		See Schedule O Renown Health X-Ray and Imaging Renown Health X-Ray and Imaging is northern Nevada's leading provider of diagnostic imaging services, offering nine locations throughout the region With excellent customer service and some of the area's most advanced diagnostic and treatment imaging technology, Renown Health X-Ray and Imaging supports well informed treatment decisions and improved patient outcomes These diagnostic-imaging services would otherwise not be available to the community Renown Imaging staff are present at many of the community health fairs, providing educational information to patients about imaging services available to them right here in Northern Nevada Renown offers Nevada's only screening breast ultrasound This exam allows women with dense breast tissue to get a much more comprehensive examination than from mammography alone, which is not as accurate for dense breast tissue So far over 72 women have availed themselves of this service X-Ray and Imaging offers High-field Open MRI, a more comfortable alternative for children, larger or obese patients or patients who have claustrophobia Renown also offers a 64-Slice CT scanner Using the 64-slice CT scanner, doctors are able to non-invasively capture images of the heart and coronaries in fewer than five heartbeats Exclusively in northern Nevada, Renown Health has biplane angiography technology, which allows the highly skilled radiologists of Reno Radiological Associates to see three-dimensional images of the brain and provide minimally invasive treatment for stroke victims Renown Health also offers clinical programs related to our X-ray and Imaging services that benefit the community In the fall of 2010, Renown offered low-cost mammogram screenings for any uninsured women During 2010, Renown Health participated in the American College of Radiology Imaging Network's Lung Cancer Study ACRIN, a cooperative group funded by the National Cancer Institute, initiated the study to find better ways to follow lung cancer using standard uptake values produced from PET/CT data By participating in the study, Renown Health provides opportunities to improve the diagnosis and treatment of cancer in our community ACRIN's recommendations that evolved from this study are rigorously adhered to in Renown's low-dose Lung Screening program Renown Health participates with the National Oncologic PET Registry and the American College of Radiology to perform PET scans not typically covered by Medicare This project helps collect data that shows a benefit for the PET/CT in a host of tumor sites and indications not previously reimbursed by CMS among participating facilities in exchange for information about how PET scans affect cancer patients' care management The hope is that the information helps improve the diagnosis and treatment of cancer in our community by helping to change the national standard on what types of cancerous tumors will be covered by CMS in the future The Pregnancy Center Renown provides prenatal care to any expectant mother who seeks it and is the birthplace of two-thirds of all babies born in the area The Pregnancy Center has demonstrated that accessible, prenatal care where high-risk pregnancies are monitored and treated improves outcomes and reduces costs for the community The Pregnancy Center provides prenatal care to patients who otherwise would not be able to secure this care These patients, who live in Reno, Sparks and surrounding communities, are underinsured or have no insurance The Pregnancy Center gives expectant moms a program that includes prenatal visits with a physician or nurse practitioners, laboratory testing and other required services, the baby's birth at Renown Regional Medical Center and a newborn visit at the hospital from the baby's pediatrician Cultural and linguistic competence is a priority for the staff working at the center More than half of patients 56 percent are Hispanic, and many speak predominantly Spanish Of Pregnancy Center staff members, 70 percent have some skills in Spanish, and 60 percent are bilingual Fifty percent of patients are Medicaid beneficiaries, and almost a third of patients are indigent No patient is denied service based on inability to make payment In fiscal year 2010, The Pregnancy Center had 27,280 prenatal visits, 2,396 post partum visits, delivered 2,197 babies, and provided 2,834 well-baby checkups at the Newborn Care Center In serving the needs of our patient population at The Pregnancy Center, Renown partners with not-for-profit partners who also provide support to young indigent mothers We are a member of the Washoe County Department of Public Health's Maternal/Child Consortium, which includes all the agencies serving women and children in the region We also partner with the state's Tobacco Free Babies Project and have an in-house consultant from the project who works with our mothers The Pregnancy Center also partners with a variety of community organizations to coordinate care for pregnant teens, including * Step2, a comprehensive residential and outpatient treatment program for women and their children suffering from chemical addiction, poverty and domestic violence The program provides integrated treatment services and skills training, including housing, child care, family management, transportation, employment counseling, and healthy living * The Health Access Washoe County Community Health Center (HAWC) provides medical and dental care on a sliding fee scale to low-income and uninsured children
