You MUST attach the following attachments in support of your application:

A. A summary of how you propose to use the grant that you are requesting. This summary must include

- How you will target high-problem areas and medium and large dogs which produce the largest litters,
- How people will obtain applications and vouchers;
- Your understanding of who may receive assistance from the DJ&T grant

No one other than the grantee may issue vouchers

B. Clinic Grant:

1) Clinics must provide their fee schedule for dog spay/neuter surgeries. Please provide complete information on your prices to the public by weight and gender, including additional fees (if applicable) for complications such as in heat, pregnancy and cryptorchid.

2) In addition, you must attach an itemized list of the items you are requesting, with the cost per item, the quantity, and the total cost for each item. Total up the items and place the total at end of list. This is the amount of your clinic grant for equipment and supplies.

Attach copies of catalogue pages, if available, in the same sequence as the itemized list, for every item. You may apply for consumables, but we do not need to see a catalogue page for any consumables. If there is more than one item on the catalogue page, please clearly indicate which item(s) you are requesting. If ordering cages, you must indicate the size and number.

NOTE: Please see Sample Clinic Grant Budget, below.

All items paid for by the DJ&T Foundation must be ordered by the grantee.

Provide a list of all vendor contact information (phone numbers, e-mail addresses, and the vendor representative) for all items. If you are requesting something other than equipment in your grant, please explain in detail.

SNAP Grant:

This is a reimbursement grant. Provide as a separate attachment veterinarian prices for total cost of spay/neuter surgery by weight and gender. List any additional fees which may be charged to the client, such as: office visit, examination, lab work, pain medications, antibiotics, vaccinations, in heat, pregnant, or cryptorchid, etc. We need this information for every veterinarian you plan to use in the program.

A SNAP grant may be used with participating veterinarians as well as in the organization's own spay/neuter clinic. SNAP grants may be applied for more

than once a year SNAP grants must be used within one year of the date of the contract Unused grants will revert back to the DJ&T Foundation
