Part III, Line 4 a) The cost to charge ratio was calculated on IRS Worksheet 2 for the fiscal year ending 6/30/2010 b) The amount on Line 3 of \$65,235 is 30 percent of Bad Debt Expense. This number is based on a detailed review of the accounts that are currently listed with Accounts Management, Inc. Upon reviewing each household account that is at AMI, it was found that about 30 percent of the outstanding balances may have been eligible under the facility's charity care policy. Since we are in a small community, we were able to identify which accounts may have qualified for charity care because of Low Income or some known hardship to the household. Also for this review process, any families with prior applications for charity care were given consideration when reviewing the AMI accounts c) Payments received on an account that has been written off result in a reversal of the write-off and application of the payment to the patient account. Accounts Management Inc would be notified of payment to allow them to properly update their records d) Footnote From Financial Statement. The carrying amount of patient and resident receivables is reduced by a valuation allowance that reflects management's estimate of amounts that will not be collected from patients, residents and third-party payors. Management reviews patient and resident receivables by payor class and applies percentages to determine estimated amounts that will not be collected from third parties under contractual agreements and amounts that will not be collected from patients and residents due to bad debts. Management considers historical write off and recovery information in determining the estimated bad debt provision. Management also reviews accounts to determine if classification as charity care is appropriate.

Form 990 Schedule H, Part VI - Supplemental Information, Line 1

Part III, Line 8 Medicare allowable cost of care was calculated from the medicare cost report for the fiscal year ending 6/30/2010

Form 990 Schedule H, Part VI - Supplemental Information, Line 1

Part III, Line 9b Statements are sent out on a monthly basis. If the patient has made no payment after receiving the third statement, a series of collection letters will be sent. The first collection letter is sent 30 days after the last statement, the 2nd letter is sent thirty days later if no payment is received, and the final letter is sent thirty days later if again no payment is received. If no payment has been received after the three collection letters, the account is turned over to Accounts Management for collection. AMI will proceed with their formal collection process. We write-off as bad debt after AMI confirms to us that they have exhausted all options. All account collections are treated the same, and the policy does not outline any provisions for the collection practices to be followed for patients who are known to qualify for charity care or financial assistance.
