## Realized gains and losses

Estimated 2009 gains and losses for transactions with trade dates through 12/31/09 have been incorporated into this statement. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See **Important information about your statement** on the last page of this statement for more information.
