Part II, Line 9 Conservation easements are not reflected in the financial statements. However, they are footnoted in our annual audit as follows: "The organization is involved in receiving donations of conservation easements. A qualified conservation easement is a restriction (that is granted in perpetuity) on the use of the land granted to a qualified charitable donee exclusively for conservation purposes. These financial statements do not reflect their value but approximately 3413.5 acres are currently protected with an appraised value of \$9,704,994

Part V Line 4, The Foundation's Board of Directors adopted an endowment goal of \$10,000 per easement property at inception of the program in 1999. This goal is evaluated with the acceptance of each easement on a case-by-case basis. Stewardship

Part XIV Supplemental information *(continued)*

goals for contiguous properties or small acreage properties adjacent to road access are discounted on a case-by-case basis but not below a minimum of \$5,000 per easement project. If endowment funds are not secured at or before the completion of the transaction, the Foundation has a plan to secure these funds and has a policy committing the funds to this purpose. The Foundation's conservation easements provide guidance for arbitration and violation enforcement. However, should legal enforcement be required, the full Board of Directors will approve the process and budget. Restricted accounts are established for each easement and reflected on our monthly balance sheet and reported to the board. Note. Contribution to an endowment fund is not required from the easement donor. The land gift is the real gift to conservation and stewardship funding is sought from general membership or bequests
