		Part X Effective July 1, 2009, the Organization has adopted the guidance for accounting for uncertainties in income taxes which is part of Accounting Standards Codification (ASC) 740-10. This guidance increases the relevancy and comparability of financial reporting by clarifying the way organizations account for uncertainties in income taxes for tax positions taken or expected to be taken. It makes recognition and measurement more consistent as well as offering clear criteria for subsequently recognizing, derecognizing and measuring such tax positions for financial statement purposes. This adoption had no impact on the Organization's financial position, results of activities or cash flows.
