THE JOSEPH DURDA FOUNDATION [JDF]

Annual Meeting Minutes from 12-11-09

The President called the meeting to order at approximately 3:15 PM in the second floor Board of Directors Room of Aeration Industries International, Inc. in Chaska, Minnesota. The President and Secretary/Treasurer noted that this was the 20th Annual meeting of the JDF which was incorporated as a 501[c] [3] non-profit private foundation on 7-31-89. A full quorum of six Directors was present including recently appointed new Director, Michael J. Cohen. Also present were: Peg Durda Knapp, Brian J. Cohen, Cheryl D. Cohen [VP], Miles J. Cohen [Sec/Treas], and Daniel J. Durda [President]. Ms. Cohen moved and Brian Cohen seconded the motion to elect the aforementioned Officers and Directors for the ensuing fiscal year ending 12-31-10 after a short discussion.

The Board also discussed meeting with the Secretary/Treasurer's ultimate successor, Mr. Lance Madson, of the CPA firm, Boulay, Heutmaker, Zibell L.L.P. later in the upcoming year in regards to the Treasurer function only. It was decided that the President and Treasurer will meet with and interview Mr. Madson prior to next year's Annual meeting and may decide to invite him to said meeting as a non-voting "observer".

The 2008 minutes were highlighted and reviewed by the Secretary/Treasurer and were moved by Mr. Durda and unanimously approved. The Secretary/Treasurer then reviewed the current financial condition of the JDF where a current balance of approximately \$129,000 is now held in account# W7948-1889 at Wells Fargo Bank. This account is a Brokered Managing Agency Portfolio which invests in both Mutual Funds and Individual Securities. Mr. Cohen, as Treasurer, acts as Investment Advisor and Wells Fargo Brokerage acts as Administrator and Custodian. After leading the Board through a review and analysis of the new financial statements, the Secretary/Treasurer[S/T] then reviewed an Amended set of Investment Goals and Guidelines which modified the Asset Allocation going forward. The amended guidelines proposed to allow up to 30% of invested assets in stocks versus 10% previously with the remainder held in fixed income securities of various maturities. S/T asked for a motion to approve said amended guidelines and the President seconded and the full Board approved the change. The President then executed two copies of the document and the S/T will deliver one to the Custodial Bank for their files with the original placed in the JDF Corporate Record Book.

The Board then reviewed the various services provided to the JDF by Mr. Cohen, acting as Secretary/Treasurer[S/T]. These include [beyond acting functionally as S/T]: Tax calculations and Filings; Legal work; Grant Administration; Investment Management and other Public Relations and Communication services on behalf of the JDF. For this work-product, Mr. Cohen is compensated by the JDF \$1,500.00 annually which amounts to a little over 1% of the market value of the Foundation assets. As due diligence, the Board then reviewed a Wall Street Journal survey of Private Foundation fees for various services which found that such charges can run as

high as 4% for such work. After a motion by the President, seconded by Brian Cohen, the \$1,500.00 compensation issue was unanimously approved.

The Board then moved onto a discussion of this year's Grant Requests which included: the Minneapolis Heart Institute [MHIF]; The Salvation Army[SA]; Dakota Communities[DCI]; Union Gospel Mission [UGM]; Queens Medical Center [QMC]; Wings of Mercy [WM] and The Katherine Kelly Cohen Supplemental Needs Trust[SNT]. The following grants were unanimously approved for 2009: \$5,000.00 to DCI a portion to be "matched" for Therapy Equipment; \$500.00 to UGM; \$5,000.00 to QMC [Ohana Gift Level]; \$1,000.00 to WM and \$1,225.00 for SNT. Requests from MHIF and SA were respectfully declined and the appropriate notification letters will be sent out.

The 2010 Budget was then discussed and the following gift pledges were made to the JDF by Directors to further strengthen our future granting capacity.* Brian Cohen,\$2,500.00; Cheri and Miles Cohen, \$2,000.00; and Daniel Durda, \$2,000.00. These gifts total \$6,500.00 and are greatly appreciated by the Foundation. This continues our long history [20 years] of meeting our founders' intent to help as many needy people and organizations as possible each and every year while attempting to continue to grow the corpus [principal] of the JDF at a rate commensurate with the annual rate of inflation. Some Section Gave \$375...

Under Old Business, the Board had a thorough discussion, led by our new Director, Michael Cohen, in regards to the status of a related Scholarship Program at the University of Minnesota [begun by the Founder of the JDF] and whether JDF should begin contributing to such fund in the future. The Board decided to lay this discussion over and re-visit it next year. The Website development issue was once again discussed and both Cheri Cohen and Michael Cohen will hopefully be able to make progress on this issue by year-end 2010. Clearly, such a site would be beneficial to both potential donors as well as grantees.

Under New business, Director Brian Cohen suggested the JDF Board "broaden" its strategic giving areas [thrusts] to include such worthy efforts as U.S. Military Services/Veterans Affairs and Support. The Board wholeheartedly agreed since over 75% of our historic grant-making has gone to fund Educational and Medical Research over the past two decades. Besides, the JDF Founder was an honored War Veteran as are some of the present Board members. Brian and Miles Cohen will further research grant candidates in this arena beginning with Minnesota's Red Bull Army National Guard Unit.

Michael Cohen moved to close the meeting with Miles Cohen seconding the motion. The historic 20th Anniversary Annual Meeting of The Joseph Durda Foundation was then declared history. The Board will meet again sometime in Mid-December of 2010, if not before by Special Meeting under the By-Laws, should the situation warrant said Special Meeting.

* A \$25,000.00 Charitable Corporate Contribution was received this year from Aeration Industries International, Inc. and is appreciated as it will allow both the JDF assets and our grant distributions to grow significantly in the future.

GRANT GUIDELINES AND APPLICATION PROCEDURE

THE JOSEPH DURDA FOUNDATION

History and General Purpose;

The Joseph Durda Foundation, founded in 1989, has been created to continue the many charitable causes that were important to Joseph Durda, past Chairman of Aeration Industries International, Inc. The causes holding highest priority include the underprivileged, the homeless, orphans, and children with debilitating health problems and handicaps who cannot afford proper care. The driving purpose is to keep alive his courageous spirit and compassion for the less fortunate.

Charitable Intent and Grant Guidelines:

The Joseph Durda Foundation is a Minnesota non-profit corporation which is organized and operated exclusively for charitable and scientific purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"). To accomplish its purposes, the Foundation will make contributions to non-profit tax-exempt organizations described in Section 301(c)(3) of the Code which are public charities (i.e. not private foundations) under Section 509(a)(1) or (2) of the Code and which carry out charitable and/or scientific purposes within the meaning of Section 501(c)(3) of the Code.

The general charitable purposes to be served by the Foundation will include making contributions to charitable, tax-exempt organizations carrying out one or more of the following purposes: relief of the poor and distressed or of the underprivileged and handicapped; the advancement of science; the lessening of the burdens of government; promotion of social welfare; or combatting community deterioration. More specifically, it is very likely that the Foundation will support the work of a local charitable taxexempt organization which each year obtains donations of food and clothing from individuals and businesses in the Twin Cities community and distributes the food and clothing to the homeless and other needy people in the area. The Foundation likely will support the work of other similar charitable tax-exempt organizations as well. Concentration on children and young adults holds high priority.

In addition, the Foundation probably will provide financial support to colleges or universities engaged in activities which qualify as scientific under Section 501(c)(3) of the Code. Such recipients might include, for example, the University of Minnesota.

Application Procedure:

Grant requests are accumulated during the fiscal year, which ends on December 31, and are considered by the full Board of Directors at their annual meeting which is held late in the current fiscal year.

Requests can be made only by letter with attachments describing the need but should be kept short and to the point. Only 501(c)(3) organizations need apply and grant applications should include a copy of the applicant's notification of tax-exemption from the Internal Revenue Service.

Grant requests should be sent to:

In Memoriam

Co-Founder Leaves Worldwide Legacy

oseph Durda, co-founder, chairman and chief executive officer of Aeration Industries International, died of heart failure on June 30, 1990 in Minneapolis. He was 70.

Durda had waged a valiant battle against cancer since last July, 1989. His fight ended when the rigorous treatments he was undergoing for the disease caused his heart to fail. He left this world the way he wanted to...with his boots on. Durda was preparing to go into the office that Saturday morning when he collapsed. He was actively involved with life right up to the end.

Durda and his son, Daniel, founded the company in 1974 after purchasing the patent for a prototype aerating device. They improved on the patent after years of research and development and established the foundation for aspirating aeration technology in its flagship product, the AIRE-O₂ system.

Aeration Industries, now a world leading manufacturer of pollution control equipment, solves a variety of water treatment problems using state-of-theart technology and consulting expertise based on more than a decade and a half of worldwide field experience. The company has installations throughout the USA and in more than 50 countries around the world.

Durda was born in Minneapolis, the son of immigrants. He graduated from Marshall High School where he excelled in football and boxing. Durda accepted a football scholarship to George Washington University in Washington, D.C., where he earned a bachelor of science degree in 1942.

He served in the Navy during World War II as a pilot in the South Pacific theatre. He was awarded many decorations including two Distinguished Flying Crosses.

After the war, he worked as a deputy in the Hennepin County Sheriff's Department while attending law school full-time at the Minneapolis College of Law, now called William Mitchell College of Law.

He was recalled to active Navy service during the Korean War and later served as executive officer of the aircraft carrier, U.S.S. Bennington,

Joseph Durda

CVA-20. He attained the rank of full Commander upon his retirement.

In the 1960s, Durda concentrated his efforts in foreign trade, sales and marketing.

In the early 1970s he was appointed to the State's Board of Economic Development by Minnesota Governor Wendall Anderson. It was in that post that he learned of the aeration device. He purchased the patent and, along with his son, founded Aeration Industries.

The company made its first mark after the Durdas installed 27 AIRE-O₂ aerators in the Zumbrota. Minnesota. Wastewater Treatment Plan in 1977 The devices dramatically solved severe sludge and other problems within five days. Over the years, one of the company's notable achievements was the clean-up of Korea's Suyong River for the 1988 Olympic Games yacht races. The effort received worldwide recognition and was featured on Peter Jennings ABC World News Tonight.

Daniel Durda has been appointed the new chief executive officer and chairman of the board. He will retain his current duties as president of the company. Durda states, "Those of us who remain behind and assume responsibility for perpetuating Aeration Industries are committed to seeing Joes dreams come to fruition."

Durda was a numanitarian (sitable Deeds Live On).
