the Grants Manager verifies the recommended grantee entity is a legitimate 501(c)(3) organization, and reviews the request to ensure it is not contrary to public good. All grants are subsequently approved for disbursement by the Executive Committee of the Foundation. At the next scheduled board meeting, the full Board of Directors votes to ratify the grants. The grant status is monitored by the staff of the Foundation until completion of the designated purpose.

**Program/Discretionary Grants**

The Foundation's grant programs will be offered from time to time as directed by the committees charged to operate such programs. For each such program, the respective committee will determine the mission and purpose of the program, set criteria for the awarding of grants, set a schedule for the application for and awarding of grants, ensure the dissemination of the criteria and schedule to likely grantees, review applications, conduct meetings and site visits with prospective grantees as needed, award grants, and evaluate each grant as appropriate.

The Foundation will not make grants to organizations that directly or indirectly promote or engage in violence, terrorism, bigotry or the destruction of any state.

The specific information required to be submitted by grantees will be determined by the committees responsible for each grant program.

Typically, grant proposals will be submitted through a grant application tailored for such program. No grant application will be reviewed unless submitted on the appropriate form with all questions answered and the form signed by an authorized representative of the applicant organization.

**Part IV Supplemental Information**

If application information is substantially complete and is submitted by the application deadline, staff members may attempt to obtain any missing information by contacting the applicant. If the applicant is contacted but does not supply the needed information by the date needed, the application will be deemed incomplete and eliminated from consideration by the committee.

Basic information to be submitted in addition to the application or letter of intent should include:

Detailed project budget- including all sources of revenue and the projected use of Community Foundation funds;

Last two (2) years of financial statements, annual reports, audits or tax returns, or statement of financial position. If using a fiscal agent, the organization must submit their financial information as well;

Timeline for accomplishing the goals and objectives outlined in the application;

List of officers, directors and staff for the organization;

§01(c)(3) letter.

Procedure for Termination:

Efforts are to be made by staff to help grantees avoid grant cancellation/termination situations. Staff is encouraged to assist a grantee in developing budget, workplan and project/program modifications if such modifications will increase the probable success of the funded activities. Staff is also encouraged to assist a grantee in developing a plan to satisfy grant conditions or to refer the grantee to appropriate

**Part IV Supplemental Information**

technical assistance regarding a problem which occurs with their program/project.

If the grantee does not indicate a willingness or ability to move forward with a funded project or to address a problem which will significantly jeopardize the likelihood of the funded project's success after attempts are made by staff to address the concerns, the following procedure should be followed to cancel or terminate a grant award:

1.Upon approval of the Director of Grants and Initiatives or staff equivalent and the Advisory Committee Chair, the Grants and Initiatives Officer should notify grantee by certified mail that the grant has been cancelled/terminated, and should request return of unused grant funds within ten days of receipt of the letter.

2.If the grantee does not return the funds, the Grants and Initiatives Officer should consult the Director of Grants and Initiatives or staff equivalent, the Advisory Committee Chair and Community Foundation legal counsel regarding further action. No additional grants from discretionary or field of interest funds may be awarded to the grantee organization until a satisfactory resolution to the matter of outstanding funds has been achieved.

3.The Grants and Initiatives Officer will report grant cancellation/termination to the appropriate advisory committee at its next regular meeting.

Management of Misappropriated Grant Funds

Occasionally there may be indications that grant funds have not been

**Part IV Supplemental Information**

utilized for the approved purpose by a grantee of the Community Foundation of Greater Memphis. The following procedure outlines steps that can be taken to investigate and/or remedy a misappropriation of grant funds situation:

1. Community Foundation staff may ask the grantee to respond in writing to questions regarding the possible misappropriation and/or conduct a site visit with the grantee to discuss the possible misappropriation. Staff may want to initially telephone the grantee if it appears an informal approach may clear up the situation and promote goodwill between the Community Foundation and the grantee.

2. If the explanation is satisfactory, two things may happen:

a) The explanation will be documented in the grantee file and the issue will be closed;

b) Staff may decide it is appropriate for the grantee to apply for an amendment to their grant contract (please see Amending Community Foundation Grants policy) and encourage the grantee organization to do so.

3. If the explanation is not satisfactory, the following options are available:

a) Upon the discovery that grant funds were spent on activities or materials not agreed to in the grant award contract, the Community Foundation may ask for a partial or complete return of grant funds;

**Part IV Supplemental Information**

- b) Alternatively, the grantee may be asked to complete the contract agreement without any additional funding from the Community Foundation;
- c) If the grantee fails to follow through on option a or b:
- 1) The grant should be cancelled per the Grant Cancellation/Termination Policy;
  - 2) No further awards will be made to the grantee organization from discretionary or field of interest funds until option a or b is satisfied or until the grantee organization has dealt with the misappropriation by adopting policies, taking disciplinary actions, restructuring the organization, and/or addressing some key issues. In order for future grant awards to be considered, Community Foundation staff must be certain that the grantee organization fully understands the terms and conditions of foundation grant awards, has acknowledged the misappropriation, and has taken the appropriate actions to address the issues/situations that allowed the misappropriation to occur;
  - 3) If the amount of money or the nature of the misappropriation warrants, the Community Foundation can take legal action to recoup the misappropriated funds.

**Sunset Provisions for Grants & Initiatives Committees**

Every five years each committee that is part of the Grants & Initiatives process will review its mission, criteria and purpose. Part of the evaluation will include reviewing the committee work as it fits into the

**Part IV Supplemental Information**

Foundation's current strategic plan. The committee will also consider whether it should continue as is, change or stop. The committee will be charged with completing this review and presenting their findings to G&I for approval and ultimately approval by the Board of Governors.

**Scholarships**

Scholarships are monitored in the following manner. The process of administering Scholarship begins with the initial establishment of the fund. The Community Foundation of Greater Memphis administers a variety of scholarship funds. In many cases these funds have been designed to honor or memorialize citizens from our community. In all cases the funds provide opportunities for students to further their education. A scholarship fund must be endowed with a minimum balance of \$25,000, with three years to reach this minimum.

The donor usually determines the purpose of the scholarship fund when it is created. Once a donor determines who is eligible to apply, they must identify how the scholarship recipients will be chosen from the pool of eligible applicants. Depending on the purpose of the scholarship, certain selection criteria are usually considered in evaluating applicants, such as

1. Academic performance and ability to succeed;
2. Extra-curricular activities indicate the student's involvement, socialization and
- Community service;
3. Letters of reference show how others view student's strengths and

**Part IV Supplemental Information**

weaknesses;

4. Volunteer or work experience could illuminate that the student has some experience in his/her chosen career field;

5. Clearly stated career and educational goals will show the student's ability to set goals and objectives for his/her future;

6. Unusual circumstances identify any family problems, personal or financial, which may warrant further consideration.

7. Financial need is demonstrated in the Student Activity Report (SAR), which is the information the student receives when they apply for financial aid through the Free Application for Federal Student Aid (FAFSA).

Reviewing Applicants

Once the criteria have been established, donors must select a review committee. Objectivity is the goal in all cases. Thus individuals from different sectors of the community are utilized to achieve objectivity and provide wider dissemination of information about scholarships. In some cases, committee composition is specified in the agreement establishing the scholarship fund. Representatives from specific organizations might be named. Donors or family members may serve as advisors to the scholarship fund, but non-family members must make up the majority of the committee. While committees can function well without members representing the field of education, it is encouraged to include one member (or non-voting advisor) who has experience with issues related to college admissions or financial aid. All scholarship funds are welcome to use the scholarship fund advisory committee the Community Foundation has appointed.
