These amounts were credited to an account for the Executive in prior years and were previously reported in Column C in the prior year, but the Executive was required to remain employed until the year for which this Form is being filed in order to become vested in his or her account. Amounts have been credited to these Executives' accounts each year since the SERP was adopted in 1994, and the accounts have also been adjusted for gains and losses since that time. Therefore, these amounts should be viewed as having been earned over the Executive's entire period of employment as an executive of Bronson. The amount credited to each Executive's account in the SERP each year and each Executive's total compensation package was approved by an independent consultant to ensure that these amounts are comparable to or less than the amounts awarded to Executives of comparable health care organizations. For the current reporting year no amounts that are reported in Column B (III) were reported in a previous year return, therefore no amounts are reported in column (F).
