Complete this part to provide the following information

1 Provide the description required for Part I, line 3c, Part I, line 6a, Part I, line 7g, Part I, line 7, column (f), Part I, line 7, Part III, line 4, Part III, line 8, Part III, line 9b, and Part V See Instructions

Part I, Line 6a The filing organization is a wholly owned subsidiary of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) AHSSHC serves as the parent organization to 18 tax-exempt 501(c)(3) hospital organizations that operate 37 hospitals in ten states within the U S The system of organizations under the control and ownership of AHSSHC is known as "Adventist Health System" (AHS) All hospital organizations within AHS collect, calculate, and report the community benefits they provide to the communities they serve AHS organizations exist solely to improve and enhance the local communities they serve AHS has a system-wide community benefits accounting policy that provides guidelines for its health care provider organizations to capture and report the costs of services provided to the underprivileged and to the broader community On an annual basis, the community benefits of all AHS organizations are consolidated and reported in the AHS Annual Report document prepared by Adventist Health System Sunbelt Healthcare Corporation

Part I, Line 7f Bad debt expense of $26,673,503 was included on Form 990, Part IX, line 25, but subtracted for purposes of calculating the percentage of total expenses in column (f) of line 7

Part I, Line 7 The amounts of costs reported in the table in line 7 of Part I of Schedule H were determined by utilizing a cost-to-charge ratio derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges, contained in the Schedule H instructions

Part III, Line 4 Costing Methodology The amounts of bad debt expense, at cost, reported on line 2 and 3 of Section A of Part III were determined utilizing a ratio of patient care cost to charges as shown on Worksheet A contained in the instructions for Schedule H, Part III, line 3 Discounts and payments on patient accounts are recorded as adjustments to revenue, not bad debt expense Methodology for Determining the Estimated Amount of Bad Debt Expense that May Represent Patients who Could Have Qualified under the Filing Organization's Charity Care Policy Self-pay patients are required to complete a Patient Financial Assistance Application Short Form (PFAA) If the PFAA is not completed after reasonable attempts to obtain it are exhausted, patient information is processed through a Scorer product The Scorer product utilizes publicly available data, such as credit reports, to assess an individual patient's financial viability Patients who earn a certain score on the Scorer product are considered to qualify as non-state charity patients An amount up to $1,000 of such a patient's bill is written off as bad debt expense, while the remaining portion of the patient's bill is considered to be non-state charity The amount written off as bad debt expense for those patients who potentially qualify as non-state charity using the Scorer product is the amount shown on line 3 of Section A of Part III Rationale for Including Certain Bad Debts in Community Benefit The filing organization is dedicated to the view that medically necessary health care for emergency and non-elective patients should be accessible to all, regardless of age, gender, geographic location, cultural background, physician mobility, or ability to pay The filing organization treats emergency and non-elective patients regardless of their ability to pay or the availability of third-party coverage By providing health care to all who require emergency or non-elective care in a non-discriminatory manner, the filing organization is providing health care to the broad community it serves As a 501(c)(3) hospital organization, the filing organization maintains a 24/7 emergency room providing care to all whom present When a patient's arrival and/or admission to the facility begins within the Emergency Department, triage and medical screening are always completed prior to registration staff proceeding with the determination of a patient's source of payment If the patient requires admission and continued non-elective care, the filing organization provides the necessary care regardless of the patient's ability to pay The filing organization's operation of a 24/7 Emergency Department that accepts all individuals in need of care promotes the health of the community through the provision of care to all whom present Current Internal Revenue Service guidance that tax-exempt hospitals maintain such emergency rooms was established to ensure that emergency care would be provided to all without discrimination The treatment of all at the filing organization's Emergency Department is a community benefit Under the filing organization's Charity Care Policy, every effort is made to obtain a patient's necessary financial information to determine eligibility for charity care However, not all patients will cooperate with such efforts and a charity care eligibility determination can not be made In this case, a patient's portion of a bill that remains unpaid for a certain stipulated time period is wholly or partially classified as bad debt Bad debts associated with patients who have received care through the filing organization's Emergency Department should be considered to be community benefit as charitable hospitals exist to provide such care in pursuit of their purpose of meeting the need for emergency medical care services available to all in the community Financial Statement Footnote Related to Accounts Receivable and Allowance for Uncollectible Accounts The financial information of the filing organization is included in a consolidated audited financial statement for the current year The applicable footnote from the consolidated audited financial statements that addresses accounts receivable, the allowance for uncollectible accounts, and the provision for bad debts is as follows The System serves certain patients whose medical care costs are not paid at established rates These patients include those sponsored under government programs such as Medicare and Medicaid, those sponsored under private contractual agreements, charity patients, and other uninsured patients who have limited ability to pay Patient service revenue is reported at estimated net realizable amounts from patients, third-party payors, and others for services rendered The System is subject to retroactive revenue adjustments due to future audits, reviews, and investigations Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations Adjustments to revenue related to prior period increased patient service revenue by approximately $23,900,000 and $42,700,000 for the years ended December 31, 2009 and 2008, respectively Revenue from the Medicare and Medicaid programs represents approximately 35% and 36% of the System's patient service revenue for the years ended December 31, 2009 and 2008, respectively Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term The System grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor arrangements To the extent the System realizes additional losses resulting from higher credit risk for patients who are not identified as meeting or do not meet the charity definition described below, such additional losses are included in the provision for bad debts Other than the accounts receivable related to the Medicare and Medicaid programs, there are no significant concentrations of accounts receivable due from an individual payor at December 31, 2009 and 2008 The provision for bad debts is based on management's assessment of historical and expected net collections, considering business and economic conditions, trends in healthcare coverage, and other collection indicators Throughout the year, management assesses the adequacy of the allowance for uncollectible accounts based upon the payor composition and aging of accounts receivable as well as retrospective reviews of subsequent cash collections The results of these reviews are then used to make any modifications to the provision for bad debts to establish an estimated allowance for uncollectible accounts Accounts receivable are written off after collection efforts have been followed in accordance with the System's policies

Part III, Line 8 Costing Methodology Medicare allowable costs were calculated using a cost-to-charge ratio Rationale for Including a Medicare Shortfall as Community Benefit As a 501(c)(3) organization, the filing organization provides emergency and non-elective care to all regardless of ability to pay All hospital services are provided in a non-discriminatory manner to patients who are covered beneficiaries under the Medicare program As a public insurance program, Medicare provides a pre-established reimbursement rate/amount to health care providers for the services they provide to patients In some cases, the reimbursement amount provided to a hospital may exceed its costs of providing a particular service or services to a patient In other cases, the Medicare reimbursement amount may result in the hospital experiencing a shortfall of reimbursement received over costs incurred In those cases where an overall shortfall is generated for providing services to all Medicare patients, the shortfall amount should be considered as a benefit to the community Tax-exempt hospitals are required to accept all Medicare patients regardless of the profitability, or lack thereof, with respect to the services they provide to Medicare patients The population of individuals covered under the Medicare program is sufficiently large so that the provision of services to the population is a benefit to the community and relieves the burdens of government In those situations where the provision of services to the total Medicare patient population of a tax-exempt hospital during any year results in a shortfall of reimbursement received over the cost of providing care, the tax-exempt hospital has provided a benefit to a class of persons broad enough to be considered a benefit to the community Despite a financial shortfall, a tax-exempt hospital must and will continue to accept and care for Medicare patients Typically, tax-exempt hospitals provide health care services based upon an assessment of the health care needs of their community as opposed to their taxable counterparts where profitability often drives decisions about patient care services that are offered Patient care provided by tax-exempt hospitals that results in Medicare shortfalls should be considered as providing a benefit to the community and relieving the burdens of government

Part III, Line 9b At the time of patient registration, non-elective self-pay patients are informed of the minimum discount available under the filing organization's self-pay discount policy Such patients are also informed of the filing organization's charity care policy and told that they will be required to submit necessary financial data in order to potentially receive any additional discounts Percentage discounts are applied to a patient's account (from a 100% discount to a 30% discount) based upon the patient's household income as a percentage of the Federal Poverty Guidelines Under the filing organization's policies, payment plans for partial charity accounts will be individually developed with the patient Partial charity accounts result when a financial assistance eligibility determination allows for a percentage reduction but leaves the patient with a self-pay balance If the patient complies with the agreed-upon payment plan, the filing organization does not pursue any collection action with respect to the patient However, if a patient does not make any payments for three consecutive months, the account may be referred for further collection activity The filing organization does not pursue collection of amounts from patients determined to qualify for a 100% reduction in charges under its charity care policy

Part V The filing organization had no other facilities that were not required to be licensed, registered, or similarly recognized as a health care facility under state law in the current tax year

Part VI, Line 8 The annual community benefit report contained in the annual report prepared by Shawnee Mission Medical Center, Inc is not filed with any state agencies SCHEDULE H, PART III, SECTION B, LINES 5-7 The IRS instructions for Schedule H, Part III, Section B, lines 5-7 specifically indicate to include only those allowable costs and Medicare reimbursements that are reported in the organization's Medicare cost report for the year This reporting does not take into account those costs and revenues associated with hospital employed physicians who are treating Medicare patients at hospital-owned clinic and physician practice sites Accordingly, the net result of treating Medicare patients from a financial perspective may differ as reported for financial reporting purposes and community benefit reporting purposes from the surplus or shortfall shown on line 7 of Section B of Part III of Schedule H

2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves

Part VI, Line 2 The filing organization does not currently conduct any formal annual health care needs assessment However, a variety of practices and processes are in place to ensure that the filing organization is responsive to the health needs of its community Such practices and processes involve the following 1 A hospital operating/community board composed of individuals broadly representative of the community, community leaders, and those with specialized medical training and expertise,2 Post-discharge patient follow-up related to the on-going care and treatment of patients who suffer from chronic diseases, 3 Sponsorship and participation in community health and wellness activities that reach a broad spectrum of the filing organization's community, and 4 Collaboration with other local community groups to address the health care needs of the filing organization's community

3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's charity care policy

Part VI, Line 3 Shawnee Mission Medical Center has a process in place whereby patients are informed about the Hospital's Charity Care Policy and other forms of financial assistance, such as self-pay discounts Signage is posted in the Emergency Room indicating that financial assistance is available for those self-pay patients meeting eligibility requirements After EMTALA medical screening and stabilization requirements are met, registration personnel will secure financial information on as many self-pay patients as possible at the time of service For those who appear to qualify for Medicaid or under the Hospital's Charity Care Policy, the financial counselors will continue to work with those patients until final account resolution is achieved All other self-pay patients are covered under this process At any time during the process that data is provided showing that a patient qualifies for assistance under the Charity Care Policy the discounts extended under that policy will be applied As part of the billing process, the Hospital includes the application for charity care assistance along with the initial patient bill The Hospital's charity care application is also available to patients on the Hospital's web-site in both an English and Spanish version Additionally, the Hospital's financial counselors are available to work with every patient during the first 120 days of the billing process to assist the patient with completing charity care applications and investigating other potential sources of third-party assistance The determination of a patient's eligibility for charity care is made on a case-by-case basis Various factors are considered in that determination Each individual patient who is identified as potentially being eligible to receive charity care is seen by a financial counselor at the Hospital The financial counselor will work with the patient to make sure that other sources of assistance (public or otherwise) have been sought to the fullest extent possible When other forms of assistance are not available or have been exhausted, the Hospital will gather certain financial information from the patient to determine the patient's ability to pay based upon level of income

4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves

Part VI, Line 4 The filing organization (the Hospital) is located in suburban Shawnee Mission, Kansas It currently operates the second largest hospital facility in the Kansas City metropolitan area and is licensed for 504 acute care beds The hospital's 54-acre campus includes a free-standing outpatient surgery center, a community health educational building and fitness center, six medical office buildings, an associate child care center and a community fitness course In addition to operating a hospital, the filing organization also runs a satellite campus which includes a hospital based emergency department and other ambulatory services, and various occupational medicine, rehabilitative, and urgent care clinics in the Kansas City area The filing organization employs more than 2,800 local residents and supports an exceptional staff of approximately 700 physicians representing 50 medical specialists, the largest medical staff in Kansas City Shawnee Mission Medical Center (SMMC) is a crucial community and regional asset SMMC has the busiest emergency department in Johnson County, the area's first accredited Chest Pain Emergency Center, a nationally recognized Center for Women's Health, delivers more babies than any other hospital in the metropolitan area, and since 1986 has been operating an Ask-A-Nurse Resource Center which allows individuals in the community to seek free and dependable health information from a registered nurse 24 hours a day A total of 5 other competing hospitals are located within a radius of 12 miles or less from the Hospital's primary hospital facility The Hospital is located at Interstate Highway 35 and 75th Street in the heart of Johnson County, Kansas, on the Kansas City metropolitan's thriving west side The Hospital's primary service area contains a population of approximately 527,000 The median household income in Johnson County was approximately $83,900 in 2007 High school graduates account for approximately 95% of the coummunity served by the Hospital, with about 50% having a bachelor's degree or higher The unemployment rate in Johnson County, KS is about 6 7% Approximately 38 7% of the Hospital's patients during 2009 were Medicare patients, about 6 5% were Medicaid patients, and the remaining percentage were patients covered under commercial insurance and self-pay patients

5 Community building activities. Describe how the organization's community building activities, as reported in Part II, promote the health of the communities the organization serves

Part VI, Line 5 Shawnee Mission Medical Center (the hospital) is involved with and supportive of various other community agencies in its service area that work collaboratively to help those in need and to improve the health and safety of the residents of the community The Hospital participates with a number of other community organizations to address the healthcare needs of the community, such as the Health Partnership of Johnson County who specializes in treating low income persons In addition to offering numerous classes and a spiritual wellness program, the Hospital is supportive of other health and wellness events currently conducted in its community, such as the American Heart Association Heart Walk The Hospital also provides financial support and assistance to other community groups through the provision of grants to organizations, such as the Shawnee Mission Education Foundation and Blue Valley Education Foundation

6 Provide any other information important to describing how the organization's hospitals or other health care facilities further its exempt purpose by promoting the health of the community (e g , open medical staff, community board, use of surplus funds, etc)

Part VI, Line 6 The provision of community benefit is central to Shawnee Mission Medical Center's mission of service and compassion Restoring and promoting the health and quality of life of those in the communities served by the Hospital is a function of "extending the healing ministry of Christ" and embodies the Hospital's commitment to its values and principles The Hospital commits substantial resources to provide a broad range of services to both the underprivileged as well as the broader community In addition to the community benefit information provided in Parts I, II and III of this Schedule H, the Hospital captures and reports the benefits provided to its community through faith-based care Examples of such benefits include the cost associated with chaplaincy care programs and mission peer reviews and mission conferences During the current year, Hospital provided $334,494 of benefit with respect to the faith-based and spiritual needs of the community in conjunction with its operation of a community hospital The Hospital also provides benefits to its community's infrastructure by investing in capital improvements to ensure that facilities and technology provide the best possible care to the community During the current year, the Hospital expended $21,023,888 in new capital improvements As a faith-based mission-driven community hospital, the Hospital is continually involved in monitoring its community, identifying unmet health care needs and developing solutions and programs to address those needs In accordance with its conservative approach to fiscal responsibility, surplus funds of the Hospital are continually being invested in resources that improve the availability and quality of delivery of health care services and programs to its community

7 If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communites served

Part VI, Line 7 Shawnee Mission Medical Center is a part of a faith-based healthcare system of organizations whose parent is Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) The system is known as Adventist Health System (AHS) AHSSHC is an organization exempt from federal income tax under IRC Section 501(c)(3) AHSSHC and its subsidiary organizations operate 37 hospitals in 10 states throughout the U S , primarily in the Southeastern portion of the U S AHSSHC and its subsidiaries also operate 17 nursing home facilities and other ancillary health care provider facilities, such as ambulatory surgery centers and diagnostic imaging centers As the parent organization of the AHS system, AHSSHC provides executive leadership and other professional support services to its subsidiary organizations Professional support services include among others corporate compliance, legal, human resources, reimbursement, risk management, and tax as well as treasury functions The provision of these executive and support services on a centralized basis by AHSSHC provides an appropriate balance between providing each AHS subsidiary hospital organization with mission-driven consistent leadership and support while allowing the hospital organization to focus it resources on meeting the specific health care needs of the community it serves The reader of this Form 990 should keep in mind that this reporting entity may differ in certain areas from that of a stand-alone hospital organization due to its inclusion in a larger system of healthcare organizations As a part of a system of hospitals and other health care organizations, the filing organization benefits from reduced costs due to system efficiencies, such as large group purchasing discounts, and the availability of internal resources such as internal legal counsel Each AHS subsidiary pays a management fee to AHSSHC for the internal services provided by AHSSHC As a result, management fee expense reported by a AHS subsidiary organization may appear greater in relation to management fee expense that may be reported by a single stand-alone hospital The single stand-alone hospital would likely report costs associated with management and other professional services on various expense line items in its statement of revenue and expense as opposed to reporting such costs in one overall management fee expense As the reporting of the Form 990 is done on an entity by entity basis, there is no single Form 990 that captures the programs and operations of AHS as a whole The reader is directed to visit the web-site of AHS at www adventisthealthsystem com to learn more about the mission and operations of AHS and to access AHS's annual report that contains financial data as well as community benefit reporting for the entire system

8 If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Part III Supplemental Information

Complete this part to provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 4c, 5a, 5b, 6a, 6b, 7, and 8 Also complete this part for any additional information

Identifier	Return Reference	Explanation
	Part I, Line 1a	As discussed in our response to Section B, Part VI, Question 15a & b, the filing organization is a part of the system of healthcare organizations known as Adventist Health System (AHS) Members of the filing organization's executive management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of AHS AHSSHC is exempt from federal income tax under IRC Section 501(c)(3) The filing organization reimburses AHSSHC for the salary and benefit cost of those executives on the payroll of AHSSHC that provide services and are on the management team of the filing organization For administrative ease, executive employees on the payroll of AHSSHC who provide services at AHS subsidiary organizations receive reimbursements of travel and other business-related expenses from the subsidiary organization Travel for companions AHSSHC has a Corporate Executive Policy that provides a benefit to allow for a traveling AHSSHC executive to have his or her spouse accompany the executive on two business trips each year Typically, reimbursement is only provided to Vice Presidents and above and is limited to one business trip per year and the annual AHS President's Council business meeting The AHSSHC Corporate Executive Spousal Travel Policy was originally approved and reviewed by the AHSSHC Board Strategy & Compensation Committee, an independent body of the AHSSHC Board of Directors All spousal travel costs reimbursed to the executive are considered taxable compensation to the executive Tax Indemnification and gross-up payments AHS has a system-wide policy addressing gross-up payments provided in connection with employer-provided benefits/other taxable items Under the policy, certain taxable business-related reimbursements (i e taxable business-related moving expenses, taxable items provided in connection with employment) provided to any employee may be grossed-up at a 25% rate upon approval of the filing organization's CEO and CFO Additionally, employees at the Director level and above are eligible for gross-up payments on gifts received for board of director services Discretionary spending account A nominal discretionary spending amount was provided in the current year to all eligible executives who attend the annual AHS President's Council business meeting ($400 per executive) Eligible executives include all AHSSHC Vice Presidents and above and all AHSSHC subsidiary organization CEOs and Regional CFOs The payment provided to each executive was considered taxable compensation to the executive Health or social club dues or initiation fees AHSSHC has a Corporate Executive Policy that addresses business development expenditures Under this policy, certain AHS eligible executives may be reimbursed for member dues and usage charges for a country club or other social club upon authorization Club memberships must be recommended by the CEO of the AHS hospital organization and approved by the Chairman of the Board of Directors of the organization In addition, the proposed membership must be approved annually by the AHSSHC Board Strategy & Compensation Committee, an independent committee of the Board of Directors of AHSSHC Eligible executives are limited to certain senior level executives (hospital organization CEOs, the CEO of the nursing home division of AHS, senior vice presidents at three large hospital organizations, regional CEOs and CFOs and the president and senior vice presidents of AHSSHC) In the current year, for this filing organization, one executive was eligible to receive reimbursement for club fees Each AHS executive who is approved for a club membership must submit an annual report to the AHSSHC Board Strategy & Compensation Committee that describes how the membership benefited their organization during the preceding year
	Part I, Line 4a	During the year ending December 31, 2009, two of the 5 highest compensated employees reported on Part VII, Brian Castlemain and Andrew Schwartz received severance payments totaling $409,900 and $421,315 respectively Pursuant to the Shawnee Mission Medical Center, Inc (SMMC) Policy governing severance, severance agreements for certain highly-skilled employees are entered into upon eligibility to facilitate the transition to subsequent employment following an involuntary separation from employment with SMMC Part I, Line 4b As discussed in Line 1a above, executives on the filing organization's management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of a healthcare system known as Adventist Health System (AHS) In recognition of the contribution that each executive makes to the success of AHS, AHS provides to eligible executives participation in the AHS Executive FLEX Benefit Program (the Plan) The purpose of the Plan is to offer eligible executives an opportunity to elect from among a variety of supplemental benefits, including deferred compensation benefits taxable under Internal Revenue Code (IRC) Section 457(f), to individually tailor a benefits program appropriate to each executive's needs The Plan provides eligible participants a pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits The pre-determined benefits allowance credit percentage is approved by the AHS Board Strategy & Compensation Committee, an independent committee of the Board of Directors of AHSSHC Any funds that remain after the cost of mandatory and elective benefits are subtracted from the pre-determined benefits annual amount are contributed, at the employee's option, to either an IRC 457(f) deferred compensation account or to an IRC 457(b) eligible deferred compensation plan The Plan documents define an employee who is eligible to participate in the Plan to generally include the Chief Executive Officers of AHS entities and Vice Presidents of all AHS entities whose base salary is at least $189,000 The Plan was amended in 2009 and required mandatory account distributions in 2009 Going forward the Plan provides for a class year vesting schedule (2 years for each class year) with respect to amounts accumulated in the executive's 457(f) deferred compensation account Distributions could also be made from the executive's 457(f) deferred compensation account upon attainment of age 65 or upon an involuntary separation The account is forfeited by the executive upon a voluntary separation In addition to the Plan, AHS has instituted a defined benefit, non-tax-qualified deferred compensation plan for certain executives who have provided lengthy service to AHS and/or to other Seventh-Day Adventist Church hospital or health care institutions Participation in the plan is offered to AHS executives on a prorata schedule beginning with 20 years of service as an employee of AHS and/or another hospital or health care institution controlled by the Seventh-Day Adventist Church and who satisfy certain other qualifying criteria This supplemental executive retirement plan (SERP) was designed to provide eligible executives with the economic equivalent of an annual income beginning at normal retirement age equal to 60% of the average of the participant's three highest years of base salary from AHS active employment inclusive of income from all other Seventh-Day Adventist Church healthcare employer-financed retirement income sources and investment income earned on those contributions through social security normal retirement age as defined in the plan 457(f) Employer 457(f) Contributions Payments SERP Payment Richard Reiner $160,407 $531,429 $3,291,559 Robert Henderschedt $104,188 $205,618 $1,298,809 Paul Rathbun $ 58,547 $136,298 $0 Samuel Turner, Sr $ 66,045 $365,577 $0 Jack Wagner $ 43,328 $461,687 $0 Sheri Hawkins $ 18,696 $ 97,797 $0 Joyce Portela $ 15,776 $ 55,799 $0
	Part I, Line 6	The filing organization's physician compensation formula is designed to result in total compensation that would be reasonable for each physician Since implementing the productivity-based incentive compensation model, the financial losses from the operations of organization's physician practices have significantly decreased, and established physician practices have generally become profitable The filing organization utilizes national survey productivity, cost, and compensation data in formulating all aspects of the compensation plan Physician compensation arrangements include a ceiling or reasonable maximum on the amount a physician may earn The filing organization's employed physicians enter into a written agreement that requires the physicians to provide medical care to individuals who are referred by the filing organization Pursuant to the agreement, an individual may not be rejected as a patient by a physician due to race, sex, age, color, creed, national origin or inability to pay The filing organization's compensation arrangement does not use a method of compensation that is based upon a percentage of the organization's net income Rather, under the compensation arrangement, physician base salary is set based on Fair Market Value benchmarks, and any additional compensation is based on a percentage of the practice/location net revenue
Supplemental Information	Part III	Part I, Question 3 As noted in our response to question 15 of Part VI of Form 990, the individual who serves as the CEO of the filing organization is compensated by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) for that individual's role in serving as the CEO Compensation and benefits provided to this individual are determined pursuant to policies, procedures, and processes of AHSSHC that are designed to ensure compliance with the intermediate sanctions laws as set forth in IRC Section 4958 AHSSHC uses all of the following to establish compensation of the CEO - Compensation committee, - Independent compensation consultant, - Compensation survey or study, and - Approval by the board or compensation committee
