Granite State Organizing Project

Form 990EZ, Part III, Line 1-Description of Organization's Mission

The Granite State Organizing Project (GSOP) is an organization of 30 religious congregations, community groups and labor unions working together to improve the quality of life in south-central New Hampshire through leadership development, advocacy and grassroots organizing. The work of GSOP is accomplished through the efforts of volunteer community leaders from member institutions in three geographically distinct chapters located in Greater Manchester, Greater Nashua and the Souhegan Valley. GSOP operates out of a belief in deep democracy, the power of our common values and the necessity of participation in public life.

GSOP engages citizens in addressing the needs of their communities, builds new relationships of trust and accountability across diversity and works with people not traditionally included in public life to develop innovative plans to improve the quality of life and delivery of services in south-central New Hampshire.

Issue identification begins with our member groups conducting listening sessions with their constituencies. GSOP places emphasis on listening to traditionally disenfranchised populations such as low income families, immigrants and refugees, the elderly and the young.

Once issues are identified, the GSOP membership chooses four or five specific areas for action. The current issues are in the areas of Education, affordable Housing, Fair Employment, Immigrants and refugee Rights and Healthcare. Each issue is delegated to a committee of volunteers who research the particulars of the issue and formulate plans for action.

Actions involve giving a strong and unified voice to the issues identified. This can be done through public education, through meetings with decision makers, through working in coalition with other groups or through supporting changes in public policy. GSOP may also break new ground by formulating new programs to be implemented in our communities.

Throughout each step in the process, individuals from within GSOP member institutions are educated and trained to become leaders in the community. The skills learned, the respect given to all members' opinions and the formation of relationships are benefits to the larger community as well as to the member institutions.

The activities detailed above are ongoing. Some issues may take months to complete, others may take years.

2009 Granite State Organizing Project Functional breakdown of expenses

30% - Improved access to health care through organizing Souhegan Valley volunteers to advocate for creation of a transportation system to assist elderly, disabled, low income and other residents of the Souhegan Valley to get rides to medical appointments. Accomplished through meetings with town officials, the Nashua Regional Planning Authority, transportation service providers and senior citizen groups and residences. Successfully assisted in the creation of the Souhegan Valley Transportation Collaborative (SVTC), an organization made up of representative of 4 Souhegan Valley towns which raised funds for a pilot NEMT project and operated the pilot project. Through 2009 GSOP provided staff assistance to the SVTC and acted as fiscal agent for the funds raised to provide the transportation service.

10% encouraged civic participation through conducting non-partisan telephone outreach to voters in Milford and Amherst to encourage them to attend town meetings and vote on town ballots.

10% - Combated community deterioration though educating members of the Manchester, Nashua and Upper Valley communities on the importance of effective housing code enforcement. Worked with code enforcement officials and City and town governments to learn the underlying causes of the greatest problems. Volunteer members then testified in support of changes to state laws and policies which would hold out of state landlords to higher standards of accountability and also allow towns and cities to place liens on properties with adjudicated, unpaid building code violation fines.

15% - Combated community deterioration and increased civic participation through leading, with other community partners, the Langdon Mill Campaign. The Langdon Mill Campaign organized and facilitated the removal of tenants from a bed bug infested building, the disposal of infested items, return of tenants after treatment, cleaning of building, laundering of tenant personnel possessions re-supplying of tenants, tenant education on pest control and ongoing integrated pest management. This was accomplished through mobilizing and coordinated church and community volunteers. Approximately \$30,000 was raised to support this effort. GSOP acted as fiscal agent for this effort.

30% - Increased access to health care through participation of staff and volunteers in efforts to inform the public about health care options and to encourage changes in state and federal health care policy. This was done through participation meetings and teleconferences, distribution of e mail alerts and organizational newsletters, and testimony by volunteers at the State Legislature.
