Form 990, Part VI, Line 12c	Form 990, Part VI, Line 12c Explanation of Monitoring and Enforcement of Conflicts	The organization has a written conflict of interest policy which serves to assist directors, officers, and employees of the corporation to identify situations that present potential conflicts of interest and to provide a procedure which will allow a transaction which is in the best interest of the corporation to be binding even though a director, officer, or employee may have a conflict of interest in respect to that transaction. The policy is distributed annually at the first meeting of the Board of Directors following the beginning of the corporation's fiscal year. The policy is reviewed during that meeting. Each person serving as a director, officer, or key employee of the corporation is required to annually complete a disclosure form identifying any relationships, positions, or circumstances in which he or she is involved that he or she believes could contribute to a conflict of interest arising. Materials for meetings of the Board of Directors are distributed electronically in advance of the meeting, giving directors, officers, and key employees and opportunity to identify any proposed action in which he or she may have a conflict of interest. Following the call to order at each meeting of the Board of Directors, a request for disclosure of any potential conflict of interest is made. An absence of a declaration of a conflict of interest at that time does not preclude the later announcement of a conflict of interest which is determined by a director, officer, or key employee during the meeting.

The nominations are announced to all members of the corporation 60 days prior to year-end. A form is made available at the principal office of the corporation for write-in nominations. Write-in nominations require the affirmation of three members of the corporation in order to be placed on the ballot. Ballots are required to be mailed to all members of the corporation.
Form 990, Part VI, Line 6	Form 990, Part VI, Line 6 Explanation of Classes of Members or Shareholder	The Amended and Restated Bylaws of the organization provide that membership in the corporation is granted to any person who is an osteopathic physician and who makes an annual financial contribution to the Foundation, or who makes a one-time contribution of at least \$250.

Reason for Public Charity Status Under "Facts and Circumstances Test" as Described in Reg. Sec. 1.170A-9t(f)(3)

For the current tax year (2009) and the four tax years immediately before the current tax year, 73.4% of the organization's total support was received from investment income (dividends and interest) earned from funds the organization invested from the proceeds of the sale of the hospital which it used to operate. The Foundation had accrued contingent liabilities related to prior hospital operations, and because of these liabilities, the funds from the proceeds of the sale were retained to offset those accrued liabilities. The Foundation also receives public support in the form of membership dues, contributions from the public, and fundraising contributions. Over the five-year period in question, these contributions constituted 22.4% of the organization's total support for the period.

As a result of the sale of the hospital operation, which curtailed the Foundation's program service revenue, and the increased investment income due to the holding of funds to offset accrued liabilities, the Foundation did not meet the 33 1/3%-of-support test for its current tax year. However, the public support percentage does exceed 10%, and the Foundation conducts the following activities to attract public support:

1. Annual fundraising event "Winterset", a gala event featuring music, entertainment, guest speakers and a banquet. Proceeds go to supporting scholarship programs of the Foundation.
2. Membership dues from Foundation members, both annual dues and lifetime dues are solicited.
3. Contributions are solicited through the membership, during the fundraising event, and through personal contact for the support of the Foundation's charitable programs (scholarships, educational programs, community grants, and the ECC training center).

The Foundation has continued the following activities related to its exempt purpose:

1. Scholarships and educational stipends to assist osteopathic medical students.
2. Sponsorship of a two-day educational program for all senior residents training in the regional area.
3. Community grants awarded to organizations who share in our mission of providing care to the sick and in the prevention of disease.
4. Operation of an Emergency Cardiovascular Care (ECC) training center. In 2008, over 500 people were trained in basic life support (CPR), advanced cardiac life support, and pediatric advanced life support.

Based on the ongoing efforts to attract public support, the activities conducted in keeping with its exempt purpose; meeting the 10%-of-support test; and because the Foundation plans to devote more of its assets to charitable expenditures in the future (which will reduce the amount of investment income), the organization meets the "facts and circumstances test" and is classified as publicly supported for the current tax year.

Reason for Public Charity Status

Osteopathic Founders Foundation is recognized as an organization described in Code Sec. 501(c)(3). It was created to support osteopathic medical education, to enhance the public's understanding of osteopathic medicine, and to improve the health of the community through projects consistent with the osteopathic philosophy.

Previously, as part of its exempt activities, the Foundation operated a hospital, which was sold in 1996. Because of the hospital operations, the Foundation received a significant amount of its support in the form of program service revenue, and was classified as a public charity because it normally received (1) more than 33 1/3% of its support from contributions, membership fees, and gross receipts from activities related to its exempt functions, and (2) no more than 33 1/3% of its support from gross investment income. See section 509(a)(2).

As a result of the sale of the hospital, the Foundation no longer receives the majority of its support from program service revenue. As described in more detail in the "facts and circumstances test", the Foundation has continued its charitable activities and maintains an active and ongoing program of solicitation of public support.

Due to this, the organization now qualifies as a public charity because it receives a substantial part of its support from the general public described in section 170(b)(1)(A)(iv). Accordingly, the Foundation has completed Part II of Schedule A.
