Part X	Description of Uncertain Tax Positions Under FIN 48	The System adopted the standard for accounting for uncertainty in income taxes recognized in a company's financial statements that prescribes a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold has not been met. The standard also provides guidance on derecognition, classification, interest and penalties, accounting for interim periods, and disclosure. Management has determined that the adoption of the standard did not have a material effect on the consolidated financial statements. The System's tax returns for the years ended June 30, 2009, 2008 and 2007, remain subject to examination by the Internal Revenue Service and state agencies.
