Part II, Line 17a - 10% Facts and Circumstances Test - 2009

The Organization received a substantial amount of its support during 2009 and 2008 from contributions made directly or indirectly by the general public. The Organization was established in 1963 and has a long history of broad support from the general public and receives significantly in excess of 10% of its support from these public sources. It has a continuous and bone fide program for soliciting funds from the general public. During 2008 the Organization had to cancel one of its fund raising events and experienced a decline in its fund raising due to general economic conditions. During this time the Organization continued to perform its charitable purpose by providing scholarships, internships and educational assistance for college students. The fund raising decline continued into 2009. We believe public support will increase as economic conditions improve and in future years fund raising will return to normal levels.
