Part X	Description of Uncertain Tax Positions Under FIN 48	The University adopted ASC 740, Accounting for Uncertainty in Income Taxes (Prior authoritative literature FIN 48), which became effective for years beginning after December 15, 2008, related to accounting for uncertainty in income taxes. The pronouncement requires that the University recognize in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the position. The pronouncement also provides guidance on measurement, classification, interest and penalties and disclosure. Tax positions taken related to the University's status and state taxes have been reviewed, and management is of the opinion that material positions taken by the University would more likely than not be sustained by examination. Accordingly, the University has not recorded an income tax liability for uncertain tax benefits. As of May 31, 2010, the University's tax years 2006 to 2009 remain subject to examination.
