Section B - Information on Use of Vehicles

Complete this section for vehicles used by a sole proprietor, partner, or other "more than 5% owner," or related person.

If you provided vehicles to your employees, first answer the questions in Section C to see if you meet an exception to completing this section for those vehicles.

	(a) Vehicle	(b) Vehicle	(c) Vehicle	(d) Vehicle	(e) Vehicle	(f) Vehicle
30 Total business/investment miles driven during the year (do not include commuting miles)						
31 Total commuting miles driven during the year						
32 Total other personal (noncommuting) miles driven						
33 Total miles driven during the year. Add lines 30 through 32						
34 Was the vehicle available for personal use during off-duty hours?	Yes No	Yes No	Yes No	Yes No	Yes No	Yes No
35 Was the vehicle used primarily by a more than 5% owner or related person?						
36 Is another vehicle available for personal use?						

Section C - Questions for Employers Who Provide Vehicles for Use by Their Employees

Answer these questions to determine if you meet an exception to completing Section B for vehicles used by employees who are not more than 5% owners or related persons.

37 Do you maintain a written policy statement that prohibits all personal use of vehicles, including commuting, by your employees?	Yes	No
38 Do you maintain a written policy statement that prohibits personal use of vehicles, except commuting, by your employees? See the instructions for vehicles used by corporate officers, directors, or 1% or more owners		
39 Do you treat all use of vehicles by employees as personal use?		
40 Do you provide more than five vehicles to your employees, obtain information from your employees about the use of the vehicles, and retain the information received?		
41 Do you meet the requirements concerning qualified automobile demonstration use?		

Note: If your answer to 37, 38, 39, 40, or 41 is "Yes," do not complete Section B for the covered vehicles.

Part VI Amortization

(a) Description of costs	(b) Date amortization begins	(c) Amortizable amount	(d) Code section	(e) Amortization period or percentage	(f) Amortization for this year
-----------------------------	------------------------------------	------------------------------	------------------------	---	--------------------------------------

42 Amortization of costs that begins during your 2009 tax year:

43 Amortization of costs that began before your 2009 tax year

43

44 Total. Add amounts in column (f). See the instructions for where to report

44

Students . . . committed to improving lives each day

R.A.M.P.S. (*Ramp Access Made Possible by Students*) is a non-profit 501 (c) (3) community service organization that offers students the opportunity to help the less fortunate by paying for and assembling modular wheelchair ramps for disabled and elderly people who are in physical and financial need.

In the program's first year, 2005, three students from one school built three ramps. Fast forward to 2009; 200 students from 20 schools have installed 96 ramps with 2,000 donated hours.

These dedicated students initiate, plan and execute their own fundraising campaigns to pay the cost of the ramps. They are organized into teams of 5 or 6 young men and women. The teams elect their own leader or spokesperson. At this point, they develop their own fundraising plan to raise approximately one third of the cost of the ramp. Student fundraising is accomplished with in-person presentations to local corporations and businesses. Students solicit friends, relatives and neighbors with a brochure highlighting the R.A.M.P.S. program.

An average modular ramp costs \$3,000.00, though the cost varies depending upon the length and complexity of the ramp. Each student team raises \$1,000 for the ramp they plan to install. The other two-thirds of the cost of the ramp are paid with contributions through local charitable organizations, including foundations, corporations and local businesses.

Ramp recipients are pre-qualified as to their need, importance, and financial necessity by local non-profit groups who work with and care for the elderly. For example, in the Richmond area, one local non-profit that works with the elderly and disabled is ElderHomes. Additionally, younger people are also in need of wheel chair ramps, so the local City and County Social Services departments supplement the list with youth and middle-aged potential recipients.

After the ramp parts are delivered to the local warehouse, the students coordinate the day and time to set the ramp with the recipient. The students then meet at the ramp site with their hand tools and assemble the ramp. The ramp is assembled with approximately 300 half-inch nuts, bolts and washers. Upon completion, the ramp recipient is then asked to *test drive* the ramp several times unassisted. There is then telephone follow-up approximately 10 days later to make sure the ramp is functioning well and meeting the needs of the recipient. Once a ramp is no longer needed, the materials are recycled to another needy family in the area.

The R.A.M.P.S. program makes it possible for disabled indigent residents to stay in their home independently. By keeping people in their homes longer, R.A.M.P.S. reduces Medicare/Medicaid program costs. Using MetLife research figures, and assuming 90 ramps used for just one year, the program saves over \$2M in assisted living facility housing costs. The same year in nursing home costs translates to a social cost savings of \$4M. Reality, of course, is somewhere in between these two figures.
