Part V, Line 4	Description of Intended Use of Endowment Funds	The College's policy for distributing endowment fund earnings is based on the need to support its various programs and maintenance of facilities. Whether any distributions are made from endowment funds is decided annually by the Board of Trustees in conjunction with the College's annual operating budget. Accordingly, over the long term, the College expects the current spending policy to allow its endowment to grow at a rate that exceeds the rate of inflation. This is consistent with the College's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. The current Investment Policy has a spending policy of 4% per annum, based on an historical three-year moving average of the donor restricted endowment fund market value on June 30. No distributions will be made which result in the market value of the donor restricted endowment to fall below the original corpus. In addition, the Board of Trustees has determined that no fund will be withdrawn from the board-designated endowment.
Part X	Description of Uncertain Tax Positions Under FIN 48	The College is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes pursuant to Section 501(a) of the Internal Revenue Code. The College has been classified as a publicly-supported organization that is not a private foundation under Section 509(a) of the Code. When income tax returns are filed, some tax positions taken are highly certain to be sustained upon examination by the taxing authorities, while other tax positions are subject to uncertainty about the technical merits of the position or the amount of the position's tax benefit that would be ultimately sustained. The benefit of an uncertain tax position may be recognized in the financial statements only if it is more likely than not that the tax position will be sustained, based on its technical merits, upon examination, including the resolution of appeals or litigation processes, if any. The amount of the tax benefit recognized is measured as the largest amount that is determined to have a greater than 50% likelihood of being realized upon ultimate settlement. The portion of the benefits associated with tax positions taken that exceeds the amount measured as previously described is reflected as a liability for unrecognized tax benefits in the accompanying statement of financial position and includes, where applicable, accrued interest and/or penalties attributable to the unrecognized tax benefits. Interest and penalties associated with unrecognized tax benefits are classified as additional income taxes in the statement of activities. Forms 990 filed by the College are subject to examination by the Internal Revenue Service up to three years from the extended due date of each return. Forms 990 filed by the College are no longer subject to examination for the fiscal years ended June 30, 2006, and prior.
