Part X	Description of Uncertain Tax Positions Under FIN 48	The FASB issued new guidance on accounting for uncertainty in income taxes. The Association adopted this new guidance effective July 1, 2009. Management of the Association is required to determine whether a tax position of the Association is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Management of the Association is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months. However, management's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, new tax laws, regulations, and administrative interpretations (including relevant court decisions). The Association's federal tax returns for the prior three fiscal years remain subject to examination by the Internal Revenue Service.
