Identifier	Return Reference	Explanation
	Part I, Line 1b	Written policies for payment or reimbursement or provision of expenses for items checked in 1a. The university has established written policies and procedures governing the travel and business expenses. The policies and procedures include requirements to meet the IRS accountable plan rules. It is the responsibility of the officers, directors, trustees and key employees to comply with the written policies and procedures and to exercise good judgment in determining the business purpose. There are no written procedures for the provision of the president's housing and related personal services, however, the provisions are included in the employment agreement with the president. The president's residence is on campus, it is included in his employment agreement that he will live there, so is exempt from taxation under IRC 119. Personal services related to the president's residence are treated as taxable compensation and include on the Form W-2. Gross up payments are sometimes provided under employment agreements. Gross up payments are rare.
	Part I, Line 4a	Part I, Line 4b Payee Non-Qualified Plan ----- Edward D. Miller, Jr. \$241,588 Jerome D. Schnydmann \$11,863 Scott Zeger \$12,447 Lawrence Kilduff \$5,985 Michael Klag \$86,284 ** NOTE #1 ** The above-listed amounts are reported in Box #11 of Form W-2 as non-qualified plan compensation for the individual. ** NOTE #2 ** All Officers, Key Employees and Highly Compensated Employees listed on the Part VII, Section A, are participants in the 457(f) Non-Qualified Plan. ** NOTE #3 ** The below-listed amounts are compensation amounts related to certain individuals that are participants in an individual 457(f) Non-Qualified Plan ----- Payee Special Deferred Comp ----- Michael Eicher \$32,000 Charlene Hayes \$12,000 Edward Miller, Jr. \$148,968
	Part I, Line 7	Description of non-fixed payments. The School of Medicine offers performance supplements for clinical faculty, departmental chairs, and vice deans. Performance supplements are recommended by the Dean of the School of Medicine and approved by the President of the University. Performance supplements are fixed incentive opportunities tied to performance of departmental, institutional and discretionary goals. Performance indicators measure budgetary, safety, and service excellence performance.
Supplemental Information	Part III	Informational. Edward Miller, Jr. received compensation of \$525,327 paid by Johns Hopkins Health System. This amount reported is from the individual's 2009 W-2 (box #5). William R. Brody retired as President of The Johns Hopkins University on January 2, 2009, after 12-plus years. As the Chairman of the Executive Committee of Johns Hopkins Medicine, Dr. Brody also had responsibilities with respect to The Johns Hopkins Hospital and The Johns Hopkins Health System. Upon completion of his employment term in early 2009, Dr. Brody became vested in the amount of \$3,368,912 under the terms of his employment agreement. This amount was included in Dr. Brody's taxable income for 2009, and the University withheld taxes from this amount in 2009. The net amount after taxes is payable over seven years in annual installments, with the first annual installment of \$222,703 being paid in 2009. The reported amount is the result of restructuring the University's contractual obligation to President Brody, including renegotiation of the faculty tenure guaranteed to President Brody in his initial employment agreement in 1996. From the University's perspective, these amendments reduced the University's obligations and were more favorable to the University than Dr. Brody's original 1996 agreement. The "other reportable compensation" on Schedule J for Dr. Brody includes \$447,896, which is the value of the University's waiver of President Brody's contractual obligation to repay the cash surrender value of a life insurance policy for which the University had paid the premiums over his 12-plus years as President. Under the terms of the 2008 employment agreement, Dr. Brody is obligated to provide consulting services (without additional compensation) for the four-year period from 2009-2012.

		Schedule K, Part I reporting approach for the tax-exempt commercial paper program information All tax-exempt debt is issued through Maryland Health and Higher Education Facilities Authority (MHHEFA) The University uses the proceeds from issuance of commercial paper notes to fund purchases of capital equipment, library books and information technology assets, and to fund minor capital renovations The notes in each series are issued in tranches Each tranche is comprised of issues which are segregated by the aforementioned four asset types Weighted average life calculations are prepared for each issue within a tranche, resulting in unique maturity dates for each issue within a tranche While a separate Form 8038 is prepared for each issue within a commercial paper tranche, Schedule K instructions permit information to be combined for series that are issued at substantially the same time Since this is the case for the University's commercial paper issuances that are issued as one tranche, all issues for an individual tranche are combined and reported at the tranche level for part I of Schedule K Issue prices for all issues that are still outstanding within a tranche are combined and reported in total Combined data is also reported in parts II, III and IV to Schedule K The aggregation of data for the commercial paper at the tranche level results in differences that are de minimis for Schedule K reporting purposes from what would result from reporting at the Form 8038 issue level In accordance with the instructions, only tranches issued after December 31, 2002 are listed on Schedule K The financial market approach to CUSIP numbers for commercial paper notes is different than those issued for MHHEFA Bonds At each remarketing date for the commercial paper notes, a new CUSIP number is issued for the amounts remarketed Since tranches can be combined and remarketed together, an individual bond CUSIP number cannot be identified back to the original tranche and issue This is different from MHHEFA bonds that have CUSIP numbers that remain constant throughout the life of the bonds In accordance with the instructions to Schedule K, the CUSIP numbers from the Form 8038s prepared at issuance are used in part I Unlike the MHHEFA bonds, no issuance costs are paid from commercial paper notes proceeds (as evidenced on the Form 8038s), accordingly, there are no amounts to be reported in Part II for bond issue costs
