The compensation for the top management official of the Bookstore, the General Manager, as well as the departmental management is determined and ordered by the Board of Directors of the Bookstore. The process of this compensation evaluation involves comparisons with compensation schedules from across the university bookstore industry, using metrics such as store volume, similar organizational structures, length of service, educational backgrounds, type of parent institution, etc. Data is compared from over 1000 college stores in this evaluation. Data sources such as the National Association of College Stores, National Association of College Auxiliary Services, Large Store Group of the National Association of College Stores, and the Independent College Stores Association are used in this analysis. Besides national data, locally produced data is used such as sales and profit production of the store, yearly evaluation documents, employee satisfaction surveys, and performance against set goals from the prior year.
