate carefully considered visions for their future. Grant seekers who apply for multiyear funding should be aware that multiyear funding is not automatically granted to successful applicants. The decision to award a multiyear grant will depend on a number of factors, including a clear and well-organized plan that includes methods used to evaluate progress, the number of organizations seeking multiyear funding, and the amount of Woods Fund funding available for long-term commitments. Thus, applicants for multiyear funding may, even if accepted, receive funding only for one year.

RENEWED FUNDING

The Woods Fund is open to receiving requests for renewed support from successful grantees. Renewed support is not automatically guaranteed. An invitation to submit an application for renewed support will depend on a number of factors including continued alignment of proposed activities with the Woods Fund mission and core values; demonstrated impact of previously funded proposals; successful adherence to requirements outlined in the grant agreement; and availability of Woods Fund grantmaking dollars to support the request.

Organizations seeking renewed funding must first submit an Inquiry Form as outlined in the Inquiry Form and Application Instructions.

ORGANIZATIONAL PROFILE

The Woods Fund is interested in learning more about grant seekers with respect to the composition of their board, staff, membership and the individuals/communities they actively engage. This information will help the Woods Fund better understand what constituencies are likely to benefit from Woods Fund resources. Although some of the categories require self-disclosure, please complete the profile as fully as possible with information that is known at the time of the application submission. Although it may be easier to provide percentages, they should not be used.

The following definitions are offered for clarification purposes only:

Beneficiaries: Low income: recipients of an action, policy or performance. an individual earning less than \$32,812 a year.

Very low income:

an individual earning less than \$20,808 a year.

LETTER OF INQUIRY AND APPLICATION INSTRUCTIONS

The Woods Fund requires that prospective grantees first submit a completed Inquiry Form. If the Woods Fund responds positively, applicants will be asked to submit a full application. Before beginning this process, please consider carefully the Woods Fund's Guidelines to determine whether the request is appropriate for the types of grants that the Woods Fund dispenses.

As the Inquiry Form and proposal are prepared, please check to make sure that they:

- Reflect clear thinking and responsible program management
- Fit with Woods Fund program priorities and values as set out in the Fund's mission statement and core principles
- Leave the reader with a clear understanding (logical flow) of how the organization/project proposes to address a Woods Fund priority program issue in a way that involves the less advantaged in project design and implementation activities
- 1. The Woods Fund awards grants in June and December. Please note that Woods Fund Arts and Culture grants are awarded only in June; however, this program will be temporarily suspended in 2010. Applicants must complete the application process three months before the Woods Fund Board meets to award grants.

| APPLICATION AND AWARD TIMETABLE | | | | |
|---|--|-----------------------------|------------------------------------|--------------------|
| PROGRAM AREAS | INQUIRY FORM SUBMISSION DATE | INQUIRY FORM RESPONSE | FULL APPLICATION SUBMISSION DATE | BOARD DECISIONS |
| Community Organizing Public Policy Arts and Culture | January 2 through last business day in January | Third Friday in February | February 23 through March 22 | June |
| Community Organizing Public Policy | July 1 through last business day in July | Third Friday in August | August 24 through September 20 | December |

- 2. All prospective grantees should submit an Inquiry Form approximately three months prior to the required decision date (see schedule above). The purpose of the Inquiry Form is to assess, succinctly, how well the proposed request matches the Woods Fund's priorities. The Inquiry Form asks for information on the grant seeker's plans, capabilities, budget, and expected outcomes. Please use the Inquiry Form found on the Woods Fund's website site (www.woodsfund.org). The Woods Fund requires that this form be submitted in electronic format, as an e-mail word processing attachment, no later than midnight on the due date. Forms should be sent to application@woodsfund.org.
- 3. Those submitting Inquiry Forms will receive a response from the Woods Fund staff at least one month prior to the submission date for full applications. The Woods Fund's response to Inquiry Forms will be one of the following:
 - A request to submit a full proposal without suggested amendments (note that this is not a guarantee of funding, but rather an indication that the Woods Fund considers the project or organization worthy of consideration)
 - A request to submit a full proposal with suggested amendments that may include budgetary, methodological, or other changes
 - A decision that the proposed project does not meet guidelines or current priorities (such decision may or may not include suggestions for changes that an applicant might use in later grant cycle applications)

Next Step if Invited to Submit a Proposal

For those applicants who receive a favorable response to their Inquiry Form, the next step is a full application. The full application consists of two parts: (1) a Cover Sheet that asks for detailed information about the organization;

- (2) a Narrative Section that asks about the organization's history, current work, goals, assumptions about what works, how a Woods Fund grant would be used, and expected outcomes; and (3) a series of documents that helps to highlight the fiscal health and governance structure of the organizations. These documents include:
 - A list of board members, with complete addresses and phone numbers
 - Current annual operating budget, including expenses and income
 - Year-to-date financial statements
 - Most recent audited annual financial statements
 - Project budget, with expenses and income, if applicable
 - A Form 990 IRS return if the organization's annual budget exceeds \$25,000
 - A copy of the IRS exempt-status determination letter

The electronic form should be sent to the Woods Fund at application@woodsfund.org. The completed hard copy of the application should be mailed to:

Woods Fund of Chicago Attn: Grants and Operations Manager 360 N. Michigan Avenue, Suite 1600 Chicago, IL 60601-3806

Please note that two separate Narrative Sections exist: one for Community Organizing and Public Policy grants and one for Arts and Culture grants. Grant seekers should fill out only the appropriate section. The Woods Fund requires that applications be submitted in electronic format and in hard copy. Applicants should set up their own word processing file using the Application template found on the Woods Fund website (www.woodsfund.org).

Applications must be received at the Woods Fund by midnight of the due dates specified in the Application and Award Timetable above.

Independent Auditor's Report

Board of Directors Woods Fund of Chicago Chicago, Illinois

We have audited the accompanying statements of financial position (cash basis) of Woods Fund of Chicago as of December 31, 2009 and 2008, and the related statements of activities (cash basis) for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in the summary of significant accounting policies, these financial statements were prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of Woods Fund of Chicago as of December 31, 2009 and 2008, and its revenues and expenses for the years then ended on the basis of accounting described in the summary of significant accounting policies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Woods Fund of Chicago (the "Fund") was created pursuant to a Plan of Reorganization for Woods Charitable Fund, Inc. (Charitable Fund) and was incorporated in the State of Illinois on November 16, 1993, as a charitable corporation not for pecuniary gain. In accordance with the Asset Transfer Agreement, 70% of the market value of assets of the Charitable Fund was allocated to the Woods Fund of Chicago. The Fund is a grant-making foundation whose goal is to increase opportunities for less-advantaged people and communities in the metropolitan area, including the opportunity to shape decisions affecting them. The Fund works primarily as a funding partner with nonprofit organizations. The Fund supports nonprofits in their important roles of engaging people in civic life, addressing the causes of poverty and other challenges facing the region, promoting more effective public policies, reducing racism and other barriers to equal opportunity, and building a sense of community and common ground. The Fund's primary sources of revenue are investment income and realized gains. The Fund's fiscal year ends on December 31. Significant accounting policies followed by the Fund are presented below.

Basis of Accounting

The financial statements of the Fund have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Accordingly, revenue is recorded when received rather than when earned and expenses are recorded when paid rather than when the obligation is incurred.

Financial Statement Presentation

The Fund reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Net assets are generally reported as unrestricted unless assets are received from donors with explicit stipulations that limit the use of the asset. The Fund has no temporarily or permanently restricted net assets.

Temporary Cash Investments

The Fund considers all highly liquid investments to be temporary cash investments. The Fund's temporary cash investments consist of money market funds.

Investments

Investments in marketable equity securities and partnerships are stated at cost. The Fund evaluates partnership interests yearly for impairment.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Refunds from Grants Awarded to Other Funds

Unexpended balances of grants awarded by the Fund are required to be returned to the Fund. Grant refunds to the Fund are recorded when received.

Income Taxes

The Fund has been determined by the Internal Revenue Service (IRS) to be exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986 (the "Code") as an organization described in Section 501(c)(3) of the Code. The Fund is a private foundation as described in Section 509(a) and qualifies for the charitable contribution deduction under Section 170(b).

The Fund adopted the requirements for accounting for uncertain tax positions on January 1, 2009. The Fund determined that it was not required to record a liability related to uncertain tax positions as a result of implementing the new requirements.

The federal and state tax returns of the Fund for 2006, 2007, and 2008 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

Change in Accounting Principles

Effective December 31, 2009, the Fund adopted *The FASB Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the codification standards). The codification standards are the single official source of authoritative U.S. GAAP (other than guidance issued by the SEC), superseding existing FASB, American Institute of Certified Public Accountants, Emerging Issues Task Force, and related literature. All other literature is now considered non-authoritative. The codification standards do not change U.S. GAAP; instead, it introduces a new structure that is organized in an easily accessible, user-friendly online research system. The codification standards change the referencing of financial standards. The adoption of the codification standards did not have a material impact on the Fund's financial statements or related footnotes.

Effective December 31, 2009, the Fund adopted ASC No. 855-10, Subsequent Events (ASC 855-10), which introduces the concept of financial statements being available to be issued and requires disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. The adoption of ASC 855-10 did not have a material impact on the Fund's financial statements. See Note 9.

During the years ended December 31, 2009 and 2008, the Fund was a limited partner in seven and eight partnerships, respectively. These partnerships require certain capital commitments. Partnership investments are stated at cost. The fair value of these investments is computed as the value of the Fund's partnership equity plus its allocated portion of income, expense and unrealized appreciation or depreciation of partnership assets as determined by each individual partnership.

Fair market value of partnership interests is as of the most recent information available. Fair market value of SB Partners Capital Fund, L.P. is as of the December 31, 2009, audited information. Fair market value of Northern Trust Private Equity II, L.P., FLAG International Partners, L.P., FLAG Private Equity III, L.P. and FLAG Real Assets Partners, L.P. is as of the unaudited December 31, 2009 financial statements. Fair market value of Northern Trust Private Equity III, L.P., is as of adjusted unaudited September 30, 2009 financial statements. Fair market value of Neighborhood Rejuvenation Partners, L.P. is shown at a nominal value due to the uncertainty of realizing value on the underlying assets.

NOTE 2 - INVESTMENTS (continued)

In 2008, an impairment loss of \$908,476 was recognized on the Neighborhood Rejuvenation Partners, L.P. partnership interest and a final liquidating distribution was received from Alpha Capital Fund II, L.P.
