TY 2009 General Explanation Attachment

Name: Aloha Classic Inc

EIN: 36-4557832

Identifier	Return Reference	Explanation
		<p>The Form 8868 and subsequent Form 990EZ were E-filed but rejected for master data base validation errors The master database information was matched to prior e-filed returns filed for the years 2006 through 2008 without rejection Minor errors were corrected and the 2009 was resubmitted When rejected again which was unnoticed for as few weeks we began to research the problem with the IRS E-file help office to find that due to the exempt nature of the return the reject features were overridden on those returns Therefore the master database information on those returns were assumed to be correct With the help of some past officers of the exempt organization we found the initial IRS Letter 947 with the approval of the exempt status and the EIN</p>
		<p>Therefore the returns are being resubmitted with the correct master database information although a little beyond the extended due date We ask that under the circumstances that you not apply any late filing penalties for these circumstances that were beyond the control of the prudent officers of this organization</p>
