#### SUMMARY OF DIRECT CHARITABLE ACTIVITIES

#### LINE 1: Conservation Forestry Management 2009

The Ross Foundation continued its conservation forestry management program in 2009 by incorporating diverse management techniques which included natural stand management, plantation stand management, hardwood management systems, and unique plant and habitat area management. Conservation forestry objectives are centered on the incorporation of these various management components resulting in stand diversity, plant diversity, and habitat diversity throughout all lands owned and managed by The Ross Foundation as charitable assets.

To accomplish its mission, The Ross Foundation employs a full time staff of professional foresters, biologists, plant ecologists, and technicians to design, implement, and monitor a comprehensive conservation forestry management program.

In 2009, The Ross Foundation incurred \$341,533 in expenses related to salaries and benefits for professional staff directly related to the continuation of its conservation forestry program. Additionally, expenses totaling \$112,598 were incurred on outside contractor services and supplies and operating expenses to accomplish prescribed management treatments for wildlife habitat improvement, stand reforestation and management.

#### LINE 2: Arkansas Flora Project

In conjunction with its Conservation Forestry Management Program, The Ross Foundation maintains a data base of potential habitat sites for the occurrence of endangered, threatened, or rare plant species and highly specialized plant communities. During 2009, The Ross Foundation, in cooperation with botanical experts from the University of Arkansas at Fayetteville and the Arkansas Natural Heritage Commission, conducted seasonal field inventories for the accurate documentation of data concerning the status and distribution of plant species of particular conservation concern. Additionally, voucher specimens were collected for inclusion in the Arkansas Flora Project data base. Expenses related to salaries and benefits for professional staff committed to this project totaled \$26,741.

#### Information for Grant Applicants and Guidelines for Submitting Proposal

#### History

The Ross Foundation began operation in early 1967. It was founded by Esther Ross and her daughter, Jane Ross. Its initial endowment came from the estate of Esther's father and Jane's grandfather, J.G. Clark. From the original core lands used to endow the Ross Foundation, the Foundation has grown to approximately 63,000 acres of land, primarily situated in Clark County and Hot Spring County, Arkansas. These lands are held for conservation and charitable purposes. Through the use of good forest management practices, revenue is produced and used to fund the Foundation's philanthropic program. Through the years, the Ross Foundation has awarded many grants, an amount over \$13,000,000.00. Jane Ross, Robert C. Rhodes and H.W. "Bill" McMillan served as the Foundation's first trustees. The current trustees are: Ross M. Whipple, Chairman; Robert C. Rhodes, Secretary; Peggy Clark; Toney McMillan and Mary Whipple.

#### General Purpose

The Ross Foundation seeks proposals for innovative programs and projects from organizations which can demonstrate tax exempt status under Section 501 (c) (3) or public charity status under Sections 509 (a)(1) or (2) of the Internal Revenue Code. From the Ross Foundation's beginning, it has primarily concentrated its grants in the following areas: education, arts and cultural enrichment, community beautification and improvement, historical preservation, mental health and the developmentally disabled, and forestry research and conservation management. The major focus of the Foundation's philanthropic program has historically been restricted to projects that are located in the Clark County, Arkansas area. Funding is not provided for political lobbying, political advocacy or legislative activities, or grants to individuals. Funding is generally not provided for operating expenses of established agencies, grants to foreign organizations, grants for foreign expenditure, or debt reduction drives.

#### **Application Procedure**

Thank you for your interest in strengthening our community. If you believe that your project or organization meets our guidelines, we invite you to apply for a grant. The application process consists of two steps. The first step is the preparation of a pre-proposal, which may be made at any time during the year. The pre-proposal is reviewed to determine if the proposal is within the area of interest of the Ross Foundation. Pre-proposals consist of information provided on a one-page form that is attached to these guidelines. The pre-proposal form requests general information about the organization applying and a brief description of the proposed project. A letter communicating the pre-proposal should be attached and signed by an official who has the authority to sign contracts for that organization. Pre-proposals are accepted at any time, and the trustees will review the pre-proposals that they have received to date at each monthly board meeting. Normally they will be reviewed by staff and acknowledged within one month, with final approval made by the trustees.

If the project described in the pre-proposal is consistent with the interests of the Ross Foundation Board of Trustees, the applicant will be asked to prepare a full proposal. The trustees of the Ross Foundation consider full proposals and approve grants three times a year.

If the project involves the use of funds from other sources, the source should be identified, and please indicate what percentage of the total funds needed to carry out the project is being requested of the Ross Foundation. The following format would be useful in presenting this information:

A description of major equipment should be attached to the budget sheet.

No changes in the use of approved grant funds or in the direction of the project or program may be made without the Ross Foundation's prior written approval.

#### Monitoring Grants, Payment and Grant Evaluation

The purpose of monitoring is to help the grantee succeed, to help the foundation evaluate the success of the grant and to receive input from the grantee on the project and other projects which might evolve from it. Once grants are approved, the Ross Foundation staff may monitor grants by telephone, correspondence and/or site visits.

Grants may be paid in full or in installments based upon the Acceptance Agreement set up by the Ross Foundation and grantee.

Grantees will be asked to make final reports that comply with the Ross Foundation's reporting guidelines and may be asked to make interim reports if funding is disbursed in installments. Once a project is concluded, grantees are required to evaluate the project in light of its original goals, numbers of people served, outcomes and social impact. We expect grantees to be honest about failures as well as about success. Reporting requirements will be set forth in the Acceptance Agreement set up between the Ross Foundation and grantee.
