ASSET DETAIL

The Estimated Annualized Income ("EAI") for certain securities could include a return of principal or capital gains, in which case EAI depicted on this account statement would be overstated. EAI is only an estimate of income generated by the investment and the actual income may be higher or lower. In the event the investment matures, is sold or called, the full EAI may not be realized.

* The Unrealized Gain/Loss may not reflect your investments' total return. Specifically, the net cost may include dividend and capital gains distributions which have been reinvested. Additionally, the information that appears in these columns may be based on information provided by you or at your direction. RBC has not verified such data.
