Summary of gains and losses

	Amount (\$)
Short term	-14,630 12
Long term	-23,634 80
Total	\$-38,264.92

Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See *Important information about your statement* on the last page of this statement for more information.

We may not adjust gains and losses for all capital changes. Cost basis for coupon tax-exempt municipal securities, include securities subject to AMT, has been adjusted for mandatory amortization of bond premium. Estimates in the Unclassified section can not be classified as short term or long term because information is missing, or the product is one in which the gain/loss calculation is not provided.

Summary of gains and losses

	Amount (\$)
Short term	-3,567 85
Long term	-2,697 76
Total	\$-6,265.61

Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See *Important information about your statement* on the last page of this statement for more information.

We may not adjust gains and losses for all capital changes. Cost basis for coupon tax-exempt municipal securities, include securities subject to AMT, has been adjusted for mandatory amortization of bond premium. Estimates in the Unclassified section can not be classified as short term or long term because information is missing, or the product is one in which the gain/loss calculation is not provided.

Summary of gains and losses

	Amount (\$)
Long term	1,592.10

Realized gains and losses

Estimating 2009 gains and losses for transactions with "made dates" through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we calculate the oldest security lot first. This is known as the "first-in, first-out" or FIFO accounting method. We use this method unless you specify another lot to close when you placed your order. This is known as a "specific purchase" or "LIFO" order. See important information about your statement on the last page of this statement for more information.

Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we calculate the object's cost by "first in, first out" (FIFO) method. We use this method unless you specify otherwise. Please note that this method may not reflect the actual gains and losses you would realize if you sold the securities. For more information about your statement, on the last page of this statement for more information.

We may not adjust gains and losses for all capital changes. Most basis for coupon tax-exempt municipal securities and zero coupon securities subject to AMT has been adjusted for mandatory amortization of bond premium. Estimates in the Unlabeled section can not be classified as short-term or long-term because of timing or missing, or the product is one in which the gain/loss calculation is not provided.

Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See *Important information about your statement* on the last page of this statement for more information.

Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See *Important information about your statement* on the last page of this statement for more information.
